First Prize Oration
 The Value of Higher Education to the Japanese Community

By Kikuo Taira, Fresno

(The following is the speech that won first place at the U. C. Alumni Oratorical Contest held recently in San Francisco.)

The topic that I am about to discuss is one that vitally concerns us, the American citizens of Japanese parentage. The recent development in the Japanese question here in California as well as in America has been both fortunate and unfortunate in the sense that it has clearly defined the future course of the Japanese question (the enigma of California and its communities). It has helped and awakened us to the realization of the importance of the position of the American citizens of Japanese parentage.

Future leaders of the Japanese second-generation in this country must come from among ourselves. Perhaps we are still too young, but there are plenty of capable persons, and it is from the better educated group that leaders are emerging. We must encourage higher education, both liberal and professional, as a basis of future vocation so as to be better fitted for our future activities.

The days of inferior education have passed. Today, the importance of a higher education has become recognized by all the leading men and women. Of course, it is true that every man and woman who is successful did not acquire a higher education, but is it not fact that the majority of them have? A liberal education is considered as one of the most important assets of a cultured man. The value received can be measured in dollars and cents. According to the statistics of the U. S. Census Bureau, it is estimated that "a liberal education multiplies the value of a life career by nine and one third times. It

FUJI MARU TRANSPORTS TWO MILLION DOLLARS OF GOLD SPECIE TO S. F.

Kawasaki Kisen Kaisha Ship Is Slightly Damaged at Yokohama Port

Special to the Japanese American News

TOKYO, April 13—The Fuji Maru of the Kawasaki Kisen Kaisha reached Yokohama port this morning and struck the wharf severely, causing slight damages, which were quickly repaired. The Fuji Maru set sail for San Francisco on the same evening, carrying approximately 2,000,000 dollars worth of gold specie for the Japan Bank in order to balance the exchange between Japan and the United States. This specie was to have been transported on the N. Y. K. liner Tenyo Maru, but the Fuji Maru was finally selected instead, as it departs for San Francisco before the N. Y. K. ship.

increases two hundred and fifteen times over a common school education, and eight hundred and seventeen times over 'no-school education.' This means that while one man who possesses a common school education becomes successful, two hundred and fifteen college graduates become successful. It is also interesting to note that out of ten thousand notables in "Who's Who," seven thousand seven hundred have had a college education. This alone will show you what advantages there are in a higher education.

Education is the transmission of life. Thus it is the purpose of the universities to produce living beings for the service of the society and to build good, loyal citizens. You must understand that a college is not a place where you go as empty buckets to be filled. People are going to pump things into you, to be sure, but you are going to pour most of it out again. It is what goes into our spinal marrow, what goes into real life that makes us; and what we are likely to gain from our higher education is not bits of knowledge, not maxims and rules for getting this and that; but after all, it is this one thing that we talk so much about and understand so imperfectly—it is character. The possession of character ranks with wisdom; above all, reason, knowledge and wit.

Girl Friends Gather To Congratulate Betrothal

Tea Party and Social Marks Happy Betrothal of Sacramento Couple

A delightful afternoon tea party was held at the home of Miss Esther Miwa on April 11, at 3 p. m.

When all the girls had gathered, Mrs. Omura told of Miss Miwa's betrothal to Mr. Y. E. Ishizaki, who is also a second-generation member of Sacramento. The girls immediately crowded around Miss Miwa to shower congratulations and to get a glimpse of her engagement ring.

TALENTED GUESTS ENTERTAIN WITH SONG

After the refreshments had been served, Alice Mayeda played on the piano, and Stella Muraoka, Agnes Miyakawa, and Lorraine Tsuda sang. All were quite generously applauded.

Then the girls took up Patty Mayeda's suggestion that they dance, and, pushing aside the chairs and tables, they waltzed to the music played by Lorraine Tsuda. After an hour or so of dancing, the party disbanded about six o'clock.

MANY FRIENDS GIVE GREETINGS

The guests were Misses Grace and Martha Kitagawa, May Takeda, Kay Satow, Sumi Ryugo, Tsuyiye Fujii, Flora and Lorraine Tsuda, Agnes Miyakawa, Ruth Oki, Harriet Hironaka, Mary and Alice Mayeda, Stella Muraoka, Misao Oshima, Mutsuko Miura, and Mary Kambara.

Some powder goes off with a bang; some goes on with a puff.—Des Moines News.

10,000 JAPANESE FLOCK TO YOLO FOR GREATEST SACRAMENTO CITY PICNIC

Parade, Sumo and Athletic Meets Occupy Active Participants

After a terrific thunderstorm on Saturday evening, Sunday morning, April 10, bright enough and clear enough to do justice to the most exaggerated report of California's wonderful weather, which was what the citizens of Sacramento had been hopefully anticipating.

The Boy Scouts of Troop 4 were all on duty to guide the stream of automobiles which began pouring into the grounds. These automobiles conveyed 10,000 people, more or less, to the huge city picnic. This was the largest gathering of Japanese people ever witnessed in Sacramento. People gathered not only from Sacramento but from the neighboring towns of Broderick, Riverside, Perkins, Florin, Bryte and others, and from farms in the vicinity. In spite of the large crowd, the day was singularly free of disturbances and disorder.

In the morning, the children from the kindergarten through to the eight grade ran races and entered in various contests.

YOUNG PEOPLE TAKE PART

In the afternoon, the young people's athletic meet was held. The marathon, relay, and the high jump were won by Wakida of Seinen-Kai, the Gakyo-Kai, and Kitazumi of Gakyo-Kai, respectively.

The "Kaso-gyo-retsū" (mask parade) was also held after lunch and afforded much amusement to the spectators. First

Two S.F. "Y" Clubs To Take Hikes During Week

Bear Cubs To Hike On Thursday; Comrades Friday

The "Bear Cubs" of the San Francisco Japanese Y. M. C. A. will take an "overnight" hike to the Big Lagoon, starting from Thursday afternoon, led by Koji Murata, Shig Koba and Shuichi Miho.

COMRADES TO VISIT PATROL MEADOWS

The "Comrades" Club will leave Friday morning on the first boat to Patrol Meadows, eight miles from Fairfax. It will be an "all-day" hike, and the "big" boys will return by nightfall to join in the feature Friday night meeting at the "Y."

'After the Storm'

An informal "After the Storm" luncheon was enjoyed Monday at the Yuen Tung Low of San Francisco by those responsible for putting over the recent Alumni Oratorical contest to a successful finish. Those who were present were: Dr. Hayashi and Messrs. George Togsaki, Saburo Kido, and Kay Nishida. Results of the contest were noted and discussed.

place in the contest was awarded both to Shimmei-Kai, representing "The Town Picnic 15 Years Hence," and to the Kanagawa Kenjin-Kai, and second place was awarded to the Nagai Sewing School.

'SUMO' CONTEST DRAWS CROWD

Later in the afternoon, a "sumo" tournament was held which attracted the attention of the first generation. Between five and six o'clock, the immense crowd disbanded, fatigued and sunburnt, but content.

COMRADES CLUB OF S.F. JAPANESE "Y" HOLDS ANOTHER GREAT MEETING

Wild Togos Win Argumentation Night From Spartans on Friday

The Comrades Club of the San Francisco Japanese Y. M. C. A. held a big meeting last Friday night, April 8.

The Comrades Club is divided into two groups, namely, the "Spartans" led by Carl Hirota, and the "Wild Togos" led by Ray Kaneko, and these two teams stage "competitive" meetings every Friday night.

The results of the meetings held this year are as follows: "Spartans" won the first, which was a debate. "Wild Togos" won the second, which was an "athletic" night, and the "Spartans" made fifty points on the third by holding a "musical" night.

The fourth and last meeting was an "argumentation" night on the subject: "Resolved, that Athletic Scholars are Better than Plain Scholars."

The "argumentation" was conducted on the plan of counting each "argument" as a "point" for the speaker's side. At the end of the allotted time it was found that the two teams were even, 47-47.

After a great deal of deliberation, Yasuo Abiko, who was the judge, decided in the favor of the "Wild Togos," basing his decision on the fact that the "Spartans" could not "break down" the "arguments" of the "Wild Togos."

The final winner of this term's Friday night meetings will receive a silver cup, and a banquet from the losers, who will also have to foot the expenses.

CENTRAL CAL. JAPANESE COMMEMORATE KOTANSAI

Olympic Field Meet Is Held on Sunday, April 10; Bakersfield Wins Silver Loving Cup; Great Entertainment Given, Sat. and Sun. Nights

Bakersfield carried home the silver loving cup as the winner of the Olympic meet held in Fresno, Sunday, April 10, at the Japanese Fresno ball park. It was sponsored by the local Japanese Y. M. B. A. and twelve organizations from different towns participated.

A throng of interested Japanese folks gathered early in the afternoon after the conclusion of the morning religious rites held in the Buddhist Church by Rev. S. Masuda and Rev. K. Ogura.

In the 880-yard run, Okinaka (Bakersfield) took first place; second, Matsumura (Reedley); third, Wakita (Selma); fourth, Ono, (Fowler) and Kebo, (Fresno Y. M. B. A.).

"Big John" Skintaku (Fresno Y. M. B. A.) threw the heavy iron ball 35 feet five inches in the shot-put event. Hashii (Fresno) made a distance of 34 feet 5 inches; Okinaka (Bakersfield) 34 feet; Fujisada (Bakersfield) 32 feet 5 inches.

HIGH JUMP IS EXCITING CONTEST

Excitement among the spectators ran high and almost to a feverish pitch when the young men tackled the high jump. As the contestants narrowed down gradually to a few, much speculation went on as to who would finally emerge as victors. Tachino (Fresno Y. M. B. A.) gave a marvelous exhibition of grace-

ful agility in jumping over the bars, and his record of 5 feet 4 inches stood the highest. The next was Murashima, also of Fresno, who leaped 5 feet 2 inches; Miwa (Bakersfield) made 5 feet; while Shitanishi (Sanger) jumped 4 feet 11 inches.

The results of the next two races were: 75-yard dash: first, Tatsuno (Bakersfield); Matsumura (Fowler) second; Arakawa (Bowles) third; fourth, Igawa (Fresno Y. M. B. A.) and George Abe (Selma).

The broad jump event particularly aroused keen enthusiasm among the witnesses on the bleachers, and by others crowding as near as possible. Tachino again came first, 18 feet 8 inches; Arakawa, second, 18 feet 2 inches; Kebo, third, 17 feet 9 1/2 inches; fourth Toyota (Parlier) 17 feet 4 inches.

The finals for the 220-yard run were: Matsumura, Yokomi (Bowles), Toyota and Igawa.

One mile run: Okinaka (Bakersfield); Furumoto (Selma); Yamaguchi (Selma); Hiramoto (Dinuba).

Bowles won the relay. The three highest standings of the towns were 25 points to Fresno Y. M. B. A., 25 to Bakersfield, and 15 points to Bowles. It was decided to award the silver trophy to Bakersfield, and it was conferred by Rev. I. Kyogoku.

JAPANESE DANCE IS FEATURE:
 On both nights, the young people's organizations throughout the valley presented a diversified program, consisting of plays, religious plays, comedies, melodramatic plays, samisen and koto music, harmonica numbers and a dainty little Japanese dance by a three-year-old "tot," tiny Keiko Kamiyama and little Michiko Nishimura. The entertainment was given at the Buddhist Church, and was packed to capacity on the first night, and also well attended on the second.
