FORD BUILDS A FLYING FLIVVER

IN his sixty-third birthday, celebrated a few days ago, Henry Ford displayed his characteristic enterprise by exhibiting an airplane measuring 20 feet from the tip of one wing to the other. It weighs 320 pounds and contains a 25 horsepower motor capable of propelling the craft at the rate of 100 miles per hour. Although he states that he is not yet ready to announce the production of his flying flivvers in quantities, Mr. Ford will ultimately produce them and produce them more cheaply and satisfactorily than any other manufacturer.

NO NATION HAS SO PUNCTILIOUSLY FULFILLED ITS OBLIGATIONS WITH U. S. AS JAPAN SAYS EDUCATOR

James Hoffman Batten, Director of Regional Service, Pomona College, Declares in Article Written Exclusively for Japanese American News English Section That Japan's Conduct in Face of Exclusion Act Manifests Real Principles of Christian Statesmanship.

John Langdon-Davies in his recent book, "The New Age of Faith", says, "There are three social prejudices which exercise constant pressure on the average man's thought, coloring it and making it irrational: These are, first, 'My country, race or nationality are better than the other man's'; second, 'My class, social caste or social habits are better than the other man's'; and third, 'My moral code, religious outlook and guide book to Heaven are better than the other man's'." This statement has been very tersely put by a great Mohammedan to the effect that the things which have been chiefly instrumental in keeping men apart have been "the three C's - caste, color and creed". These elements have been operative in California in connection with the opposition to Oriental nationals manifested in the exclusion laws which first barred the door to Chinese, and later to Japanese. Added to the antagonisms based upon the myth of Nordic supremacy has been the fear of agricultural and commercial competition.

Japan Recognizes Right of Nation to Restrict Immigration

The spirit of Japanese in the face of the exclusion act has demonstrated her possession of the real principles of Christian statesmanship. Recognizing the right of every nation to restrict or limit immigration, Japan has based her protest against this act upon the discriminatory treatment provided for Japan would file no objection were she placed upon the same basis in the immigration act as are other nations of the world.

America Has Broken Faith With Friendly Power

Perhaps the most serious phrase of the exclusion program is found in the fact that the thoughtful citizens of America realize that we have broken faith with a nation whose traditions of progress are bound up with American life. Seventy years ago the United States forced the commercial gates of Japan wide open to world. In the exclusion act we have forcibly closed the doors of opportunity in America against the nationals of a friendly power. In a recent article in the Atlantic Monthly by Mr. E. A. Powell, he began by saying: "The most important country in the world to America today is Japan". In the Los Angeles Times, Harry Carr recently said in the Lancer's column: "Japan has been the most cruelly, brutally misjudged nation of modern times. No nation with whom we have had relations has so punctiliously and honorably lived up to its obligations. In these days when most of the other great nations are fingering their noses at us as they tear up their promises, we begin to appreciate the spirit with which Japan carried through 'The Gentlemen's Agreement' - an agreement harder for Japan to carry out than it would be for the European nations to repay us the money borrowed".

Ambassador Wood's Resignation Is Protest Against Exclusion Act

Ambassador Cyrus Wood, whose resignation was in part a protest against the exclusion act said: "We had it all in our hands - the future friendship and goodwill and trade and international team-work of this strong-

WORLD RECORD IN 440 BEAST STROKE BROKEN BY SPENCE

Johnny Weissmuller Takes Quarter Free Style Event

Previous time for the 440-yard breast stroke was left in the shade by 13 3-5 seconds in the National A. A. U. swimming championship meet at the Sequoia swimming pool at Philadelphia, July 28. Walter Spence of the Brooklyn Central Y. M. C. A. established the new world's record of 6:16 4-5.

Johnny Weissmuller, Illinois A. C., won the national title in the 440-yard free style swim, defeating his teammate Arne Borg, in a close finish. Weissmuller's time for the quarter was 5:21 4-5. He holds the American record of 5:07 4-5.

In winning in the breast-stroke event, Spence dethroned Robert Skilton of the Illinois A. C., who won the 1925 championship. Skilton finished three yards behind the Brooklyn swimmer.

est nation in the East, and one of the strongest in the world, and we have wilfully thrown it away". Mr. Wood's statement would be absolutely true were it for the fact that the Japanese have better exemplified the Christian spirit than our own supposedly Christian nation. The statement of Mr. Fukai, Director of the Ban of Japan, illustrated this spirit when he said: "We shall outgrow this thing, we shall rise over it and live it down, as we have lived down the unjust treaties at the end of the Shogunate". (To be continued)

SAN DIEGO YOUNG PEOPLE'S SOCIETY HOLDS TEA PARTY FOR JAPANESE NAVIGATORS

Fujin-Kai and Y. P. S. Welcome Student Navigators

On the evening of July 24, the San Diego Young People's Society, in conjunction with the Women's Club of the First Congregational Church, held a tea party in honor of the graduating students of Kobe School of Navigation, now in San Diego on board the Shintoku Maru. About 90 officers and student navigators, twenty-five prominent citizens of the city, and about thirty-five friends of the young people and women were present.

Mr. Tsutayue Sato, chairman, opened the meeting with a welcome address in Japanese followed by the Rev. John Junzo Nakamura, advisor, who next gave a short talk on the organization and the purpose of the club. Next Mr. George Obayashi gave a welcome address in English. After him, Miss Yoshie Wakana gave a lecture on the "Educational System in the United States and Japan". This talk seems to have interested the student navigators most. The final speech in behalf of the Y. P. S. was given by M. Nakadate, whose topic was: "My Impression of the First and Second-Generation Japanese in America".

The next number on the program was the serving of cakes, ice cream, fruits, punch, etc., by members of the Fujin-Kai and a piano solo by Master Arakawa Jr., who is only 11 years of age. Also a fine musical program was then given by the Y. P. S. girls, namely: Misses Chino, Nakagawa, Taniguchi, Obayashi, Wakana, Goto, Nakasugi, Isono, Yamaoka, and several others. In return for the young people's part of the program the guests gave a long list of very interesting and amusing lectures. The most amusing part were anecdotes of their life histories beginning with their kindergarten days to the present. The impression they

STANFORD NINE WINS FOUR, LOSES SEVEN IN JAPAN CONTESTS

Cards will Open Series in Hawaii

The Stanford University baseball team that left for Japan in the early part of June on a baseball tour, has lost 7 games and won 4 so far in Japan. The Cardinals seconded 42 points annexed by the Japanese college teams.

The results of the Stanford games played in Japan are as follows: Stanford 4, Waseda 7; Stanford 1, Meiji 3; Stanford 6, Waseda 7; Stanford 1, Waseda 3; Stanford 5, Tomon 4; Stanford 1, Waseda 2; Stanford 4, Waseda 1; Stanford 9, Osaka Mainichi 6; Stanford 1, Osaka Mainichi 6.

Upon their arrival in Hawaii the Cardinal nine will open a series of games there. They will meet the All-Hawaiians on August 18.

Bumper Crop of Rice Is Forecast

The department of agriculture and forestry forecasts abundant rice crop for this year, according to cable dispatch from Tokyo.

gave regarding San Diego, Americans and the Y. P. S. were very interesting. They also gave the young people real snappy violin and harmonica selections.

Soon after this bedtime for the Japanese guests being near, the party ended with a boos for the coming "Sumo Tai-Kai" and Marathon race (Y. P. S. vs. Shintoku Maru). Then the president of the Japanese Association announced the coming of the student wrestlers of Japan, now in Los Angeles, to San Diego and the local "sumo" on August 1. At 10 p. m. each merry-maker of the night happily parted and went on his way.

-M. Nakadate
