About 26 members of the second-generation in Los Angeles met at the law office of Iwanaga, Sunday, October 3, from 10 a. m., for the purpose of forming a savings association. SECOND-GENERATION IN L. A. ORGANIZE SAVINGS LEAGUE

Second-Generation Consciousness for Economic Independence Is Seen In New Movement

About 26 members of the second-generation in Los Angeles met at the law office of Iwanaga, Sunday, October 3, from 10 a. m., for the purpose of forming a savings association. For some time there has been a need of some sort of savings organization because many members of the "dai-nisei" realized the necessity of setting aside a portion of their earnings to achieve economic independence and to start a second-generation enterprise through capital formed by combined efforts.

Officers Elected

The entire assemblage favored the project, and every one present was enrolled into the savings organization after enthusiastic comments on the proposed plans. The following were elected to lead the organization:

President—Iwanaga
Vice-President—Kurihara
Treasurer—Suenaga
Auditor—Miyake
Secretary—Kurisaki.

To Help First-Generation

Discussion at the meeting touched upon important matters concerning the organization. It was decided that the association will help, as one of its enterprises, those members of the first-generation who are being harassed by the operation of the anti-alien land law. In order that a fitting name, not duplicated by other organizations with similar purposes, may be applied to the newly established association, the members have decided to communicate with authorities at the state capital. The second meeting will take place Sunday, October 17, at 10 a. m., at the same place.
