## STAR ATHLETES TO RALLY FOR CENTRAL CALIFORNIA FOOTBALL PRACTICE SUN.

### Young Men's Federation Forms First Grid Team

(By Our Correspondent) FRESNO, Sept. 12.—(Special)—"Whoop! There she goes!" "There goes another!" Brown oval shaped objects soaring jauntily up into the blue sky apparently from various parts of ranches, or from center of streets, will soon be a familiar sight to the farmers and other residents of central California when the chosen members eligible for a Japanese football team starts practicing here.

At a committee meeting of the League of Young Men's Association held Saturday, it was decided to have the athletic department sponsor a football team this fall. This will be the first of its kind in central California.

Those who have been chosen as members for the team are: Bowles—Yoshi Nakagawa. Clovis—Shimizu. Fresno—Kuniro Kanase, Kay Kawai, Katsuo Kumano, Taro Sakai, John Shintaku, Yoshio Tachino, Edward Tatumura, Satoshi Yamasaki and Henry Yoshikawa. Hanford—Minoru Omatu. Parlier—George Hirata, Tom Nakamura, Hida Matsui. Reedley—Morishima. Sanger—George Domoto.

Will Report Sunday. These players will report this Sunday afternoon, Sept. 16, at 1:30 in Fresno for the first practice of the season. At that time measurements for the new uniforms will be taken. There is also a probable opportunity for other persons wishing to play on the team.

Another important matter settled at the same meeting was the decision to conduct an oratorical contest on October 27, at Fresno. The orations are to be in Japanese. Every organization affiliated with the League will have one or more speakers as their respective representatives. Three gold medals will be given as awards.

Other Clubs Welcome. Any organization not belonging to the league, but desiring to participate in this oratorical contest are welcome, it was announced. The names of the organization and the speakers, together with the titles of the speeches, must be submitted by October 15. The judges will be named later. Chairman H. Sasahara (Del Ray) presided, while George Fujimasa (Fowler), vice-chairman; Stanton Matsuda (Y.M.B.A.), secretary; Arakawa (Bowles), treasurer, were also present. K. Monaka (Sanger), Kay Kawai

### Showa Club To Hold 2nd Fall Meeting Friday

The second annual fall meeting of the local Showa Club will be held Friday evening, September 14, at the new club house at 2142 Bush street from 8 o'clock. Football, swimming and basketball will be discussed. Two evenings will be organized. Non-members interested in football are invited to attend the meeting.

The board of directors will meet early in the evening to check on the applications for memberships received during the past two months, and to act on the proposed amendment to the club constitution.

### U. C. at Berkeley Enrolls 2488 New Students for Term

Statistical analysis of the registration records for new undergraduate students at the University of California this semester show that women outnumber men by 28 and that although the total registration of new undergraduates is 116 greater than last year, there is a decrease in the number entering medical school, the college of mechanics, the college of chemistry and the school of jurisprudence.

Divided into classes, the new undergraduates, all undergraduate students who have never attended the university before, appear as follows: 73 seniors, 536 juniors, 216 sophomores, 1580 freshmen and 83 special students, making a total of 2488. Of this total, 1231 are men and 1257 women.

The number of students entering the university with advanced standing, that is, sophomore rating or higher, has increased steadily during the last 14 years from 21 per cent in 1914 to 34.3 per cent in 1928. The women have consistently outnumbered the men for the past three years. Among the new undergraduates, also, about 8.2 per cent are registered from outside the state. (Y.M.C.A.), Nishioka (Parlier), represented the committee members, John Shintaku and U. Henmi were invited to participate in the discussion of organizing a football team in the League. The advisers present were T. Hoshiko, R. Fukushima and J. Iino. The league will discuss plans for the coronation celebration at the next meeting.

## TOUR BODY, MERMEN OFF FOR NIPPON

### Rotary Men Also Set Sail For Japan On Taiyo

The N.Y.K. liner Taiyo Maru, which left this port Wednesday at noon for Nippon, contained several passengers of interest to the Japanese people.

Among them were Johnny Weismuller, world's best swimmer and four others equally known in swimming circles. They are Dr. M. F. D'Eliscu, who headed the American swimming team to the Olympic Games held recently at Amsterdam, and who is also one of the best coaches of aquatic events; Paul Wyatt, internationally known back stroke and medley swimmer; Walter Lauffer, world record holder for the indoor backstroke; and Miss Helen Meany, world champion diver and holder of 16 national championships in fancy diving.

They were invited by the Osaka Asahi News and will participate in several exhibition matches in Japan. With the exception of Walter Lauffer, this will be the first experience for the swimmers to cross the Pacific.

The kengaku tour body, composed of second generation Japanese youths of Stockton, who are on a special trip to view the Imperial coronation in Kyoto next November, left on the ship.

Another passenger was I. B. Sutton, president of the Rotary International, a citizen of Tampico, Mex., and a native of Saginaw, Mich., who left for Tokyo to attend the second Pacific Rotary conference.

At the Palace hotel Tuesday the man who heads one of the largest public service organizations in the world chatted affably about the purposes and progress of Rotary. "We have now 3,000 clubs distributed throughout 44 different nations with a total membership of 137,000 men," he said, "and there are about to be organized 305 more clubs in four additional countries."

### S.F. Gakusei Kwai To Organize New Basketball Team

The Gakusei Kwai a San Francisco Japanese students' club, held its first meeting under the new administration Saturday evening at its headquarters on Sutter street. Among the more important discussions were those relating to improvement of the club library, and the organization of a basketball team. Y. Shintaku was put in charge of the basketball team.

## It's Still Not Official

JOHN COOLIDGE U.P.—Underwood. Although Washington society expects to attend a White House wedding before March, the President's son recently said, "I'm not engaged," when asked concerning the reports so often linking him and Miss Trumbull, daughter of Connecticut's governor.

## ASAHI PLANS SWIM MEET

### Noted Mermen Will Compete in World Tourney

TOKYO, Sept. 11.—(Special)—An international swimming meet to be staged for four days in both Tokyo and Osaka during the latter part of October to celebrate the wedding of Miss Setsuko Matsudaira, daughter of the former Japanese Ambassador to Washington to H.H. Prince Chichibu, was announced today by the sponsor of the meet, the Osaka Asahi Shimbun, one of the largest dailies in the Orient.

Some of the world's fastest swimmers will be seen in this meet, in which representatives of many nations will vie for world honors. Besides Johnny Weismuller, holder of the world record for the breast stroke, and Ildephonse of Spain, Arne Borg of Sweden, who holds the world record for the 880 yard event, will also be a participant. Besides these foreign champions, there will be a strong delegation of mermen from this country. It is probable that Yoshiyuki Tsuruta, who established a new Olympic mark at Amsterdam this year, will also appear in the Osaka Asahi tournament.

## U.S. BORN YOUTHS ARE AMERICANS

### Writer In Tokyo Describes Second Generation

By PAX VORISCUM (We are publishing for our readers a series of three articles on the American-born Japanese by a special Tokyo writer who writes under the nom de plume of Pax Voriscum. These studies are of special interest to our readers because they reveal the reaction of a Japanese student on the problems of the American citizen of Japanese ancestry.—Editor.)

One of the most vital questions of the Pacific Coast of America and to all the Japanese who left their native land many years ago to make their living on the other side of the ocean, is the problem of the second generation. Many leading American citizens and practically all the Japanese are trying their best to lead the new born youths into the right channels of industry, of education, of usefulness so that they will become worthy members of the great nation under whose protection they have grown up and under whose influence they have acquired their modern mode of living.

Unlike their fathers and mothers who have sacrificed so much under the burden of hard labor to make a fair living and at the same time to give their children an American education, the second generation Japanese are more like the average American youths. They speak the language fluently and perfectly, play the same kinds of games, enjoy the same kinds of amusements and recreations and in some cases are more American than the Americans themselves.

Although they may have Japanese blood in them, most of the younger generation are at a loss when it comes to Japan and things Japanese. Many of them cannot speak the Nipponese language, and only the minority of them can read and write the Chinese characters which seem incredible to some Americans and others, but lamentable to the real nationalists of the Land of the Rising Sun.

Cannot Communicate. They cannot communicate freely with their forefathers and others on this side of the ocean or on the other in Japanese for which they as well as their parents are blamed because they have neglected to learn their own native language, it is stated. But there is so much to be said on both sides. The younger generation says that in order to become real American citizens they must be educated like all good men of the United States. They claim that they need not trouble so much about trying to learn the funny Japanese or the odd Chinese characters which are and will always remain a Chinese puzzle to them as long as they live in America because they have not much use for them. They can spend that time on learning or doing something else—ye, perhaps go dancing, or beach party or to show, etc., and learn to mingle with the rest of them like "good sports" or in a word, be like the Americans.

The parents have, in some and perhaps in many cases, tried to impress upon their sons and daughters the advantages of gaining at least a reading knowledge of the Japanese language. They have succeeded in only a few cases, because of the independent nature of the New Americans who are taught, while in their teens or even while younger the advantages of the "call of the wild," the "great outdoors," "freedom of action" etc. and to make their own future. They say that they cannot spend any tedious time trying to master a thing which they had practically no use for in their daily work or recreation. Some in many cases have argued that they should not study any Japanese but the parents should spend their time trying to master the English language and in that way become more useful members of the community in which they live. Some seem to feel that the latter is the only proper course while others have taken a compromise action in trying to understand each other more, although obviously the young

## U.S. CITIZENS OF JAPANESE ANCESTRY OF BAY DISTRICT TO SPONSOR MASS MEETING

### Organization of Citizens' League Aim of Sponsors; Arai to Address Gathering Monday at Association Auditorium

For the purpose of forming some sort of an organization among their group, citizens of Japanese ancestry of the Bay district will hold a mass meeting Monday evening, September 17, from 8 o'clock, at the San Francisco Japanese Association auditorium, 1619 Laguna street. All citizens are urged to attend.

It is the hope of those who are sponsoring this meeting that a definite organization may be formed in time for the coming Presidential election in November. Among the speakers for the Bay district will be Clarence T. Arai, president of the Progressive Citizens' League of Seattle, who is now on a tour of California for the purpose of forming citizens' bodies among the Japanese communities.

For some time past the need of such a body was felt among the leaders of the Bay Japanese communities, but this meeting will be the first definite step toward realization of their plans. Influential New Americans (citizens of Japanese blood) who are sponsoring this gathering, expect that with the formation of a league here a new era in the political history of the second generation in this district will be launched.

It is also the plan of the sponsors to ally the Bay district group with other citizens' clubs of the coast to form a federation. Already in Fresno there is in existence the American Loyalty League, which is carrying on an active program under the leadership of Dr. T. Yatabe. A mass meeting of citizens in Los Angeles was sponsored Monday evening at the San Kow Low in order to organize the some 500 citizens of Japanese parentage who reside in southern California. Keen interest was shown and considerable political discussions featured in the meeting, which was led by Clarence Arai and George Ishihara, both of the Seattle Progressive Citizens' League.

In Seattle the Citizen's League has exerted some influence in the political circles there, under the leadership of Arai, prominent lawyer and citizen. The league takes an active part in the elections, and leading candidates for the municipal offices in that city have made campaign speeches before the members. During the Democratic and Republican rallies citizens of Japanese ancestry have played a conspicuous role with their demonstrations.

In Hawaii the Civic Club, which is composed of New Americans, exerted a noteworthy influence during the primary. Having concluded a drive for 100 per cent registration among its members the league sponsored several interesting political discussions with view to furthering their interest as citizens of the territory. Among the latest clubs to be organized is the citizens' group in Stockton, which met recently at the Lincoln Hotel for their first political meeting.

## JOHNSON IS DEFEATED

### Author of Exclusion Act Faces Defeat In Election

SEATTLE, Wash., Sept. 12.—(UP)—The defeat for re-nomination of Congressman Albert Johnson, chairman of the House Immigration Committee, and father of the immigration quota law and the Japanese exclusion act, seemed indicated in the face of late returns from the Washington primary election today. Returns from 204 precincts out of 627 in the third congressional district gave Homer T. Bone, Tacoma, 17,984, against Johnson's 11,081.

## OUR JUNIOR SECTION

Here is a letter from Mary Arai of Petaluma: Our club is getting bigger every day. I have read the Junior Section ever since it was started, and I never gave up reading it. I'm writing you today, for I have plenty of time to spare. My sister and I are going to school every day, with our best health. My school work is getting harder every day. I like to go to school because I can see all my best playmates. School is the best place to go until we graduate. I'm composing a riddle and poem.

Here is the riddle Mary composed: Though I dance at ball I am nothing at all What am I? Ans: Shadow. Here is a poem Mary sent us: TO JUNIOR PUBLISHER I send my thanks to Junior Publisher. He's been very nice to everybody. He prints my riddles and poems. I'm thankful as can be, I try to please him always And make my things just right. And when I do a thing to him, I do it with delight. That was a nice poem you composed, Mary. We also liked your delightful letter and riddle. Hope you'll write in again. Here is another nice letter. It is from Shizue Tamura of this city. She writes: I am trying to write in twice a week, but I haven't time enough to do so. The only time I have is Saturday and Sunday afternoon. On Sunday morning I have to go to church. Gee, my sisters are lucky, they don't do a thing on Saturday generation failed to grasp one vital point—that their elders are making a living easy for them by the earnings from their naked hands.

## ACTORS TO VISIT U.S.

### Kabuki Stars Leave Nippon for Tour Of America

KOBE, Sept. 12.—(Special)—Yoshitada Wagata, an Osaka movie and dramatic critic, left this port today with a Japanese troupe of Kabuki players for Hawaii and the United States with a view to staging the world-known selections from the Forty-Seven Ronin episode featuring "Harakiri" scenes.

How the American public will take to this famous Japanese drama, demonstrating the cult of dismembering, of which the world has heard or read so much in the past, it is difficult to predict at this time, but Mr. Wagata is confident that his plan will work out successfully. The troupe consists of 17 players, of whom four are women. They have been staging the Forty-Seven Ronin play at the Meijiya, a theater in Hyogo, with success for the last three years on end, and this is the chief reason for Mr. Wagata's hope and confidence in the success of his venture in America.

In Honolulu the troupe will appear for a week or so, after which they will visit the Pacific Coast of the United States. In America they intend to appear at 20 different places in a period of six months. They will return to Japan in April. Two prominent Japanese residents in Portland are financing this dramatic adventure.

## Grape Season Near Peak in Central California Region

FRESNO, Sept. 11.—(UP)—The fresh grape movement in the San Joaquin Valley is in full swing today, with approximately 400 refrigerated cars being led at the local plants daily and with the peak of the shipping season not yet reached. Shipments of grapes from the state so far this season, according to reports, now total 12,576 cars, with 977 cars going forward Saturday.

## Japan Accepts Anglo-French Naval Accord

TOKYO, Sept. 11.—(UP)—Japan has notified Great Britain that she accepts the Anglo-French naval agreement "in principle," it was announced today after a meeting of the cabinet. The assurance was given through the Japanese Embassy in London. Japan is withholding her formal reply to Britain's inquiry about her attitude, however, pending Washington's reply. Japan's informal acceptance was based on the understanding that the naval agreement is intended to further the cause of disarmament.

## THE WEATHER

Official forecast: Thursday—fair and mild. Moderate to fresh westerly winds.
