ホノルル全市に亘る 少年誘拐犯人の搜索

二千の兵隊と六百の警官で 第二のヒックマン事件突発 犯人嫌疑者に日本人検挙

ヒックマン事件。また我々の記憶に生々しい折柄、ホノルルに少年誘拐事件が突如として犯人捜索のため二千の兵隊と六百の警官を投入してホノルル全市をあげての大搜索がなされて居る。然るもこの犯人捜索に日本人が多数検挙されて取り調べを受けて居る。事件が日本人に關して居るだけに同種事件でも非常な注意を以て居る。

DEMAND FOR PARLEY MADE BY GERMANY

Germany Seeks Disarmament Meet In 1929

By HENRY WOOD

United Press Staff Correspondent GENEVA, Sept. 19.—(UP)—Another demand for disarmament was made today—this time by Count Von Bernstorff of Germany.

Von Bernstorff introduced a resolution in the third League of Nations commission demanding that the league immediately fix a date in 1929 for convocation of a world disarmament conference.

The German insisted the antiwar treaty and the Locarno pact constitute a sufficient degree of security to permit a general agreement at once on reduction of arms.

Von Bernstorff's action came after several days of controversy on disarmament. Dr. J. Loudon of The Netherlands reopened the discussion Tuesday with the suggestion that no conference could be held in 1929 because of lack of progress in negotiations.

Dr. Loudon was supported by other league leaders.

Nippon Adopts the Metric System In Nation's Schools

When the next school year opens in Japan next April, no textbooks in geography and arithmetic will be distributed throughout the Empire.

The system of weights and measures which Japan has used for centuries, together with such modern adaptations as the English mile, will have disappeared from them to be replaced entirely by the metric system.

The metric system for Japan was adopted by the Diet a number of years ago, but it was realized that it would have to be introduced gradually.

The change in the arithmetics and geographies in the schools is one of the signs of such changes.

In many parts of Japan signposts have been erected along the roads marked in meters and kilometers in order to familiarize the public with the new system in a practical way.

Police Curb Frauds In Connection With Pacific Hop Project

TOKYO, Sept. 19.—The metropolitan police board has placed a ban on all so-called supporting societies for Japan's proposed trans-pacific flight, which has long been scheduled to take place this summer.

The police have found that a number of nefarious organizations have been taking advantage of popular enthusiasm for an ocean flight by Japanese aviators and have been selling a variety of articles ostensibly to raise funds for the project.

The Imperial Aviation Society, actual sponsors of the flight, announced nine months ago that the proceeds should come from the people at large so that every one might feel that he had a share in what would be the first non-stop flight across the Pacific.

Carnegie Endowment For Peace Honors a Japanese Professor

HONOLULU, Sept. 18.—Honored by the Carnegie endowment for international peace, the University of Hawaii's first professor of International Relations is Dr. Rokuro Nakaseko, eminent chemist-professor from the Imperial University of Kyoto, Japan, who will offer for the benefit of the public a course entitled "Asia's Contribution to the Development of Science."

Doctor Nakaseko will trace the scientific development of Asiatic countries from aboriginal life to date, laying particular emphasis on religion, domestic art, origin of the Japanese race, and European-American influence. The course is open to the public under the auspices of the extension division of the University.

At 1,000 Miles An Hour!

Maurice Poirier of Burbank, Cal., shown with the model of his combustion motor and rocket plane which he says will travel at a speed of 1,000 miles an hour.

Tuesday with the suggestion that no conference could be held in 1929 because of lack of progress in negotiations. Dr. Loudon was supported by other league leaders.

SHOWA BOYS TO TRAIN FOR GRID SEASON

Local Eleven To Play Y.M.A. Federation Of Fresno

Shows Athletic eleven, rugged football squad of the Foggy Metropolis and the undefeated champions of last season will start their training in earnest in October, the first practice for both the varsity and the lightweight being scheduled for October 6.

Shig Saito, manager of the regulars, announced that the team will only play four or five important games in order to give the second team opportunity to show their mettle with lighter opponents.

The Yoke Choy Club, the Tong Chis, and probably another aggregation from Eastbay Chinese, comprising the three strongest Chinese elevens in the state, loom as the contenders for the Oriental championship, now held by the Showa boys by virtue of their wins last season.

However, a new turn in the Oriental football prospects for the coming season took place when Edward Tsukimura of Fresno, representing the Japanese Y. M. A. Federation of Central California, sent in a challenge to the local boys through the San Francisco Y. M. B. A. Although Saito and the rest of the members have not been notified as yet, Dink Hasegawa, secretary of the Showa Club, said that the question of the game with Fresno had come up at the last general meeting and that the board of directors as well as other members, including Manager Saito and Captain Imoto, had approved it.

Showa came through undefeated last year without suffering a casualty on the part of the players, due to their good training in fundamentals under experienced players.

This year the boys will probably ask Cahill from Washington, and Williamson, member of the former Meteor eleven, to coach the line, and Brick Marcus, last year's coach to look after the backfield.

500 Rotarians To Meet in Tokyo for Pacific Conference

TOKYO, Sept. 17.—(Special)—More than 500 Rotarians from different countries around the Pacific will hold their conference at Tokyo for the first time in the history of the organization, for four days, October 1, 2, 3, and 4.

With the sole purpose of attending the conference, 100 delegates of the various Rotary Clubs in the United States and Hawaii will arrive at Yokohama by the N. Y. K. line Taiyo Maru on September 28, while 55 representatives of the Rotary Clubs in the Philippines, Federated Malay States and China will also be represented by nearly 50 men and women at the coming conference.

It is expected that the seven Rotary Clubs in Japan, the Tokyo, Yokohama, Nagoya, Kobe, Kyoto and Keijo Rotary Clubs having 400 members in all, will send at least 300 representatives to the coming international gathering.

For the benefit of visitors special motorbuses are operating between these three grounds during the period of the exhibition.

O.S.D.S. Sponsors Big Skating Party At Idora Sept. 29

OAKLAND, Sept. 20.—(Special)—The Oakland Sons and Daughters Society, a prominent social club composed of Japanese young people will sponsor a big skating party at the Idora rinks on Saturday night, Sept. 29.

A large crowd of young skating fans from both sides of the bay are expected to participate in this party, which begins at 10 o'clock and continues until midnight. An open invitation is extended to all by the sponsors.

Beautiful Island of Awaji. Our vessel was now forging ahead through the placid sea and after passing Wada Point at Hyogo, the well known seaside resorts of Suma, Shioya, Tarumi and Maiko came into view and passed before us in rapid succession, the beaches at each place being crowded with bathers of both sexes.

100,000 Attend Nippon's Grand Historic Fete

TOKYO, August 25.—(By mail)—More than 100,000 persons witnessed the "historic" opening of the river in Tokyo recently, when an elaborate display of fireworks was staged in the center of the Sumidagawa, the broad river which runs through the northern industrial section of Japan's capital.

The annual event is in commemoration of the first bridge built across the Sumidagawa several centuries ago. Numerous Japanese restaurants line the banks of the river near Ryogoku Bridge, where the display was held, and accommodations in them are engaged months in advance.

Huenefeld Lands In Angora on Flight to Tokyo

ANGORA, Sept. 19.—Baron von Huenefeld, conqueror of the Atlantic by air, landed here at 3:45 o'clock today, completing a non-stop flight from Sofia, en route to Tokyo.

The veteran German flier took off from Berlin Tuesday for a flight to Tokyo which will consume eight days. It will be made in many stops.

After arriving in Tokyo, he will change the motor in the "Europa," his huge Junker plane, and set out for an epoch making flight from Japan's capital to San Francisco.

PRINCE KUNI OPENS FAIR

3,000 Officials Take Part In Exhibit Opening

KYOTO, Sept. 20.—(Special)—In the presence of H.H. Prince Kunyoshi Kuni, the opening ceremony of the Grand Exhibition in commemoration of the forthcoming Imperial enthronement ceremony was held here this morning at 10 o'clock.

About 3,000 leading Government officials and civilians attended the ceremony.

His Imperial Highness is the honorary president of the exhibition and Viscount Shimpel Goto is honorary vice-president.

45,000 Taubo of Land Used

For the exhibition the Kyoto Municipality appropriated \$1,700,000. The exhibition ground occupies a site of 45,000 taubo.

The exhibition site is divided into three grounds, namely, the east, west and south. Okazaki park and vicinity is converted into the east exhibition ground. The buildings of the first and second hypotheses, public hall and commercial museum are being used for exhibition purposes.

Two buildings for displaying exhibits, the Dai Kinoto and the Karafuto, Hokkaido and other settlements have been completed on the site of the former playground.

Grand Memorial Tower

Towering above these buildings is the Dai Kinoto, or Grand Memorial Tower, 120 feet in height, in front of the Heian Shrine. The zoo in the park is also included in the first ground. The public hall is used for theatrical performances and other entertainments.

Things pertaining to the Imperial enthronement ceremony are now accommodated in the Enthronement Hall.

The west ground has the buildings exhibiting machinery, electrical apparatus and historical arcana, in addition to a bandstand, a playground for children, a fountain and a building for entertainment purposes.

In the Imperial Museum on the south exhibition ground, various art objects and rare ancient paintings are on exhibit.

For the benefit of visitors special motorbuses are operating between these three grounds during the period of the exhibition.

OUR JUNIOR SECTION

TODAY'S NEW MEMBER

Mary Sakimura, age 12, birthday October 13, address, Central Hotel, Box 1045, Yakima, Washington.

Here is the letter Mary sends us from far away Washington:

I have been very much interested in the Junior Section of the Japanese American News. I have noticed the increasing numbers of the members every day. But yet have not seen even one of them from Yakima, Washington. I take the Japanese American paper and have taken it for a long time. I'm sure you would certainly be glad if you would accept me a member.

Here is the riddle Mary sends in: What goes up when the rain comes down? Ans: Umbrella. We enjoyed your letter very much, Mary. Hope you write again.

6 U.S. BOYS HOLD STUDY AT GAKUENS

U.S.-Japanese Friendship Is Aim of Students

That they may be more able to work for Japanese American friendship, six white children, future diplomats of international understanding, have enrolled at the local Kinmon Gakuen and the Japanese language school of Los Altos for the new fall term, it was announced yesterday by K. Suzuki, principal of the local institute.

John Anderson, oldest of these students, is now in his "Kotoku" or junior high school standing at the local language institute, and expects to visit Japan for a first-hand study tour immediately following his graduation from Lowell High school in December. His proposed trip, he believes, will be of great value to him in knowing Nippon.

Upon his return, he will enter college here.

Anderson is so adept in his command of the difficult and intricate language that he is able to speak before a crowd in this alien tongue.

"He shows exceptional talent and possesses ideals of international peace which is admirable," declared Suzuki, his instructor and principal.

"We here in the Pacific Coast," Anderson once declared, "have more need of acquiring the Oriental languages than the European tongues which are taught in practically every secondary public school. Our future is bound up with the Orient, know Orient and understand it, we must know their language."

Tom Gaffney, who has registered in the H I class of the local Kinmon Gakuen, is a son of a city official here. He is of an Irish descent and wants to work for Japanese American amity. His father is heartily in accord with the boy's ambition.

Another youth to take up the study of Japanese language is Bernard Hansen, H 6 student of the Raphael Weill school. His father died in the World War.

Besides these three enrolled at the Kinmon Gakuen, three other are registered at the Japanese language school in Los Altos. Herbert Terakawa, a Stanford student, who is instructing these students, declared that they are doing exceptionally well.

And Things Japanese

Japan and Things Japanese, a section devoted to present-day news and views and ancient facts, regarding the Japanese people and their country is a regular feature of the English Section.

BOY PLANS CITIZEN LIST

S. F. Voters Urged to Cooperate With Committee

The registration committee of the newly organized citizens league of San Francisco opened a drive yesterday to list all citizens of Japanese ancestry of voting age.

Mrs. Fumi M. Yonezu, chairman of the committee, issued a call for cooperation from the public in this undertaking and asked that citizens send in their names and addresses, stating whether they have registered or not, immediately to the committee members.

Communications may be addressed to Clarence Karimoto at the Fillmore-Pose branch of the Bank of Italy, Miss Edith Noborio at the local Japanese Y. W. C. A., or to Mrs. Yonezu at the Soko Transfer Company, 1535 Laguna street.

The citizens' league was formed Monday night when a mass meeting of voters was held in the San Francisco Japanese Association auditorium. A special committee headed by Saburo Kido, local second generation lawyer, was instructed to proceed at once to draw up a constitution and provide for other details of organization. While no definite name has yet been selected, it has been suggested by many that the new organization be called the Civic Organization.

Growers Plan to Limit Shipment of Muscat Grapes

FRESNO, Sept. 19.—(UP)—Shipments of fresh Muscat grapes from central California are to be held to 250 cars a day, according to a plan which the California Vineyardists' Association will seek to put into effect, it was announced today. This variety is regarded as the controlling factor in the marketing problem at the present time.

The shipping program also calls for 205 cars of blacks from the territory between Lodi and Tehachapi; 125 cars of black juicy varieties from northern California and 50 cars of blacks from southern California, making a total of 700 cars of ship grapes daily.

Shippers of this section already have agreed to the proposed muscat limitation.

THE WEATHER Official forecast: Friday—fair and mild. Moderate westerly winds.

11 JAPANESE HELD AS GUARDSMEN MOBILIZE TO HUNT DOWN ABDUCTOR

Siberian Tigress Bolts From Cage For River Bath

MODESTO, Sept. 19.—Oppressive heat here today prompted "Empress," 750 pound Siberian tigress to bolt from her cage in the Sells-Flojo circus this morning and make a dash for the Tuolumne River, near-by, for a cooling bath.

The massive beast, advertised the largest in captivity, took a refreshing dip and after circus employees had tented off a portion of the shore, was coaxed back into her cage.

Y' CAGERS TO PRACTICE

Big Season Seen As 7 Veterans Sign up For Team

Fred M. Koba, director of the Boys' Division of the Y. M. C. A. will dust the cobwebs from his canasta equipment and start the dust flying at the local gymnasium when he puts his varsity cagers through their initial practice next Tuesday, September 25.

Fred is a master at the art of basket throwing, and teaches it with a zestful aptitude as testified by his past achievements with the Y. M. C. A. boys.

The Sutter street boys will be favored this year by an all-veteran team, having seven of last year's stars signed up to date and more expected to line up in the near future.

In selecting a team from his veterans, Fred has for forwards Tada-shi Fujita of U. C. and Ray Kaneko and Isamu Yamakawa; Noboru "Nebo" Endo and Hisashi Moriyama, centers; while Susumu Yamakawa and Iwao Moriyama can safely hold down the position at guard.

This five-star aggregation, which will probably represent the Y. M. C. A. this year, is expected to show the same brand of caging as the last year's quintet which scored 15 victories with but two defeats.

Fresno and Waseda were the only teams which were able to down the 'Y' hoop astute during the 1928 season.

BODY PLANS CITIZEN LIST

S. F. Voters Urged to Cooperate With Committee

The registration committee of the newly organized citizens league of San Francisco opened a drive yesterday to list all citizens of Japanese ancestry of voting age.

Mrs. Fumi M. Yonezu, chairman of the committee, issued a call for cooperation from the public in this undertaking and asked that citizens send in their names and addresses, stating whether they have registered or not, immediately to the committee members.

Communications may be addressed to Clarence Karimoto at the Fillmore-Pose branch of the Bank of Italy, Miss Edith Noborio at the local Japanese Y. W. C. A., or to Mrs. Yonezu at the Soko Transfer Company, 1535 Laguna street.

The citizens' league was formed Monday night when a mass meeting of voters was held in the San Francisco Japanese Association auditorium. A special committee headed by Saburo Kido, local second generation lawyer, was instructed to proceed at once to draw up a constitution and provide for other details of organization. While no definite name has yet been selected, it has been suggested by many that the new organization be called the Civic Organization.

GARDEN WILL DRAW CROWD

"Sukiyaki" Pavilion is Built In Mt. View By Japanese

MOUNTAIN VIEW, Sept. 20.—(Special)—"Happy Garden," a veritable Japanese pleasure palace on the highway between Mayfield and Mountain View, in Santa Clara County is expected to attract thousands of visitors from the bay district with its appetizing "sukiyaki" and chop suey and its wonderful garden in miniature rivaling the beauty of the Nippon Tea Garden of Golden Gate Park in San Francisco.

This garden, which will be completed by October 6 at an approximate cost of \$15,000, it is said, will contain a picturesque tea pavilion where eight second generation girls will serve tea and "sukiyaki." A pond with a fountain will surround the ducks or "oshidori" will play in the water. Red carp and gold fish glide languidly in the pond to enhance the beauty of the scene.

A grand opening celebration will occur on October 6, when leading Japanese residents of the Bay district will be invited to participate in the feast and nuptial. The pavilion is expected to become a landmark in the Santa Clara county.

The aim of the sponsors, as explained by Herbert Terakawa, director, is to encourage better Japanese-American friendship by providing a unique and picturesque structure that represents a work of art of the Land of Cherry Blossoms. I. K. Ishimatsu, business manager and nine other Japanese are the sponsors of this project.

Eight second generation girls are required to assist in the service at the pavilion. Those interested are urged to communicate at once with the manager.

Kidnapper of Hawaii Banker's Son Is Sought

HONOLULU, Sept. 20.—(Special)—Eleven Japanese were held by the police today, but, although one of them was alleged to have written the letter to the boy's parents demanding ransom, all stoutly denied guilt.

HONOLULU, Sept. 20.—Seven Japanese and one white were taken into custody as suspects, and an army of 2000 national guardsmen and more than 600 deputy sheriffs was mobilized here today to hunt down the abductor of Gill Jamieson, 10-year-old son of Frederick W. Jamieson, Honolulu banker.

Eight suspects still were being held, despite a statement issued by Captain of Detectives John M. McIntosh saying the police were far from a solution to the case.

In addition to the five Japanese taken into custody yesterday, three other persons—David Bonn, 20; Thomas Ohta, 20, and Charles Nakamata—were detained.

McIntosh questioned Bonn and Ohta in an attempt to break down the alibi of their friend, Harry Kalsan, former chauffeur for the Jamieson family, who was among the first of the suspects to be held. Kalsan was suspected on the ground that he had been discharged for incompetence.

City Plotted for Search

Sheriffs and National Guard officers announced they had plotted the city into districts and would search every suspicious looking place in town.

Young Jamieson was taken from his school Tuesday by a foreign appearing man who reported that his mother had been injured and desired him to return home. Later Jamieson received a note demanding \$10,000 ransom money. He arranged a meeting and reported later that he had delivered \$4000 to a man Tuesday night on the latter's promise to restore his son. The man disappeared in a crowd and failed to return.

Taxi Driver, Boy Seen

A M. Yoshida, taxi driver, as the boy, accompanied by a man dressed in white, he drove from near the Punahou school to Waikiki, near the Royal Hawaiian Hotel. The cab driver said the pair disappeared in the hotel grounds.

Kalsan has steadfastly denied any part in the crime and the writing of a ransom note demanding \$10,000.

Fred Bailey, handwriting expert of the Honolulu police department, and Professor Stanley Porteus of the University of Hawaii, have said that specimens of his handwriting compared to that of the missing student Jamieson and Aoki Oshima, drug store owner, who received a death threat Tuesday unless he paid \$500 to the writer.
