Japanese American News THE LARGEST JAPANESE NEWSPAPER PUBLISHED OUTSIDE OF JAPAN

RANDOM THOUGHTS By Yamadori

Lindbergh's Modesty—and America's Gullibility

Colonel Charles Lindbergh, a marvel of common sense and modesty under circumstances that render survival of just these qualities extremely difficult, bowed graciously to the ovation given him by San Francisco yesterday.

It has always been a marvel to me that practically all the newspaper interviews of the popular hero or heroine of the hour are characterized precisely by what Lindbergh did not do.

PERSONAL

OAKLAND—James Hirano, prominent young worker of the M.E. Church here and member of the business staff of the Magario Bros. of San Francisco, returned last Wednesday from a business trip to Los Angeles.

LINCOLN SCHOOL OF SACRAMENTO TAKES 675 JAPANESE

Total Registration Number Approximately 1200 Children

SACRAMENTO—With the opening of the new fall term in the various public schools of this city, the Lincoln Grammar School situated near the Japanese quarters began its session with an enrollment of 675 Japanese pupils, out of which number, 150 are entering the classes for the first time.

The Japanese children in the kindergarten number approximately 40 pupils, while one Chinese and two Mexican children are also enrolled. The total registration for the entire school is about 1200 pupils.

Japanese 'Y' in Membership Drive

The San Francisco Y.M.C.A. is conducting a membership contest in which the winning group will be given a free educational trip to Hawaii.

On September 23, from 2:30 p.m., a demonstration will be held at the Main "Y" on Golden Gate avenue. It will be participated by all of the eight branches of the local Association, and the Japanese group will have a good representation.

Mrs. Suzuka Is Feted at Party

An enjoyable party was held in honor of Mrs. Suzuka at the local Japanese Y.W.C.A. on Saturday evening. The occasion was third anniversary celebration of her stay in San Francisco as secretary of the Y.W.C.A. dormitory.

Japanese Delegates To Radio Meet Arrive Here

Group Headed by S. Inada Arrives on Tenyo Maru

Sixteen Japanese delegates to the third international radio telegraph conference to take place at Washington, D. C., arrived in San Francisco Friday on the N.Y.K. liner Tenyo Maru.

SECOND MEET HELD IN LONDON

Japan's chief delegate is S. Inada, director of the Telephone and Telegraph Engineering Department of Communications who declared that the second conference was held in London in 1912 when wireless was chiefly a means of communication between ship and shore and ship and ship.

In an interview he declared that more than 1,800 proposals for change have been made by the contracting parties to the international convention. He declared further:

"Among the subjects to come up for discussion will be control of private stations, general radio broadcasting, allocation of frequencies and adjustment of interference, radio aids to navigation, standardization of distress signals and revision of the international code of signals."

French Camp Gakuen To Celebrate Anniversary

Gakuen Pupils Will Take Part in Gakugei Program

STOCKTON—The French Gakuen, situated in the outskirts of the city of Stockton, is planning to celebrate its first anniversary celebration on October 2. The school children will participate in the gakugei program, the details of which will be announced shortly.

TRUTH IN JOURNALISM HELD VITAL, ASSERTS MISSOURIAN SAVANT

Accuracy, Sympathy, and Independence Stressed By Noted Dean

How the presses of the United States and Japan might help well the two countries of the Pacific into closer relations was explained by Dr. Walter Williams, dean of the School of Journalism, University of Missouri, at a dinner given in his honor by the Nippon Dempo Tsushin Sha of Tokyo recently.

The greatest responsibilities rests upon the news organizations of Japan, said the Dean. They must photograph for the minds of the United States and Japan the best characteristics of the two nations. In doing this there are three essential factors in the success of such an organization. These three principles are accuracy, sympathy, and independence. First is accuracy in statements and news sent out by the news gathering organization, or truth. Unless the news story is true it does not represent the news. Truth is the commodity which readers of a newspaper buy and it is in this commodity that an organization must deal if it will be fair to the public.

Sympathy, said the Dean, is the second of the great principles upon which a news gathering organization may build. An understanding, friendly, courteous treatment of the news is essential in handling the truth sympathetically. The third is independence, and it is the duty of every news service and newspaper to separate itself from outside influence and authority so it may tell the truth accurately and sympathetically.

"Journalism, as the greatest and most powerful influence in the world today," said Dean Williams, "must stand erect even though all about it falls."

Scrub Years (By I. E.)

Chikao was literally chewing off the end of his "Mikado" pencil when the bell for the ninth period rang. As Erivan pulled him out of his seat, he spit out bits of wood.

"You know, Erry—it's a funny thing about Spanish—it's easy for me to pronounce it."

"How come?"

"Well, yuh know—I think there's a kind of a connection between the Japanese and Spanish language in some ways. For instance, I saw in our lesson for today where it says 'pan' means bread in both countries—what d'yuh call it in Armenia?"

"Manna."

"Oh, yeah? What does it taste like?"

"Go to Armenia—you find out." As they reached "Room 121," Chikao started to hum "La Paloma" and then spoke on the thought of the moment:

"By golly—let's ask the old teacher to teach to give us the words to that song. If I don't learn anything else in Spanish—that'll be enough."

The teacher, Miss Rosa De La Colina, started to call the roll and Chikao noted that whenever she spoke to a boy or a girl in particular, she affixed "senor" or "senorita." He heard Tsuki addressed as "Senorita Matsu-moto" and resolved to remember it.

"Senor Asaki—will you please count to ten in Spanish?" Chikao looked at his fingers and then started to count: "Uno, dos, tres, cuatro, cinco—cinco—cinco—"

The class had begun to titter. He turned red as the teacher remarked with a smile:

"Yes—cinco—but don't 'think' too much. Next is 'seis'—"

But Chikao had forgotten the rest and Erivan finished it.

'KOMATTA BA-AI' TO FEATURE BENEFIT BY HOSHI-NO-HANA CLUB

Berkeley Girls' Benefit To Be Staged at Japanese Hall, Saturday

BERKELEY—The ever-helpful Hoshi-no-Hana girls of this city, who recently sent out a collection of scrap books to be distributed among the unfortunate children of Japan, are now planning upon another benefit, in the entertainment to be given next Saturday, September 24, at the Berkeley Hall, 2119 Haste street, from 7:30 p.m.

The talented girls of the club will contribute to the entertaining program of the evening, which includes a Japanese comedy, "Komotta Ba-ai." A clever piece of acting will be done by Chieko "Impy" Katayama as the old Aunt Eliza from the country. Another laughable bit of nonsense is "Lost and Found," starring Toshiko Fujii, who impersonates the deaf superintendent with great deal of humor.

A doll dance, "Fooled," and other skits promise to entertain and delight all those who attend the program. The tickets may be obtained from any member of the club.

Child Finds Bag With 4,000 Yen

AMIBA, Hokkaido, Japan—A sack containing 4000 yen in 50 sen pieces, which was lost in 1922 when the persons carrying it from the main office of the Yasuda Bank to the branch office met with highway robbers, was recovered near a mountain here by a nine year old boy named Tsunemori Miyakawa. The boy was presented with a liberal reward.

Southern Tennis Tourney Scheduled for Sept. 25

Yoshikawa and Endo To Be Foremost Contenders Of Meet

L. A.—The doubles tennis tournament to decide the Southern California championship having finished satisfactorily, the next event of importance to the fans will be the annual Southern California singles tourney to be staged on the Moneta Courts, starting on Sunday, September 25. A large aggregation of local stars, including Yoshikawa and Endo, two formidable contenders for the championship honors, are expected to gather for the eventful fracas.

Fred Shimizu, secretary of the local "Y," who is due to arrive here from the Kengaku Dan trip on the 21st, will probably also enter the "free-for-all."

Fresno To Start Chest Drive Soon

FRESNO—As usual the regular Community Chest organization will be marshalled for the coming campaign which is scheduled to take place October 3 to 12 for the purpose of raising \$133,000 for charity and social work. The Japanese of this section will probably be called upon to work for a quota approximating last year's amount.

Four Youths Attend Watsonville School

SALINAS—Four ambitious young Japanese have enrolled at the Night High School of this city. They are M. Kimura, Z. Yoshino, M. Okamoto, and S. Takahashi. Mrs. Shimosukasa is the only Japanese woman to register. The total enrollment at the school is now 250 students.

PROTONIANS START CAGE SEASON WITH NEW CRACK MENTOR

Templars Negotiate Contests With Northern Cagemen

With the intention of finishing the first year and a successful season of the local Proton Club nine with two more diamond tilts, a return game with the Stockton Yamato Babes and another clash either with the Oakland Merritts or the Alameda Tailku Juniors, a special meeting was held last Friday night.

Following close behind the climax of the baseball season, a basketball rally in which sign ups and plans were discussed, took place. Proton cagemen will begin rubbing their ligaments from next Friday, as Reformed Church court will be occupied by the Pine street gangsters in preparation for the bright future in store.

Yoneo Bepp, who for years past has shone in the U. C. Student Club's quintet, has agreed to dispense with some finer points of cage technique to the City Templars to develop a formidable five-some. Games with the Stockton Y.M.B.A., Sacramento White Pirates, and various Bay region teams have already been registered.

International Club To Hear Kawasaki

The International Club of this city, which is composed of members of many nations and races, will be given the rare privilege of hearing Mr. Torao Kawasaki of the local Consulate-General speak on the philosophy of Japanese art. The meeting will take place tomorrow night, Tuesday, from eight o'clock, at the home of Mrs. Osawa, 719 Ashbury street.

Mr. Kawasaki, who has just returned from a lecture tour of the universities of the East, is well recognized as an authority on the subject which he will discuss Tuesday night.

PERSONAL

San Francisco

Four Japanese girls are now attending the San Francisco nurse training college of the University of California. They are Misses Chizu Yamashita, Yuri Negi, Barbara Yamamoto, and Chiye Togasaki.
