Oakland Girls to Present Entertainment

Contributed

The Japanese Y. W. C. A. of Oakland will give a benefit entertainment at the Oakland Y. W. C. A. Building, 1515 Webster Street, on Saturday evening, April 24, at 7:30. They will be assisted by The Triple O Society of Oakland and The R for S girls.

Social Note

About twenty Berkeley Fellowship members enjoyed a social evening together on Saturday, April 3, at Dr. Chamberlain's home. The unique feature of the entertainment was sprung early, when Mrs. Chamberlain examined the college students' mental capacity by her intelligence test.

The honor accorded to Miss Yamamoto is not only a testimony to her ability but also a manifestation of the democratic spirit of the American girls attending the Older Girls' Conference.

The games played and the refreshments served were all excellent. Upon leaving, the president presented a picture as a token of appreciation for Dr. and Mrs. Chamberlain's long friendship with the Fellowship.

ROUND THE WORLD

DAVIS

The other day the Globetrotter visited this pleasant town, which is chiefly notable as the seat of the agricultural college of the University of California. A short time ago he had occasion to visit the Oregon Agricultural College at Corvallis.

The northern district federation of women's clubs was in session on the occasion of this visit, and an amusing incident occurred. A gentleman was present to urge all the ladies to help the men get back from the federal government a hundred million dollars supposed to be due the citizens of California as a result of our new community property law.
