A RECIPE FOR WISDOM

Lord Bacon was described even by a bitter enemy as "the wisest of mankind"

The great essayist then mentions the uses of various books

A little reflection shows why this is so

Now, history is nothing but the recorded memory of the race

The easiest way to acquire a taste for historical reading is by the biographical approach

In accordance with the foregoing views we shall continue from time to time to print "Glimpses of Japanese History"

To those of the second-generation who honestly confess to a distaste of history

PENRYN ORATORY
