L.A. GAKUEN PLANS HUGE STRUCTURE

Union Church In L. A. Publishes Monthly Journal

LOS ANGELES, Nov. 17.—(Special)—If nothing happens to the press Linotype tonight, the first issue of the Union Bulletin, an official monthly publication of the Union Church young people, will come out Sunday morning.

The paper will consist of four pages and will be slightly smaller than the regular daily. The present project is the first undertaking of its kind among the Japanese Churches here. The paper will deal with all the present, past, and future activities of the Japanese Union Church.

Present plans call for construction of a building large enough to accommodate a spacious library, an up-to-date gymnasium, and enough rooms to take care of the ever increasing number of students. While no definite steps have as yet been taken, indications are that the new building will be constructed in the near future.

Mrs. Abiko Will Fete Noted Japan Suffrage Advocate

Maintaining that Hoover's experience in the Orient will enable him to guide the Far Eastern policy of this country with much understanding, a woman suffrage leader of Japan and a delegate at the recent Pan-Pacific Women's Conference in Honolulu, will be honored at an informal buffet supper to be given Sunday evening by Mrs. K. Abiko, wife of the publisher of the Japanese American News, at her home on Union street.

Twenty-five leading second generation girls of San Francisco and the East Bay district will be invited to participate in this affair. Following the supper there will be an hour of informal conversation and discussion in order that Miss Ichikawa may learn something of the problems and opinions of the second generation girls.

Miss Ichikawa, the guest of honor, will give a talk before one of the Japanese churches in Oakland this afternoon prior to the party at the home of Mrs. Abiko.

BRITAIN IN COTTON WAR

Giant Spinning Firm Formed to Compete With Japan

LANCASTER, Eng., Nov. 17.—(Special)—A gigantic spinning company, known as the great Oriental Spinning Company, has been organized in this city to specialize in manufacturing cotton goods especially for Oriental countries, including China and India, in competition with the Japanese manufacturers.

Over 50 proprietors of spinning mills in this city have combined to promote this huge undertaking. At the present time Japan and Great Britain are fierce competitors for the Chinese market. Due to the fact that labor is much cheaper in Japan than in England, Japanese manufacturers have been gradually able to supersede British supremacy in the Chinese markets. The latest project of the Lancaster Industrial leaders is regarded as an attempt on their part to revive their lost prestige.

Miss Miwako appeared in many

concerts in Tokyo in the spring this year and gained reputation as a young genius. Recently she was to start on a concert tour with Mr. Yoshinori Matsuyama, tenor, who was noted in France, but her parents Mr. and Mrs. Kai objected to it, and wanted to take her back to their home. They negotiated with Mr. and Mrs. Kawasaki for the recovery of their child, and on the evening of October 20 hot words were exchanged between them. The girl was distressed, and leaving a letter left Mr. Kawasaki's house alone about 11:30 o'clock in the night.

GIRL DISAPPEARS

The parents and the custodians were frightened at the sudden disappearance of the girl, and with the aid of the Shibusawa police made an extensive search, and found the girl in the Yoyogi Parade Ground the next morning. Miss Miwako is still staying with Mr. Kawasaki.

Mr. Kawasaki interviewed by this paper says that he wants to settle the case amicably, but that the girl is unwilling to return to her parent's home. Mr. Kai says that he is very much indebted to Mrs. Edith Kawasaki, but wants to bring up the girl by himself now.

NIKKO, Japan, Nov. 17.—(Special)—The little village of Yumoto, known throughout Japan for its striking scenery and hot springs was completely wiped out by a fire which engulfed the 20 hotels here about midnight. Nikko Hot Spring is a famous health resort where thousands of people annually spend a part of their time in relaxation. It is situated in the vicinity of the famous town of Nikko, noted as one of the historical centers of Nippon.

SELLS MONEY MACHINE

ST. LOUIS, Mo., Nov. 15.—(UP)—James Chapman, 42, negro, made

from \$3 to \$10 daily selling "black cat wish-bones" which were supposed to work miracles, cure the sick and bring the owners luck.

But that wasn't enough. He sold

a negro couple here a "money-making" machine which he said would turn out legal tender.

He charged them only the \$100 tax

which he said the government levied for the privilege of manufacturing U. S. money.

The machine consisted of two pieces of wood bolted together and containing five fresh official \$1 bills.

Louis also wants our Juniors to

write to her. Her address is R. F.
