Coolidge and World Court Issue

According to Washington correspondents, President Coolidge's stand on the World Court issue as revealed in his Armistice Day speech at Kansas City is being greeted with approval by both anti and pro-Court Senators.

"The President's declaration regarding the World Court reservations was mighty good, as far as it goes," declared Senator Borah, Republican Senator from Idaho, who is Chairman of the Senate Foreign Relations Committee...

On close analysis of the President's speech it will be noticed that he did not say that he believed the Senate reservations were right. On the contrary, it is known that he does not believe so.

FRESNO STUDENTS' CLUB ENJOYS DANCING PARTY WEDNESDAY

American Loyalty League is Co-sponsor of the Party

In full swing of the winter's social activities of Fresno's younger set, a group of the members of the Japanese Student club and the American Loyalty League enjoyed a combined dancing party held at the Hospitality Center Wednesday evening.

The spacious room was decorated with intertwining streamers of bright and variously colored crepe tissue paper. A five-piece orchestra furnished the tunes for the eager dancers and the party lasted until eleven thirty o'clock.

The Students club has just finished a campaign for new members. Two teams vied with each other in acquiring members, and it was decided that the losing team give a 'treat' to the winners.

With a semester calendar of all future activities being formed there is an indication that the Student club this year will be busier than ever, and the students' co-operation marked by the generous responses at their meetings prove that they will accomplish some worth while things during this term.

The World Court represents an American ideal. A distinguished American statesman had an important share in its formulation. The Republican Party pledged its support for adherence to the Court.
