JAPANESE IN S. F. PLAN BIG CROWN FETE

Classical Dance Will
Feature Program
On Nov. 11

A dreamy court "odori" to the soft tune of the minuet, a dance by a group of Japanese girls in bright-colored dresses and patriotic songs by little students of the local Japanese language institutes—these will be the features of the elaborate celebration to be sponsored by the Japanese Association of San Francisco at the Dreamland Auditorium on the evening of November 11, in commemoration of the enthronement of H. I. M. The Emperor of Japan.

The Silver Echo girls of the Japanese Y. W. C. A. are practicing the court dance under the direction of Miss Sumie Yamamoto. They have been highly commented upon by those who have seen the rehearsals.

The Y. W. C. A. of the Bukkyo-kai will present a beautiful dance act, in which 18 girls in special costumes will present what is expected to be a stunning performance. Miss Itoko Tsukuda is in charge of the dance.

The "Gotaitei Hoshoku Odori," a dance especially conceived for this occasion of Imperial Enthronement, will be presented by a bevy of thirty-six girls from the eight Japanese language schools of this city. From all indications it will be one of the most colorful presentation ever given in the San Francisco Japanese community. The girls, with sprays of chrysanthemum in one hand and a Japanese flag in the other will dance in the traditional Japanese style.

Professional entertainers will also be invited from the local stage to add color to the celebration. Thru Messrs. Nakano, Kawashima, and Katayama, the local Japanese Association is now negotiating with the management of the Union Square Theatre for the presentation of a wholesome entertainment for the night.

The talented members of the Silver Echo club of the local Japanese Y.W.C.A. will present the court dance with the following members: the Misses Shizuya Koba, Yukiko Fujita, Kaoru Saito, Masako Ichiyasu, Kyoko Enomoto, Kimiko Omori, Teruko Abe and Kashiko Fujita.

EUGENICS IS JAPAN PLAN?

Government In Study
Of Population
Problem

TOKYO, Oct. 25.—Birth control and eugenics furnished the central theme of the discussion by the population section of the Government's Commission on Population and Food, which met recently at the Premier's official residence.

Failing to reach any decision on the matter, a subcommittee consisting of Drs. Sen Nagai, Tooru Nagai and Tokuzo Fukuda was named to make a further study of the question and report its findings to the population section of the Commission later.

Among other matters, this subcommittee has been instructed to investigate the following matters:

1. Should birth control be advocated as a solution to the nation's population problem?

2. Is it advisable to limit by legal procedures the discussion or the propagation of information on eugenics?

3. Is it not advisable to exercise police supervision over the present so-called information offices on birth control?

Various arguments were advanced by the committee members on the subjects at the meeting. It was agreed by many that, even if the practice of birth control might not be desirable, economic causes and health conditions necessitate it in many cases.

Birth control, it was contended, should be based on eugenics. If the practice is legalized, only expert medical men should be allowed to give advice, it was explained.

TOKYO, Oct. 24.—The annual income of the Japanese people numbering about 80,000,000 is approximately 17,000,000 yen. This means the nation earns slightly more than 537.40 yen each time a clock ticks off a second, according to the investigation by the government.

The government, which has for some time past been figuring out the statistics of the state's property and the nation's earnings, is ready to publish the detailed report about the middle of this month. This is the first attempt in Japan, and is also one of the most difficult enterprises to conduct with accuracy.
