## GERMAN FLIER WILL SPAN PACIFIC FROM TOKYO TO S. F. IN NON-STOP FLIGHT

### Trans-Atlantic Ace Leaves Berlin For Tokyo

Baron Gunther Von Huenfeld, ace of trans-Atlantic flight who is now flying from Berlin to Tokyo, will attempt to span the Pacific from Tokyo to San Francisco in his huge Junkers plane "Europe", it revealed yesterday in a special dispatch appearing in the San Francisco Examiner.

The veteran German flier, who had named the "Bremen," the first plane to fly from Europe to America, says that "by the grace of God, I hope to see the California coast and fly over the Golden Gate into San Francisco in a non-stop flight over the Pacific ocean from Tokyo."

Huenfeld and his party, in the airplane "Europe," according to the Examiner, left Berlin Tuesday morning in the early dawn, and headed for Tokyo, which will be made in a number of stops. Their first stop will be Sofia. Then they will proceed on to Stamboul or Constantinople, Bagdad, Karachi, Calcutta, Bangkok and Canton. Thence they will fly to Tokyo.

The narrative continues: "This flight, lasting about eight days and carrying us over the dreamlands of the Orient, will condition both the plane and the crew for the hazardous Pacific trip. We expect to fly over deserts and jungles, over romantic cities and places of mystery, but always ahead of us will be a vision of Californian skies."

When they reach Tokyo, according to the Examiner, their present motor, which is capable of 320 horsepower, will be changed, and the Junker motor with which the "Europe" recently established a new world's duration record, will be installed.

"The 'Europe' will have, as the 'Bremen' had, the donkey ears in each wing especially invented by Professor Junkers to aid stabilization through stormy weather," the article continues. "We will be equipped with fur-lined boots and gloves."

"Our only food will be coffee and milk, which will be carried in thermos bottles, and sandwiches and fruit."

"We are taking no brandy or champagne, or any alcohol, for we found from experience that alcohol stimulates for a few hours only, and then fatigues much quicker than non-alcoholic drinks."

Since the trans-Pacific flight project sponsored by the Imperial Aviation Society of Nippon fell through due to lack of an adequate plane,

### Minami Wins In S.F. Nippon Club Golf Tournament

Shinkichi Minami was an easy winner in the Nippon Club Golf Tournament held Sunday morning at the Ingleside Golf Links. Twenty-four of the best players in this section competed, and the rivalry was so keen that six of the first ten places had to be decided after one or two extra holes. Minami was awarded the silver trophy donated by N. Noguchi, president of the Nippon Club.

After the game, all the participants had dinner at the Nippon Club.

The winners and their scores: Minami 168, Ashino 163, Shirao 167, Oda 164, Tanaka 169, Mase 161, Tsuruda 169, Tatekawa 170, Hani 171, Hiroaka 171.

### Hoshi-no-Hana Girls Will Hold Casaba Practice

The Hoshi-no-Hana Club girls will hold their first basketball practice Friday evening at the Edison Jr. High gymnasium, it was decided at a meeting held recently. The girls will hold a short business meeting following the practice Friday in order to discuss plans for the coming season and also to get new basketball outfits for members.

### Fresno Taiiku Defeat Edison By 8 to 6 Score

The Fresno Taiiku defeated Edison Social nine in a thrilling game Sunday afternoon at the Japanese ball ground by 8-6 score. Murashima and Yoshikawa were the batteries for the Japanese team.

only one other transoceanic hop besides the Huenfeld project remains to be materialized. A Japanese youth, resident of California, whose name is Sumitaka Kubota, is now conducting a drive among the influential Japanese residents of the coast to back him in his project to span the Pacific from San Francisco to Tokyo on an American craft. Major Irving, an ex-army flier, will accompany him as co-pilot in this flight which is to be in the character of an international good-will venture.

## Win and Lose in Overland Race

Although Harry Tucker and Art Goebel (insets) reached Los Angeles in a flight from New York, they were forced to land in Arizona and hence missed the \$12,500 prize money in the trans-continental air race. Goebel's time was a little less than 24 hours.

## L.A. STAGES GOLF MEET

### Matsuno and Higashi Tie for Southern Championship

LOS ANGELES, Sept. 17.—(Special)—The Southern California Golf Championship was played off at Sunset Golf Course Sunday morning and Matsuno and Higashi tied for the first place with 255. After an extra hole Matsuno was awarded the championship.

The match play-off will be staged next week for the semi-finals at either the Sunset or the Griffith Golf Park.

The players who participated in the championship tournament and also in the handicap event had a luncheon at the golf club where the prizes were awarded to the winners.

The winners of the championship tourney and their scores:

Matsuno	89	91	78	255
Higashi	89	83	83	255
Yamato	88	92	81	261
Hamano	90	92	80	262
Joe	88	94	87	270
Yamamoto				
Irie				
Endo				

The net score of the handicap

## Publisher's Son Off For East To Attend College

A group of friends were at the Ferry Saturday noon to give a send-off to Yasuo Abiko, son of the proprietor of The Japanese American News, who left for the east to matriculate at the University of Wisconsin.

A prominent member of the Commodore Club of the local Japanese Y. M. C. A., and a graduate of Lowell High School, Yasuo Abiko will enroll in the experimental college of the university. Representations of the business and editorial departments of the Japanese American News were also at the Ferry to give him a farewell.

The match for next week: Matsuno vs. Joe; Higashi vs. Yamamoto; Yamoto vs. Irie; Hamano vs. Endo.

## THE WEATHER

Official forecast: Wednesday: fair and mild. Moderate westerly winds.

## SOVIET AND JAPAN CLASH OVER BARGA

### Moscow Blames Tokyo for Brawls in Manchuria

TOKYO, Aug. 28.—(By mail)—The invasion of the district of Hulunbulai by the troops of Outer Mongolia in its event that the rest of the world could ignore as the "border brawls of the lesser breed." But behind the Hulunbulai incident lies a more important development, this being the 20-year-old struggle between Russia and Japan for the economic hegemony of Manchuria. Russia has never abandoned her designs with regard to Manchuria, while Japan has been consistently tightening her hold and entrenching herself in whatever parts of Manchuria she has been able to dominate economically or otherwise.

Hulunbulai, or Barga, as it is also called, is a triangular district of some 10,000 square miles situated between Hulunbulai (one of the provinces of Manchuria), the Russian Trans-Baikal district, and the Halha region of Outer Mongolia. This area has changed its allegiance time and again, now to Russia, now to China. Today it has declared its independence and has vowed to become part of Outer Mongolia which is practically controlled by Soviet Russia. Japan regards this as pregnant with dangerous possibilities on the ground that this will lead to the Sovietization of the area that has hitherto been in the nature of a buffer state between Mongolia and Manchuria, and will advance the base of Red operations so much further east.

Russia and Japan, at this writing are blaming each other for the Hulunbulai revolt. It is here declared that Soviet money fostered and instigated the uprising in line with the annexationist and expansionist policies "which post-revolution Russia hugs as dearly as did Czarist Russia," while the Tanaka ministry is regarding the matter seriously for fear that this might occasion a collision between China and Russia and Japan might be dragged in.

Mr. McKenzie proceeded to show the tendency at the present of the interest being aroused in the Orient, by an increasing number of articles appearing in various leading journals and the effect of advertisement on travel.

While articles are becoming more numerous in newspapers and magazines it was a shameful thing that advertisements purporting to attract tourists to the Orient were negligible. Outside of the efforts made on the part of the Nippon Yusen Kaisha and the Dollar Company, there does not exist at the present anything that may be noted as an encouragement to travel in this direction. Yet advertising pays. This he showed by citing an example of how his firm adopted a policy this year of running advance accounts of the Cherry Blossom Festivals in Japan a few months previous to the season, and the response the company received in the way of increased bookings.

Not At All Fed Up. Isn't the American public fed up with the pictures and articles on Fujiyama and the Cherry Blossom Festivals? he was interrupted at this juncture.

"Not at all," he answered. "The American public is going strong for scenes of Fujiyama and the Cherry Blossom Festivals. As evidence of this fact many articles are being written by Japan which are being absorbed with great interest. Besides other features which have not been exploited are being looked into thus gradually extending the horizon of knowledge of the Orient."

While Mr. McKenzie was still upon the above subject he was abruptly sounded concerning passenger traffic in relation with the coming Enthronement Ceremony. To this he replied that the fact that the hotel accommodations are not plentiful, or at least the reported account to that effect in the United States had a tendency to cut down the possible traffic which might have come this way, although the bookings in his own company liners would be well over 20 per cent of the normal travel.

## CITIZENS OF JAPANESE ANCESTRY FORM LEAGUE AT S. F. MASS MEETING

### Committee Selected to Perfect Organization; San Francisco and East Bay District to Organize Separate Bodies

First steps toward forming a citizens' league in San Francisco were taken Monday evening when thirty citizens of Japanese ancestry gathered at the local Japanese Association auditorium and selected two committees to proceed at once to formulate the details of organization.

Following an instructive talk by Clarence T. Arai, head of the Progressive Citizens' League of Seattle, who arrived in this city following a tour of Southern California, K. Nishida, temporary chairman, opened the meeting to free discussion. Henry Takahashi, young business man of the city, was unanimously elected temporary secretary.

It was the sense of the meeting that the citizens' body to be organized here should be restricted to this city only and should not embrace the East Bay cities, where another separate organization could be formed. The chairman was then empowered to appoint a committee of five to proceed at once to draw up a constitution and provide for other necessary details of organization. The committee is composed of: Saburo Kido (chairman), Henry Uyeda, Kay Tsukamoto, Miss Shizu Sakai, and Henry Takahashi.

Another committee, composed of Mrs. C. Yonezu, Clarence Karimoto, and Miss Edith Noborio, was appointed by the chairman to make a list of all eligible voters of this city.

Three delegates from the newly formed citizens' league of Stockton were among those present at the meeting Monday. They are Y. Nishimoto, K. Hata, and Dr. Morimoto. The latter delivered a brief talk in which he told of the value of forming a citizens' body and the success attained by the citizens of Stockton in their attempt to form the league.

The main speaker of the evening, Clarence T. Arai, who was introduced to the assembly by K. Nishida, told of the great need of cooperation among the citizens of Japanese ancestry in the field of politics.

"There are at present 145,000 second generation Japanese in the United States and Hawaii," he declared, "and every one of them is a potential voter. Possibilities for united chapters of citizens leagues are great, and the outcome may be of some consequence in the history of our group. For it is only through organization that we can be made to be respected politically."

Arai dwelt in detail of the success attained by the league of which he is president. Seattle's Progressive Citizens' League, he said, now boasts of a membership of fifty citizens but this number will be doubled in the very near future.

One of the most noteworthy enterprises we have undertaken was our participation in the King's County Republican rally held recently. The Citizens' League had a magnificent float for that occasion. Kimono-clad Japanese girls under cherry blossoms strewn flowers from the float as it wended its way through the main thoroughfares, and the multitudes that lined the streets gave it great acclaim. In bright letters were the following inscription on the side: "We are Japanese American Citizens. Vote for Hoover. Vote for Curtis."

In Los Angeles, Arai said, there are from 400 to 500 citizens of Japanese ancestry, and if they could be organized under one body they would constitute the largest group of any citizens' body on the coast. While he was in Los Angeles, he helped do form such a body, and indications are that when the organization is completed Southern California will see a large and active league there.

Arai also stressed the advisability of cooperating with the native Chinese societies. In Los Angeles, he said, there is in existence the Native Sons of the Golden West, an exclusively Chinese body with a citizen membership of 700. Inasmuch as many of the interests of both the Japanese and Chinese groups are identical, there should be a mutual understanding, Arai concluded.

### GIANT TOMATO

SANTA ROSA, Calif., Sept. 19.—(U. P.)—A tomato grown from seed A. Basignani from Italy, adapted itself to California climate so well it assumed gigantic proportions. Fourteen inches in diameter and a pound and a half weight are the figures.

### Keio Loses Again To Illinois Nine By 7 to 4 Score

OSAKA, Sept. 18.—(Special)—Keio University fell before the invading University of Illinois baseball team yesterday, the score being 7-4. The American collegians got seven hits and made two errors, while Keio was credited with four safe blows and three errors.

This was the second defeat of the Keio by the Illinois.

### Y.W.B.A. TO HOLD MEET

STOCKTON, Sept. 18.—(Special)—Dr. Clark, noted lecturer on Buddhism, who is affiliated with the Japanese Buddhist Temple in San Francisco, will be the main speaker at the special English service to be held October 20 in conjunction with the two-day conference of the Young Women's Buddhist Association League convening here October 20 and 21.

This was the decision reached by the members of the Busy Bee Club at its first fall meeting held under the chairmanship of Miss Dorothy Matsunoo. Also, plans are now under for the sponsoring of a basketball championship series on October 21, with silver loving cup to the winning team, and the holding of an English service for the Busy Bee Club on September 23.

### OUR JUNIOR SECTION

Kazu Moriyma, who lives in San Francisco, gives us some good suggestions for a club flower. Here is her letter:

I think it would be very nice to have a flower for the Club. I think Lily of the Valleys or orchid would be nice, or do you want wild flowers? If you do want wild flowers, I would suggest California poppy.

Thanks for your suggestions, Kazu. Now, we want some more suggestions from other members of the J. A. J. C.

—Junio—  
Toshiko Shiosaki of Fort Hall, Idaho, writes us a very interesting letter. She writes:

There is a girl in Pocatello, Idaho, who is about my age and whose name is Kimi Okamura. She said that she saw my name in the Club and that she thought she would write but I guess she is too busy to write. It said in the Japanese American News that Prince Chichibu and his bride were to be married on September 28, and that's my birthday. I have a sister in Japan and I have never seen her. My mother left her when she was four years old, and now she is 18 years of age. Her birthday is the September 28 also but she is six years older than I am. I have joined another Club called "Young People's Fellowship." Tell the Junior Club that I send them lots of best wishes with my letter.

Well, we're very glad her birthday comes on the same day that Prince Chichibu is going to wed his fiancée, who will become a real princess on that day although she is a daughter of a commoner. Just for luck, we hope our Junior members will remember that day and send Toshiko Shiosaki a birthday card of a present. Her address is P. O. Box 62, Fort Hall, Idaho.
