POLICE NAB 22 STUDENT COMMUNISTS

Authorities Employ
Iron Hand To
Crush Reds

TOKYO, Sept. 29.—(Special)—With the arrest here yesterday of twenty-two student communist leaders of the Imperial University coming upon the heel of a nation-wide roundup recently of some 1000 radicals, Japanese political and social observers see symptoms of a profound unrest in the Empire which may lead to serious consequences.

The arrest yesterday made in the woods of Toshima Park in the lonely Nerima Mura, a suburb of Tokyo, where these students, members of the defunct "Shinjinsha" or the New Intelligentsia Club, assembled for the purpose of discussing the proposal to reorganize the society. The Shinjinsha, formerly a powerful communist student center of the Tokyo Imperial University, had been disbanded recently by order of the Ministry of Education.

This society, with its branch headquarters in the leading colleges and universities of Japan, was formed some ten years ago and since then has produced most of the leaders of the various proletarian parties now in existence here.

The incident yesterday, coming upon the heel of another similar arrest of students recently at the Northeastern Imperial University in Sendai, indicate that the authorities are determined to use an iron hand in crushing out "dangerous thought". In fact, the government recently expropriated a huge sum of money from this movement.

Further arrests will no doubt follow, however, see further on. The police method of combating what they believe to be a symptom of a fundamental social discontent which can only be removed by remedying the evil.

Buddhists Will
Hold Oratorial
Contest Sunday

CALIFORNIA, Sept. 29.—(Special)—The first distinct Japanese oratorical contest will be held Sunday night, Sept. 29, from 7 o'clock, in the Shōwa Hall of this city, under the sponsorship of the local Y. M. A. and Y.W.B.A. with the support of The Japanese American News, the New World News, Hokubel News, and the Buddhist Buddhist Society.

The speech will be made in Japanese on problems dealing with the United States. Five speakers from the Bay district and those have entered their names for the contest.

Demure Japanese
Girl Wins Tennis
Meet In Seattle

SEATTLE, Sept. 28.—(Special)—A sweet faced diminutive Japanese maiden stepped into the shoes of a champion the other day when she won the Girls' Club Tennis tournament. Three times winner of the Franklin "F", little Miss Billie Tashiro, came through with flying colors recently at the Garfield tennis courts in the finals when she defeated Sada Seki for the championship. Modestly, little Billie murmured, "Oh, it was all an accident. Miss Seki played a very good game but she played in hard luck."

Miss Tashiro won the final after losing the first set 6-5 only to come back to win the next two sets 6-4. By winning this tournament Billie gets a silver medal and wins the Japanese Girls' Club champion-

GIRLS OPEN CAGE PLAYS

Stockton Busy Bees
Want Games With
Other Clubs

STOCKTON, Sept. 29.—(Special)—The Busy Bee Girls opened their basketball season with a stiff practice Friday. Twenty-three girls showed up with expectation for a bright season. Again this year "Izzy" Kunii, the stellar forward of the team, will lead, and Nellie Fukuhara will assist.

Since the basketball court of the church is small, the girls are practicing the two court system. With Rudolph Miyata and Frank Mirikitani, star players of the Y. W. B. A., on the coaching staff, the Busy Bee Club Team is looking forward to a successful season.

The team is willing to accept all challenges; the girls' average age being fifteen, height five feet and weight one hundred and two pounds. They would like to meet teams about this average. Manager June Fujishige has scheduled a game with the Penry Shijo-Kwai, on October 7. Much excitement is promised since the two teams played a tie game last week.

Stockton Pirates
To Meet Templars
In Football Game

STOCKTON, Sept. 29.—(Special)—The Y.M.B.A. eleven will meet the Pirate squads in a practice game at the Stockton High School field Sunday from 2 o'clock. The Y.M.B.A. team's average weight is about the same as the San Francisco Showa reserves, and a game with them may be arranged in the near future.

CIVIC CLUB IS FORMED IN HAWAII

Citizens Of Nippon
Ancestry Hold
Banquet

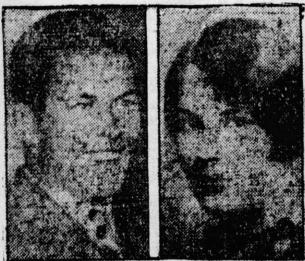

HONOLULU, Sept. 28.—The Koolaua Japanese Civic Club was formally launched upon its career at an elaborate luau yesterday on the baseball grounds of the Kahuku plantation. Three times winner of the Franklin "F", little Miss Billie Tashiro, came through with flying colors recently at the Garfield tennis courts in the finals when she defeated Sada Seki for the championship.

Modestly, little Billie murmured, "Oh, it was all an accident. Miss Seki played a very good game but she played in hard luck."

Miss Tashiro won the final after losing the first set 6-5 only to come back to win the next two sets 6-4.

By winning this tournament Billie gets a silver medal and wins the Japanese Girls' Club champion-

Gene and Polly

Gene Tunney and Polley Lauder, who are to be married early in October.

The retired champion is now in Europe and his fiancee is en route.

Sorrento Or Rome? That's Question Tunney Will Decide Before Wedding

By THOMAS R. MORGAN
United Press Staff Correspondent

ROME, Sept. 29.—(UP)—Gene Tunney reached Rome today and at once began preparations for his forthcoming marriage to Miss Mary Josephine Lauder.

Then Tunney called on United States Ambassador Myron T. Fletcher. Later he telephone the American consulate at Naples and was understood to have discussed formalities connected with the wed-

ding. Miss Lauder, now en route to Italy, is booked to stay at Naples. Whether the wedding will be there, or at Sorrento, nearby, or in Rome has not been disclosed definitely.

It was reported on good authority that Tunney intends to take a private villa surrounded by high walls, which are common in Italy. All access to the villa will be barred and the wedding probably will be held in strict privacy there, with only immediate friends present.

SCOUTS HAIL NEW LEADER

S. F. Troops Welcome
McGregor From
Europe Trip

John A. McGregor, new leader of the San Francisco Boy Scouts and prominent figure in the ship building industry of Nippon during the World War, was given enthusiastic ovation by the local scouts, including the Japanese troop, at a huge welcome sponsored Friday night in the auditorium of the High School of Commerce.

McGregor, who is one of the supervisory members of the city of San Francisco, was elected to head of the scout movement here following his return from a tour of Europe.

The new scout leader is well known in Japan as regarded as a Commodore Perry in the shipbuilding industry of that country. At the time of the World War he went to Nippon to supervise the purchasing from the United States of steel and other materials for construction of ships. While in that country he was presented by the ship building industry there with a model of ancient warships made entirely of sterling silver with gold ornaments.

The thirty local Japanese scouts of troop 12 who joined in the welcome given to McGregor were headed by their assistant scoutmaster of San Mateo was preserved.

CITY PLANS JUDO MEET

Seattle Experts To
Sponsor Tourney
In November

SEATTLE, Sept. 29.—As the final year, the Seattle Dojo of the Seattle Japanese Athletic Training School, is bringing together the Japanese Judo artists of the Northwest in a gigantic tournament to be held at the Nippon Kan Hall, to celebrate the Imperial coronation ceremony on November 11.

Inquiries have been forwarded to the various organizations in the entire Northwest and to individuals, Portland, Tacoma, Pife, White River, South Park, Auburn, Vancouver and Victoria, B. C., are expected to compete in the tournament, as organizers and also their respective members will compete in the individual match for silver medals.

Besides Judo other events are on the program and Japanese wrestling may take prominent part on the bill. Boxing and Japanese fencing is also being proposed.

According to Mr. Mochizuki of the Seattle Dojo, there are over one hundred Seattle members who will enter the tournament and it is expected that each organization will send in at least twenty-five entrants.

Several new faces will be seen and among them Mr. Saito third class black belt man and reputed to be one of the best known Japanese Judo artists in Japan who came here recently, will give an exhibition.

The plans for the coming tournament are being carefully laid now and it is believed by the Dojo authorities, that the coming events will prove to be the biggest to be held of its kind.

Jackie Coogan Is
Ardent Admirer of
Colonel Lindbergh

NEW YORK, Sept. 29.—Jackie Coogan who has come here in order to appear in vaudeville told pressmen today that if he deserts the movies it will be to become an aviator.

Coogan is now 14 years old, and although he still possesses the bright smile that marked him when he appeared in "The Kid" with Charlie Chaplin at the age of four, he now hardly resembles the tiny youngster with ringlets so well known to screen fans.

Two years ago Coogan had his hair cut short and he has never let it grow since. He is now about four feet six inches tall and weighs 85 pounds. He is too big to appear on the screen as before.

Coogan says he wants to stay in the pictures all his life, but first wants to get through school and college, intending to go to either Yale or Harvard. He is a great admirer of Colonel Lindbergh and Lieutenant Goebel, and it is his ambition to become a great aviator like them, although both his father and mother are opposed to his wish.

Although the San Jose boys won

LABOR WILL HOLD MEET IN CALCUTTA

Delegates Of Japan,
India, China To
Participate

An Asiatic labor conference to be participated in by Japan, China and India, will be held in Calcutta next May for the bringing of "people's diplomacy" to the fore in the three countries and eliminate as much as possible the friction among them.

This is the message brought to Honolulu the other day by Mansuke Yonekubo, a member of the Japanese delegation to the international labor conference at Geneva last summer, who arrived there on the Talyo Maru from San Francisco, enroute home.

The exchange of memorandum for the Asiatic conference, according to Yonekubo, was made by the delegates of Japan, China and India at the Geneva conference. The delegations recognized the fact that diplomatic relations, especially between China and Japan, were not cordial, and decided to smoothen these relations through the medium of a labor conference. The conference will also make preliminary preparations for the next international labor gathering at Geneva.

Speaking of the work done at the recent Geneva conference, Yonekubo said that the delegates from Japan cooperated with those from India in the deliberations on various matters that came up before the conference.

On his way home Yonekubo visited Mexico and interviewed Don Luis Mornez, the organizer of the General Labor Federation of Mexico. They made frank exchange of opinion regarding labor in Mexico, especially the joining of the General Labor Federation by the Japanese residing in Mexico. Yonekubo told the Mexican labor chief that he has no objection to his countrymen becoming members of the labor federation provided they are given the same treatment as the native Mexican members. The suggestion was agreed to by Mornez.

Yonekubo thinks that Mornez is one of the big men of Mexico and predicts that he may become president of that republic within the next four or five years. In case he does, Yonekubo thinks, it would be a boon to labor circles in Mexico. Yonekubo is not a new man to Hawaii, for he went there 17 years ago on the freighter Kagoshima Maru as second class engineer.

Johnny Weismuller, Paul Wyatt, Walter Laufer and Miss Helen Meany of the United States arrived yesterday aboard the Tenyo Maru to compete in the international meet.

Commercial Street

Along the curving brightness of the bay.

The hurried little street runs like a song;

Way-up-around, around, and down-along.

It takes its litling, winding vivid way.

Between small shops and smaller houses, gay

With zinnias, petunias, hollyhocks,

Hooked rugs, ships' models, figure-heads, old clocks

And modernistic paintings of today.

Art students, tourists, townfolk, fishermen,

Elbow each other; motors warily

Dodge horse-drawn carts; great buses, thundering

From distant towns, keep walkers wondering.

A darling and delightful thing to be

A stroller here—one always comes again!

Roselle Mercier Montgomery.

Boy To Represent Hawaii Scouts At Japan Coronation

Herbert Thara, 18, assistant scout master of Troop 36, American Legion Post, No. 1, Molokai, will represent the boy scouts of the territory at the coronation ceremony of the emperor this fall. When he sails this afternoon on the Talyo Maru he will carry with him credentials from the national headquarters, the Hawaii council and the Japanese Consul here.

Thara is a graduate of McKinley high school '28 and also the Japanese high school '27. He is planning to enter a middle school in Japan to complete his linguistic knowledge.

The representative of Hawaii is a life scout and second in command of Troop 36 which is the second and ranking troupe in the Islands.

This was revealed yesterday as America's position on the Anglo-French naval plan, following publication of identical notes Secretary of State Kellogg sent France and Britain. These notes said:

"No program that might place this country at a disadvantage on the seas need be submitted. The Anglo-French arrangement would not only have had this result, but would also have led to a recurrence of naval competition."

U. S. FAVORS CURBING OF ARMAMENTS

Note Says U. S. Does
Not Favor Paris-London Pact

WASHINGTON, Sept. 29.—(UPI)—The United States Government stood ready today to listen to any new disarmament proposal, fully protecting American naval interests and national needs. But it opposes the Anglo-French naval pact because that obviously is intended to limit American sea strength while materially enhancing France-British offensive power.

That was revealed yesterday as America's position on the Anglo-French naval plan, following publication of identical notes Secretary of State Kellogg sent France and Britain. These notes said:

"No program that might place this country at a disadvantage on the seas need be submitted. The Anglo-French arrangement would not only have had this result, but would also have led to a recurrence of naval competition."

RULER WILL FETE PAIR

Imperial Couple To
Be Honored By
Emperor

TOKYO, Sept. 29.—(Special)—In order to celebrate the wedding of Their Imperial Highnesses Prince and Princess Chichibu, an informal banquet will be given in their honor in the Imperial palace by H. I. M. The Emperor and T.I.H. Prince Takamatsu and Prince Sumi, all brothers of the newly wedded prince.

TOKYO, Sept. 29—The wedding of Prince Chichibu and Miss Setsuko Matsudaira, the 19-year-old daughter of the former Japanese ambassador to Washington, was brought to a climax tonight by a lantern procession which gave the Tokyo populace an opportunity to express congratulations to the newly wedded pair. The ceremony took place this morning.

It was estimated that 60,000 persons took part in the procession.

Keep Strong Ties
Japan Emigrant
Colonies Warned

TOKYO, Sept. 29—If the view of the Japanese official represents the policy of the government respecting emigrants of its great surplus population, Japan would deem it vital to maintain strong ties, spiritual as well as commercial, with the transplanted groups of Nippon.

Overpopulation is vexing the Japanese authorities and experts see only emigration in great numbers as the solution. But, more important than even large scale departures, according to that same official, is the benefits to be expected by Japan.

"We are endeavoring to send out a certain class of people who will be capable of cultivating Japanese markets and supplying raw materials for the people back home," says Jitsuo Kawashishi, vocational director of the home ministry.

"The emigration of a few, well equipped with capital, well trained and versed in the conditions they will face abroad and in good physical condition, will be of much more value than the indiscriminate dispatch of great hordes." While emigration is being encouraged (notably to Brazil) Kawashishi believes this cannot solve the problem.

Fresno Boys To
Face Taft Nine
At Home Ground

FRESNO, Sept. 29.—(Special)—The Fresno Athletics will meet one of the strongest opponents of this season when they face the Taft nine at the local Japanese ground Sunday afternoon September 30, from 2:30 o'clock.

Anderson and Murashima will stand against Palos and Grant of the Central California nine, and the game is drawing much interest of the fans.

By Pusey
