The Japanese American News THE LARGEST JAPANESE NEWSPAPER PUBLISHED OUTSIDE OF JAPAN

ROUND THE WORLD

JAPAN

(Editor's Note: Fletcher S. Brockman has sent one of his San Francisco friends such a remarkable account of John R. Mott's recent visit to Japan that we take pleasure in reprinting it serially).

II

Here are some of the events which followed within the next few days, most any one of which would have made this visit notable: a luncheon by His Highness Prince Tokugawa, at which the guests were the outstanding leaders of the House of Peers and the Imperial Diet, at which Mott spoke with fullness on the most vital applications of the Christian gospel; luncheon by Baron and Baroness Shidehara in the official residence of the Foreign Office; dinner at which were present all of the higher officials of the Imperial Household; audience with His Imperial Highness the Prince Regent, at which Mott presented to His Highness specially and handsomely bound copies of the Bible, the works of Shakespeare, and the Oxford Dictionary, as the three greatest works in the English language, which were received with every mark of appreciation; dinner in the home of Viscount Goto, the guests consisting largely of leading bankers, industrial and commercial leaders, including the heads of the great commercial families such as the Mitsui, a function four hours long and affording not only time for an address by Mott but for intimate conversation following up impressions; a notable address on pronouncedly

LIN' O' TYPE OR TWO

Mars Dry as Sahara Desert?

A spectrum study of Mars reveals half the planet as dry as the Sahara desert, according to the Astrophysical Journal at hand a few days ago.

Japanese Veteran Perfects Wooden Leg and Hand:

An artificial hand and foot can function efficiently have been invented by Masanori Watanabe, a disabled veteran at the Sugamo Hospital according to a recent report from Tokyo.

Christian lines before the exclusive Nippon Club, the members of which include heads of the world-wide shipping, mining, railway, and other great financial interests of the nation.

Tokyo has become the greatest student center in the world. Mott did not fail to bring his message to the students as leaders of the new generation. On Sunday afternoon a carefully selected audience of three thousand students and professors from twenty-two universities and colleges assembled in the new auditorium of the National Young Men's Association to hear him speak on Jesus Christ. The address made a profound impression. It was published in full in both the daily and weekly editions of the semi-official newspaper, the Japan Times and Mail, thus reaching the vast reading public throughout the nation. (To be continued)

Famous Jujutsu Promoters Here

In order to introduce the art of jujutsu and demonstrate its value in physical development, two famous jujutsu masters are here to start on a lecture tour. They are Dr. Okada and Mr. Shinmen, very prominent citizens of Tokyo.

Dr. Okada being a graduate of an American college, is known in the United States as well as in Japan. He is about to attend a convention of dentists to be held in the East, and takes this opportunity to introduce to his American friends the famous jujutsu master, Mr. Shinmen. Dr. Okada holds the third degree in jujutsu, and is an ardent promoter of physical education.

Mr. Shinmen is an expert of the fifth degree, which is the highest rank one can possibly obtain in jujutsu. He will lecture on the relation of this art to physical culture, principally in an endeavor to emphasize its value and thus extend its use.

Oakland M. E. Church Quartet to Broadcast

The Oakland Japanese M. E. Church quartet will broadcast on the international program Monday night, April 12, at eight o'clock, from the K. G. O. broadcasting station in Oakland.

Stockton Indoor Circus

The "Eagles' Exposition and Indoor Circus" will be featured in Stockton next Monday, April 12. Included among the features will be Cameron and Eddie, "two of the country's strongest men, who will perform amazing feats of strength." A thirty-five-piece orchestra, together with an exhibition by the Western Union Telegraph Company, and vaudeville numbers are also included in the program.

FLATTERY

By Brownie Furutani "Come here," the bold teacher said And I scratched my shaggy head: "Hands down," the tall teacher said, "And I felt like a shy maid; "What's the news?" she strictly said, "And it made my face all red; "Dear-t-t-teacher," I answered her, "With my voice in a falter, "We just said y-you were so dear, "With your s-soft b-blue eyes so clear, "We s-said y-you b-bright golden hair "Was the f-fairest of t-the f-fair." The teacher began to blush, "And her voice was in hush, "You-you may sit down," she said, "And my flattering surely paid. —Exchange.

Ornithologists from Japan

In addition to an immense cargo and numerous important passengers, the Taiyo Maru's final trip for the T. K. K. brought here on Monday, April 5, three noted ornithologists from Japan, Mrs. A. Sugimoto, Mr. E. Inaba and Mr. E. Chishi.

They are making a trip to the United States and Europe to study principally small birds, with a view to importing some of them to Japan. They are bringing over with them four very rare Japanese nightingales, known in Japan as the Bush Warbler. Small birds are very popular in Japan, and some of the rare ones can be found only in homes of the wealthy, costing sometimes as much as 10,000 yen a pair.

Japan's Wealth Estimated at 6,000,000,000 Yen

The wealth of the Japanese Empire, as estimated at the end of February last year, was 6,343,683,000 yen, according to a statement made to the Japanese Diet recently by a financial expert of the government.

"TOFU" POPULAR IN HAWAII

M. B. Bairos, food commissioner of Hawaii, reported recently that tofu, or Japanese bean curd, is becoming popular among Hawaiians. It is not only relished by Japanese but also by Chinese, Koreans, and other Asiatics in the Territory.

According to Bairos's report 2,572 pounds of tofu are manufactured daily in Honolulu, requiring 849 pounds of soy beans. In Honolulu alone there are 27 shops making tofu. These little factories are generally well constructed, having good concrete floors properly curbed and drained.

Bairos further reports that "tofu, like many Oriental foods, generally is not relished when eaten for the first time, but with a little perseverance a liking can be acquired or at least it may be tolerated in combination with other foods. Tofu is a very important food in China and Japan and when eaten with rice, the staple food of these people, makes a fairly well balanced dietary. In food constituents, tofu is in some respects much like milk, containing water, proteins, fats and carbohydrates in similar proportion."

4,000,000 CHILDREN SUBSCRIBE TO RESTORE HISTORIC FRIGATE

According to a report made recently by the Boston Navy Yard to Secretary Curtis D. Wilbur, of the U. S. Navy, a total of 4,209,000 school children have subscribed to the fund for restoring the old frigate Constitution. The work will cost approximately half a million dollars. Subscriptions now aggregate \$200,000.

Secretary Wilbur has received requests from many ports that the ship be routed their way when she makes a patriotic pilgrimage after reconstruction.

CELEBRATION OF NEW SCHOOL

Following the completion of the \$80,000 building of the new Kinmon Gakuen, a Japanese language school on Bush Street, a celebration will take place on Sunday afternoon, April 11, at 1:30 o'clock. This new building is spacious and is equipped with every modern convenience, thus making it the pride of the Japanese community.

The exercises will be led by Mr. D. Aoki of the school, and the tentative program will include the following: The American Anthem, sung by all, followed by the opening address by Mr. Suzuki, the principal of the school. A report of the building will be given by Mr. K. Kojima. A congratulatory address by Consul-General Taketomi will follow a song by girl students.

Then comes an address by Mr. H. Soejima, head of the Language School Federation. Songs rendered by kindergarten and boy pupils will precede the congratulatory address of Mr. T. Abe, president of the New World News. Recitations and songs by pupils will be followed by another congratulatory address, from Mr. K. Abiko, president of the Japanese American News. Messrs. R. Ninomiya of the San Francisco Japanese Association, T. Takimoto, general secretary of the Japanese Association of America, Mrs. Hori, representing the mothers' society and S. Beppu, representing parents' associations, will also speak. After songs and a speech by Mr. R. Koba as representing the supporting members, the affair will be concluded by the song, "Our Father and Mother."

In commemoration of this occasion, photographs will be taken before the visits to the classrooms and the other parts of building.

B. A. Tennis Team

The Blazing Arrows tennis team is making remarkable progress in the tournament, with Mr. Sumiyo Miyamoto and Mr. Shuichi Miho as the leading candidates on the first team.
