WOMEN OF JAPAN IN SAD PLIGHT

Thousands Die Of Over-Work Yearly

Perhaps the most disgraceful thing in Japan today is the treatment of girls and women in night work in the numerous factories and mines throughout the country.

This law, however, has never been enforced, largely due to the powerful opposition put up by the capitalists who declare that if such a law were to take effect, Japan would not be able to hold her present position in international markets.

The total number of women employed in Japanese factories, according to statistics recently compiled, is over 850,000.

Women workers are herded in dormitories and boarding houses. The expense of their food is about 15 cents a day, which is far below the standard rate of 29 cents a day, established by the government in 1919.

Moreover, the girls are practically in prison. They cannot leave their factory premises, and like women of the Yoshiwara, they must remain within the limits of the stone-walls that mark their domain for months, the entire world.

According to investigations carried out by Dr. Ishihara, the noted scientist, 19,500 women die prematurely annually as a result of a too strenuous life in factories and mines.

Girls and women are compelled to remit almost their entire earnings to their parents. Expenses at the boarding houses and dormitories are deducted before their wages are given them.

Spinning is the most important industry in Japan, and its operation and management will naturally have a great deal to do with national economy. In China, India and other Eastern lands the spinning industry is growing apace and Japan already is feeling the pinch.

STARS and SHADOWLAND

VITAPHONE IN S. F.

The Vitaphone, one of the most important inventions in the motion picture industry since the introduction of motion pictures themselves, will make its debut in San Francisco Thursday evening, November 3, with the opening of the Embassy Theater, Market street near Seventh.

Vitaphone gives a voice to the motion picture, breaking the thirty years' silence of the screen. It effectively reproduces music, voice and sound, synchronized perfectly with action pictures.

In the Vitaphone, science has provided means for the synchronization of motion pictures, with a degree of perfection never before attained. It was heard publicly for the first time in connection with "Don Juan", a photoplay starring John Barrymore, which opened at the Warner Theater, New York, August 6, 1926.

In San Francisco, Vitaphone will be heard for the first time with another John Barrymore vehicle, "When A Man Loves", in which Dolores Costello is the co-star.

"BECKY"

The Loew's Warfield is now presenting "Becky", with Sally O'Neill in the title role and Owen Moore playing her opposite.

GRANDA

"Tell It To Sweeney", with George Bancroft and Chester Conklin, is the comedy film now playing at the Grandia.

"Les Miserables"

Victor Hugo's powerful novel has been transferred in the screen in the "Les Miserables", now playing at St. Francis. It is a European picture.

IMPERIAL—"Back To God's Country"

"PANTAGES—"Paid to Love", with George O'Brien and Virginia Valli.

CALIFORNIA—"Two Arabian Nights"

Victor Hugo's powerful novel has been transferred in the screen in the "Les Miserables", now playing at St. Francis. It is a European picture.

JOAN GOTO, CHRISTIAN MARTYR

A Study of Noted Historical Figure

By NOBARA SEKIGUCHI

The Literary Department of Tokyo Imperial University issued many pamphlets, recently, on the notes of historical and geographical studies of the Japanese country.

The well known story of the embassy of Date Masamune, the feudal lord of Sendai, had not much to do with the religious impetus of the missionary movement; but his favour toward the missionaries, though a short lived incident, bore fruits in a wide spread of Christianity in his domain.

Joan Goto was the central figure in this movement in conjunction with the perilous mission works undertaken chiefly by the Jesuit fathers like Girolamo de Angelis and Diego Carvalho. Missionary reports give no data as to when and by whom Joan was converted, but a local legend tells that he had left his home in Woshu in his youth, about 1590, and was converted at Nagasaki, then lived in Goto; hence his new family name, the former name having been Kassel.

Vague also is the date when he returned to Woshu and became a vassal of Masamune, but the community where he lived keeps its old site about one kilometer from the present International Latitude Observatory at Mizusawa (Iwate Ken), the place conspicuous in the history of persecution in that district.

A score of houses stand on the sides of the central avenue of about 700 meters in length, at one end of which is the site of Joan's mansion, marked by a waterway on one side and a little elevation on the other.

Moreover, the irrigation canals constructed by him fertilize the rice-fields of the whole district and bear his name, Joan-zeki. As to the end of Joan's career, the missionary report simply says that he banished to the north in 1624. But local legends say that Joan

FIRE RAVAGES FOUR HOUSES NEAR SALINAS

FOUR JAPANESE FAMILIES MADE HOMELESS BY FIRE

SALINAS—Fire broke out Friday evening in a group of Japanese farm houses about three miles from this city, causing a damage estimated at eleven hundred dollars and rendering four Japanese families homeless.

Those whose homes were wiped out by the conflagration are Torachi Sumida, Toichi Aiyoshi, Tokutaro Matsuba, Keizo Motokane, and their families.

The cause of the fire is attributed to leakage of electricity near the roof of the building, and the fire, which started at seven o'clock, consumed the entire group of four buildings within one hour. Although a fire engine from Salinas fire department hurried to the scene of conflagration and attempted to extinguish the fire by utilizing irrigation water from nearby sources, all efforts proved futile.

Appetizing refreshments added to the fun of the party which ended up in a word of applause at midnight.

Sumo Practice Is Under Way

FRESNO—The great Central California sumo tournament being held at the fair grounds, the young wrestlers of this section are now engaged in a vigorous practice. They will hold elimination matches on the afternoon of October 30 in order to select the representatives of this central section to the tournament.

The tournament will be held in Fresno on November 6.

Goto took flight with a dozen of his retainers across the mountains to the territory of Akita; there, probably at Yokote, he died in a siege, being surrounded by the soldiers of Akita, toward the end of 1621 or early 1622.

R. FOR S. DANCE IS COLORFUL

Many Young People Feature Hick Dance

OAKLAND—"Hey, boy—hick, hick!"

Such was the prevailing atmosphere of the "barn" dance given by the local R. For S. Girls' Club on Saturday night in the Y.W.C.A. Ballroom.

More than 50 couples, in various soiled attires of the farm and factory, stamped and shuffled in the ballroom which had been converted into a barn by the skillful ingenuity of the "Ready for Service" girls, who proved to be very charming and very peppy hostesses to those who were fortunate to receive "bids" or doing enough to "crash the gate."

The music was supplied by Wellville Hoyt's and they showed rather played "lotsa paprika" melodies.

Appetizing refreshments added to the fun of the party which ended up in a word of applause at midnight.

Japanese Boosts Russel Wolden

I. Nakashima, real estate broker of this city, is campaigning among American citizens of Japanese ancestry to vote for Russel Wolden as city assessor.

Mr. Nakashima visited the Nichi Bei office and declared in the following manner:

"I have known Mr. Wolden for many years, and his efficiency as assessor is an asset to the city. He has had considerable experience for his present position, to which post he was appointed by merit. He is considerate in all matters to every one, including Japanese. The coming San Francisco municipal election will be a close one, and only a few votes may decide which candidate will be put into office. Citizens of Japanese ancestry will have no reason to regret their action if they vote for Mr. Wolden."

MISS MORIWAKE TAKES JAPAN'S CHAMP, 6-4, 6-3

HAWAIIAN TENNIS QUEEN DEFEATS MISS KUROI, STRAIGHT SETS

TOKYO—Miss Tokuko Moriwake, three-time woman champion of Hawaii, realized her life ambition when she captured the all-Japanese girls' singles title by defeating Miss Telko Kuroi, 1925 national title holder, 6-4, 6-3 last week in the final of the annual Women's Tennis tournament staged on the Omori courts of Kelo University.

Miss Kuroi, the court woman who overwhelmed Miss Marjorie Hyland (now Mrs. Patterson of Hongkong) 6-0 in an exhibition played about two years ago, put up a plucky fight against the Hawaiian champion. But lack of practice compelled Miss Kuroi to acknowledge the tennis superiority of her sister racket wielder from Hawaii.

According to the report of the architect, the building will be completed on or about November 13, but as the Stockton Buddhist church will celebrate its first anniversary of their own picturesque structure, the Oakland ecclesiasties have transferred their dedication to an earlier date.

Saturday's affair will be observed in the new building and will be of formal proceedings. Parades, entertainments, and the like is reserved for Sunday afternoon and evening.

The church, when completed, will be one of the finest buildings of its type.

Youth Attends Junior College

WATSONVILLE—Kenji Shikuma, popular young second-generation member here and a graduate of the Watsonville Union High, is now attending Hollister Junior College.

Kenji was a member of the Agricultural Club and worked hard in his course of study while at high school. Kenji was driving back and forth to the Junior college for one month, but now he is boarding at an American family. He stays away from all the girls now—reason unknown.

DEDICATION OF CHURCH PLANNED

Dedication To Be Two-Day Affair

OAKLAND—The gorgeous edifice of the local Buddhist church is rapidly reaching its completion, which will realize the hopes of many devoted church goers.

The dedication ceremony with all its colors and formality, is planned for November 5 and 6, Saturday and Sunday, featuring a huge parade for the second day celebration.

According to the report of the architect, the building will be completed on or about November 13, but as the Stockton Buddhist church will celebrate its first anniversary of their own picturesque structure, the Oakland ecclesiasties have transferred their dedication to an earlier date.

Saturday's affair will be observed in the new building and will be of formal proceedings. Parades, entertainments, and the like is reserved for Sunday afternoon and evening.

Rolph and Power

Rolph and Power are running for the mayoralty in one of the closest political races this city has seen. So close, in fact, is the race that Rolph has seen fit to visit Chinatown in person to carry on his campaign for possibly a few hundred votes.

Knowing, however, that no citizen of Japanese ancestry has registered as a voter in this city, he will not visit the district where American citizens of Japanese ancestry reside. If there were even fifty such citizens who had registered, we believe Rolph or Power or both, in the present instance, would make every effort to obtain these votes.

It should be remembered that while fifty votes do not seem much, they can swing the present race. Further, it should be kept in mind that a vote counts as two votes when it is used. It adds one more vote for the person to whom it is given and deprives the other side of one vote. Fifty Japanese votes for Rolph, for instance, would place Power a hundred votes behind, which means a great deal in a close race.

Let us hope that in the years to come every American citizen of Japanese ancestry will register as a voter when he comes of age and thus help not only himself and the State, but the entire Japanese community as well.

Visalia Gakuen

Forms Quintet

VISALIA—The Nippon Gakuen of this district has organized a basketball team, which is composed of Kanichi Watanabe, Noboru Maekawa, Kazu Maruyama, Tetsuo Otani, Masaji Shirakawa, Nobuo Otani, Mitsuo Suehiro, and Kenji Watanabe.

The Seinen-kai of Tulare County has also organized a basketball team.

Watsonville

Youth Recovers

WATSONVILLE—Harry Shikuma, the manager and proprietor of H. S. Farm, who has been in the local hospital for little over two months on account of illness, is getting better now at home, and is enjoying the long vacation. He has been home from the hospital for two months.
