JAPAN LABOR OUT TO FORM NEW PARTY

Merger of Different
Proletarian Bodies
Contemplated

TOKYO, October 15.—(By Mail)—The fourth meeting of the executives for the formation of a new labour farmer party of a comprehensive nature was held in Tokyo a few days ago, when the policy to be followed in order to bring about an amalgamation of the proletarian parties was discussed. As a result, the following policy was accepted at the meeting:

So long as the Japan Labour Farmer Party's attitude regarding the Shakai Minshuto's plan of amalgamation of the right wing labourers remains undecided, the project of forming an amalgamation of the proletarians cannot be carried out with dispatch. At present, the expectations of the masses have been betrayed.

The amalgamation of the proletarians cannot be brought about if the left wing masses are left out. It is also a mistake to bring it about merely by an understanding reached by the executives. The united front of the proletarians can only be formed by joint action of all concerned. Attention should be directed toward winning the support of the Japan Labour Farmer Party in order to win the support of the masses.

A statement to the foregoing effect was published immediately, and then the following matters were also decided before the meeting adjourned at 6 p.m.

1. The name of the new party to be formed shall be decided after securing general contributions.

2. Chosaburo Mizutani, Member of the House of Representatives, formerly a member of the Labour Farmer Party, will be temporary secretary.

3. A meeting of the delegates from different branch organizations throughout the country shall be held in Tokyo on October 24 and 25.

4. Ikuo Oyama and Chosaburo Mizutani shall be sent to North America on a visit. The details as to this plan shall be decided at a meeting of the executives on October 6.

5. An investigation committee shall be appointed, with a view to publishing pamphlets, such as "Labour Farmer Party," the "United Front," and other leaflets.

TODAY'S BIRTHDAY

Yoneko Frances Kado of Gilroy. Yoneko is 13 years old today. She lives at Rt. 2, Box 227, Gilroy. We wish her best luck on her happy birthday. We also hope some of our members would write to her.

Chiyo Nonaka, our member in San Francisco, says she would like to vote for morning glory for our club flower. Her jokes follow:

Junior—

Teacher: Who has the highest position in the United States.

Johnny: An aviator.

Junior—

Teacher: What shape is the earth?

Billy: Square.

Teacher: Why do you say that?

Billy: Well, my father was a sailor, and he said he sailed the four corners of the earth.

Junior—

Father: Do you know what kind of paper is used in an air mail letter?

Boy: Sure! Fly paper.

Junior—

Hisaiko Nonaka, Chiyo's sister, also writes us that she would like to vote for the morning glory. Hisako sends this riddle:

Junior—

I am white, I like winter, and I hate summer. What am I? Ans: A snowman.

Junior—

Thanks very much, Chiyo and Hisako, for your interesting riddles. Write us again.

NIPPON IS NOT SET FOR WOMEN VOTE

Minseito Advocates
Extension of Man-
hood Suffrage

TOKYO, Oct. 29.—That the time is still not yet ripe to allow Japanese women to have votes in national elections, is the view of Minseito to leaders, who recently discussed the question of revising the present universal manhood suffrage law.

In the opinion of the Opposition leaders, conditions in this country are such that it would be inadvisable to grant suffrage rights to women. It is admitted by some, however, that it might be desirable to let women enter politics gradually, first by letting them have a voice in local governments.

VOTE FOR MALE OVER 20

The Minseito advocates the extension of the present universal manhood suffrage so as to include all male subjects of the Empire above 20 years of age to enjoy suffrage rights. At present only men 25 years or older can vote in elections. Candidates for the Diet must be 30 years or more.

Opposition leaders are vigorously opposed to the Government's proposal to change the present medium-sized electoral district system to the small-sized. It is branded that the revival of the small-sized districts is anarchistic and against the spirit of the times.

MINSEITO REVISION

Among the revision proposed by the Minseito are those aimed at guaranteeing freedom of speech and assembly, and the prohibition of official interferences and bribery.

A special committee will work on the revision more in detail, and the draft so prepared by the committee will be submitted to the party's general meeting. It is expected that these revisions, when completely drafted, will be recommended to the Government for action.

USERS ANY MACHINE

His interest in typewriting developed about four months ago. In the past month he has passed several remarkable speed tests. Unlike most rapid typists, Inouye can handle any machine at high speed. His interests outside the school are mechanical. He likes structural drawing and can take any typewriter to pieces and put it together again.

Inouye has three brothers and two sisters. One sister is married; the other is now in the eighth grade in school. One brother owns the OK garage in Fresno, California; one runs the theatre in Papakau, Hawaii; one is a mechanist.

FROM URBANA ILL.

Edward Sueoka, former Junior College student, has been enrolled at the University of Illinois and is now pursuing the course in medicine. Ed wrote that "every thing turned out to be O. K., except that I was three weeks behind for registration." For this semester's work Ed is taking Embryology, English, U. S. History, and Philosophy. Ed, who is living at 912 W. Stoughton Street, says he will be more than glad to hear from his friends in California.

"COFFEE"

Hoshio Oshima, better known as "Coffee," who is now on the blue of the Pacific Ocean with his whole family, sailing toward the native country of his parents, writes from Hawaii to one of his friends in Sacramento: "The sight in Honolulu is pretty. The weather is kinda unpleasant. Too d— hot! I had a keen trip so far. Hope it will be the same the rest of the way."

MOVING SOUTH

The Japanese residential section is rapidly moving toward south into the residential section of the whites. At present the most of the Japanese are renting the houses from whites, mostly Italians. The rent of a home with five or six spacious rooms beside a pantry, bathroom and garage runs from \$28 to \$32. There is no feeling of antagonism against the Japanese moving into the residential section of that the Japanese are settling down gradually with the hope to die in this country, and that there is a

great deal of wealth accumulated by them through long years of hard labor.

Hallowe'en Is Play
Given By Little
Echo Club

Putting something over on their big sisters, the young ladies of the Little Echo Club of the local Y. W. C. A. gave a successful two-one-act plays and invited the girls of the Silver and Golden Echoes to view their charming presentation Saturday night.

The colorful spectacle of the wonderland with real witches and everything, called the "Hallowe'en," was well presented by a cast composed of the Misses Yukiko Enomoto, Kazu Tomisawa, Kazu Moriyama, Yoneko Endo, Hiroko Endo, Suma Bailey, Cheiko Honda and Kathleen Fujita.

"Aunt from California," in which the Misses Chizu Ichiyasu, Shizu Koba, Kiyoko Enomoto and Eugenia Fujita, played the roles, was well appreciated by the audience. It revealed careful coaching.

The big sisters were treated to games and songs and refreshments by the members of the Little Echo Club.

AWFUL JAPANESE

Although there are some young people who are trying their best to learn to speak the best Japanese language, there are many, especially among males, who speak most awful Japanese. Some do not know better, which is very unfortunate, but some do it deliberately. That is most offending, because to hear them speak the language they usually know, English, spoken correctly, rather than the language known a bit here and there, Japanese, spoken snobbishly.

TILL MIDNIGHT

More than thirty couples of Chinese and Japanese enjoyed a dancing party last Saturday night at the beautifully decorated, spacious hall of Center Hotel. The party was given by the Japanese and Chinese students of Sacramento Junior College to stimulate a better friendship among these two groups.

Henry Fong and John Kuwamoto of Junior College had arranged the whole affair in a "nifty" shape so that the party danced till midnight without making any one feel "dead."

The prizes were given to a Chinese boy and his partner, Miss Daisy Fujita, as the reward of being the best dancing couple of the evening.

Among the guests were: Miss Loraine Tsuda, Jane Fong, Daisy Fujita, and Agnes Miyakawa; Eddie Nakatake, and Howard Wong. There were many high school boys and girls invited.
