PAN-PACIFIC STUDENTS' CONFERENCE

Percy Lydgate, on 12 hours' notice, called on the City of Honolulu as a delegate of the Pan-Pacific University of Hawaii to attend the Pacific Cosmopolitan club of the United States' Federation of the United States...

The interesting thing about this large organization is that four years ago it was organized by Roderick Matheson, son of a former editor of a local newspaper...

Out of this effort grew the National Students' Federation, of which he was the first president. Lydgate will request the National Students' Federation to give its approval to the plan of calling a Pan-Pacific students' conference in 1929...

As president of the Pan-Pacific Cosmopolitan club of the University of Hawaii, Lydgate will explain to the convention that his organization has been asked to act as the nucleus of the Pan-Pacific students' conference...

Lydgate will further suggest at the convention that the students at the 1929 convention in Honolulu, when all Pacific universities will be represented, stage a model Pan-Pacific league of nations assembly...

Another advantage Noah had was that he didn't have to bring out a new model ark every year or two.

—Dallas News.

THE TESTING

By Iwao Kawakami

It is a rare age in history when three nations, practically equal in power, such as the United States, Great Britain and Japan, exist in peace. But at the same time, it seems a strange anomaly that these three powers cannot agree on disarmament...

By nature, man stands for war, and till now, womanhood seems to have sanctioned his homicidal or suicidal tendencies. Womanhood has been helpless in averting past wars. War—which has made women weep, driven them mad with death, famine and disease...

Yet what signs of such organization are there at present? Would the momentous councils listed to representatives of womanhood? Is not the League of Nations or the World Court a cosmic joke without at least one same woman to be consulted...

steps will have to be taken by the Government to render financial aid to the families now making out their living by the two heads of the family. The Government, however, is still at a loss what to do if the reform is carried out.

SETTLEMENT OF NIPPON STRIKE SEEN

Shibusawa Offers To Mediate In Dispute

Special to the Japanese American News TOKYO, March 24.—Indications of an early settlement of the Noda Soy dispute were seen today as a result of the recent "direct appeal" made to the Emperor by one of the leaders of the striking soy workers.

"Grand Old Man" of Japan's business world, is among the prominent private citizens who have offered to act as mediator in the trade dispute.

Chinese Receives "Igakushu Hakushi"

TOKYO, Feb. 25.—(By Mail)—The honor of being the first Chinese scholar to receive an "Igakushu Hakushi" (Doctor of Medicine) degree from the Imperial University of Japan goes to Mr. Yu Lin, a native of Chekiang province, who is 23 years old this year...

Dr. Yu studied in the graduate school of the Kyushu Imperial University following his graduation from that institution. He studied three years in the graduate school. He is now a medical officer under General Chiang Kai-shek.

He was graduated from the Kyushu Imperial in 1922, and was with the University hospital for some time. He entered the graduate school of that University in 1924.

ALAMEDANS TO BATTLE KEIO, APRIL

PLENTY OF WINTER GAMES KEEP ISLANDERS IN TOP FORM

ALAMEDA, March 25.—Pitted against the city's most formidable tusslers of the Winter League, the local Japanese Taiiku Kai teammates suffered series of set-backs, but according to Manager Harry Kono of the Taiikus, the Japanese combination will start out the spring season with the right foot.

Harry's men will enjoy the opportunity of meeting the Keio University team of Japan on April 22 which will no doubt be the headliner of the entire season.

Other important games are tentative and every indication forecasts a bright future for the Islanders this season. Reports have it that Ray Kaneko and Susumu Takao, both S. F. boys who performed with marked improvements last season on the Taiiku second string will probably be seen on the regular lineup this summer.

Bishop Favors Sunday Sports

NEW YORK, Jan.—Bishop Manning is a firm believer in Sunday sports—after the religious duties of the day have been attended to. The head of the New York Episcopal diocese, speaking before the National Collegiate Athletic Association at the Hotel Astor, said: "While Sunday is the Lord's day, and on that day worship should have first place, my own view is that, provided our boys and girls perform their religious duties on that day, they should feel quite free to enjoy their tennis or golf or other sports, and I believe it is pleasing to God for them to do so."

JAPANESE IN HAWAII PRAISED

Farrington Lauds Americanism of Orientals

American citizens of Oriental ancestry have proved themselves good citizens under all the tests to which they have been subjected, according to Wallace R. Farrington, who in a public address recently took occasion to answer the criticism of those who regard this outpost of America as alien in race and spirit.

"Turning to the subject of Japanese, he declared as follows: "A visitor recently returning from Japan has told me of the excellent progress being made there by the young men and women born in Hawaii, educated in our schools, able to speak and write the English and Japanese languages. They hold important positions. These young people have the pioneer spirit of their immigrant parents. They have found new opportunities here and elsewhere. We are safe in believing that they will carry into their life work that friendly spirit implanted during their early education in Hawaii. They are builders. We are proud of them as examples of our Americanism."

HAWAIIAN AMERICANISM

"These are not our terms; never have been and, I believe, never will be. When we speak of Americans we include all of our native-born or naturalized people, socially equal, buying homes, rearing families, acquiring financial independence, working, playing, doing the things that other Americans do, in almost as good, or the same, or a better way. We have reason to take pride in these fellow-Americans that the mainland critics are trying to tag as aliens. Under all the tests to which they have been subjected they have proved good citizens."

Lovers Die In Bower of Pine Needles

TOKYO, Feb. 25.—(By Mail)—The bodies of a 20-year-old girl and a young man, evidently lovers, were found at noon yesterday lying in the garden of Viscount Chifuyu Watanabe's villa in Kamakura. The girl was robed in fine clothes and lay in a bed of pine needles while beside her was a flaming red girdle which appeared to have been used in ending her life.

The man at her side had died by the thrust of a sword into his body. He was about five years her senior. The only clue to the identity of either was the trade mark of a Yokohama firm on the girl's geta.

One of the features of the evening was the appearance of Jack Dempsey. He still seemed to be a favorite of the fight fans for when he stepped into the ring to referee the Huddkins-Albers match he was given a tremendous ovation that lasted over five minutes. After he was presented to the crowd the noisy demonstration started all over again.

Mayor James Rolph, Jr. occupied the same box with Dempsey and between one of the rounds addressed the audience thanking them for their co-operation in making the night a success. It has been estimated that nearly \$10,000 would be turned over to the benefit fund.

BOXER WINS IN BENEFIT TOURNEY

Nakamura Scores A Technical Knock-out

Kaneo Nakamura, Japanese feather-weight, scored a technical knockout over Eddie Martin, at the benefit fight card at the State Armory last night. Referee Benny Wager stopped the fight in the first round as Nakamura outclassed his man. The Japanese has fought many bouts in this city and so far has won them all.

The fights were held as a benefit for the St. Francis Dam flood sufferers. Besides the regular bouts there were three exhibition contests by well-known boxers among them Aco Hopkins.

Murdered Mail Clerk Shrieks Before Doctors

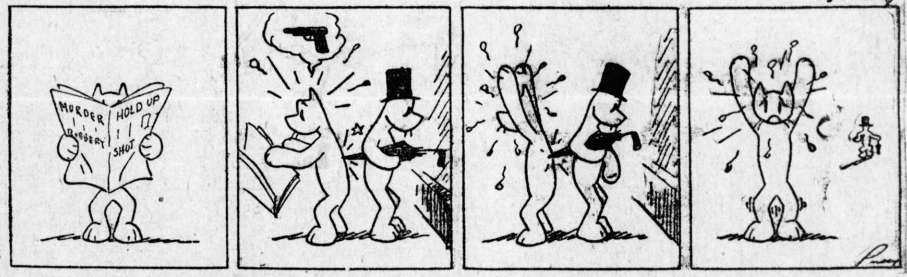

BUDAPEST, Feb. 1.—(LNS, By Mail)—The body of Thomas Hubes, a mail clerk who had been murdered in the mail car of a train in Transylvania, was laid out on the dissection table of the Kronstadt Hospital and the physicians were just about to apply the knife for the post mortem when Thomas rose up with a yell. His head showed twenty-five axe wounds but now the physicians believe that he will live.

After recovering from his fight, Hubes named his assailant who had tried to kill him and had robbed the mail. The would-be murderer was arrested and when he saw his victim still alive confessed everything.

Five Japanese Scouts Honored

SACRAMENTO, March 24.—(By Mail)—The Boy Scouts who received Eagle badges at the presentation ceremony held at the Memorial Auditorium Wednesday evening were five Japanese scouts. Their names are: Morimoto and Nishimura, (younger brothers of Troop A, and Maeyeda brothers and Iwamoto of Troop 25.
