## MUSIC HOLDS CITIZENS AT CLUB PARTY

### Convention Report Is Given at Citizens' League Supper

Ted Kozuma, professional Japanese musician, gave stunning musical renditions at the monthly supper of the New American Citizens League Wednesday evening at the Sho Wa Low on Post street.

With a certain lyrical zest in his interpretation, he played the "Indian Love Call" on the ukulele and gained the warm acclaim of all those who heard him. His rendition of the "Light Cavalry Overture" on the mandolin was also warmly applauded and encored.

**LARGE ATTENDANCE**

Under the chairmanship of Henry Takahashi, toastmaster, the supper went under way promptly at 6:30 o'clock, with some thirty young citizens of Japanese ancestry in attendance. This unexpectedly large turnout despite the bad weather and the rush of the pre-holiday season, is regarded as an indication of the interest taken in this monthly affair.

The next supper, which will be held some time in January through the courtesy of the Japanese Business Men's Association, will probably be characterized by a still larger attendance.

Another feature of the program was the delightful musical duet given by Charles Kikugawa, local Japanese orchestra leader, and Will Ito, young music instructor. They played two popular numbers and were encored.

### UYEDA GIVES REPORT

Henry Uyeda, San Francisco delegate to the recent convention of the American Loyalty League held in Fresno, gave a report of the proceedings of the meeting. He urged that the San Francisco citizens put their every effort to plan the League convention in this city next spring which will be one of the most successful one ever undertaken here.

Saburo Kido, president of the League, gave a brief words of welcome and promised the support of the leading Japanese business men of this city in sponsoring the big convention next year.

George Tozasaki, young business man of this city, gave a brief talk. He was followed by Miss Sumie Yamamoto, secretary of the local Japanese Y. W. C. A., who congratulated the citizens in their formation of the league and the active work it is undertaking.

## HERO AGAIN; NO REWARDS

### L. A. Youth Rescues Furnitures From Burning House

LOS ANGELES, Dec. 13.—(Special)—Playing the role of a hero for the third time this year, "Hicky" Nomura, diminutive member of the local H-Y Club who figured prominently in the rescue of LeRoy Mason at Lake Arrowhead on Thanksgiving Day saved silverware and priceless furniture last Sunday afternoon from a burning house.

Nomura had gone to Long Beach looking for the scheduled football clash between the Gakusei Kwai boys and the Long Beach eleven at San Pedro. Disappointed because he had missed the game he was bound homeward with Albert Noraki, Dick Hamamoto, and Art Kaneko. They were suddenly attracted by a burst of flame on West 28th near Vermont about 6:30 o'clock. The quartet jumped out of their machine, and went up a flight of stairs and down again in mad dash with the furniture. The firemen "rushed" to the scene 60 minutes later, when the Japanese youths were almost exhausted from the gallant deed. Aside from a cinder or two, the boys received no remunerations.

## FRESNO JSCA HOLDS MEET

### Discussions, Musical Program Feature Meeting

FRESNO, Dec. 12.—(Special)—With a liveliness and activity which promises to bring into public prominence a very useful organization, the Fresno chapter of the Japanese Students Christian Association held a heated discussion meeting Saturday night at the home of Miss Tomoko Kameno, who acted as the hostess of the evening.

"Whether one should go to church or not depends on the individual," said Kay Kawai, who was the main speaker of the day presented his views on "Religion and the College Student." There is no conflict between religion and science, he avowed. Going to church is not everything. What is important is to have a deep faith and practice in Christian principles, he declared.

### FIXED RULES

In the heated discussion which followed, it was declared that the gradual abolishment of chapel service in some of the noted colleges was a sign of the new tendency to let the younger generation embrace religion voluntarily, and not by fast and fixed rules.

Musical selections seemed to be popular as a form of entertainment, and the song "Tomoko Kameno, Jeanette and Tosato Kawai" rendered several piano pieces, while Thomas Furuya played a violin solo. Refreshments were served afterwards.

### NEXT MEETING ON DEC. 29

This was the third meeting of the club since its reorganization in October when the new constitution was adopted. The next meeting will be held on December 29 at the Kawai home in the form of a social. Members will bring at that time contributions for the club magazine which they decided to publish on New Year.

"Their Merrits and De-Merrits" will be the topic to be discussed at the meeting on Dec. 29. Entertainment of a joyous nature will occupy the rest of the evening.

## Showa Club Will Conduct Election Friday Evening

The Showa Athletic Club will hold its third annual election tonight, Friday, at 2142 Bush street. The meeting will start at 8 o'clock.

The proposal to create several new offices, as endorsed by the board of directors, will be brought before the members of the society at that time.

## COBB BACK FROM TRIP TO NIPPON

### Avers Japan Made Big Strides in Ball Playing

Ty Cobb, famous ball player and manager of the American baseball party returning from a tour of Japan, arrived here aboard the Dollar line S. S. President Jefferson Wednesday.

With Cobb were Mr. and Mrs. Bob Shawkey, star pitcher of the New York Yankees; Fred Hoffman, catcher of the Boston American League Club; Herbert Hunter, manager of the party, accompanied by his wife and sister; Miss Frances Hunter; E. C. Quigley, prominent National League umpire and his family.

### In a speech given at the Imperial Hotel in Tokyo during his stay there, Cobb gave the following impression of Japanese baseball:

**JAPANESE LEARN QUICKLY**

"There is no question in my mind that, considering the intense interest and application which the Japanese put forth, their anxiousness to learn the fundamentals and the scientific side of baseball, they will develop very fast, and if they continue to make strides as they have in the past there is no reason why they should not be playing a world series some day with teams of the States.

"We do not consider we have the greatest game in the world—we do not claim that. We think baseball is a great game to develop one physically, and I believe it develops more than any other game we have. It is a game that can easily be played anywhere, on any kind of ground, and it is not an expensive game.

### FAULT IN ADMINISTRATION

"We feel tremendously complimented that the Japanese have taken to this game of baseball, and I sincerely hope it will be my good fortune to come back again some day when I feel sure I shall see still greater improvement."

Mr. Guigley, in his speech which followed, also paid great tribute to the manner in which baseball is played in Japan.

"But where the Japanese game falls down is in the administration of sports, not in the playing of the game he pointed out. Continuing he explained:

**"THINK OF THE MAJORITY"**

"The six splendid universities in the neighborhood of Tokyo have organized a league, but when I inquired at Waseda yesterday how many boys play baseball and represent that school, I was told 24—24 representing a unit of 16,000 students, where do the other 15,976 boys get any pleasure out of baseball? In the schools in the States all these other boys are taken care of, and this is what Japan should do with her other boys."

Mr. Hunter spoke briefly about the important part baseball is playing to bring about friendly relations between the peoples of Japan and the United States.

Four games were played at Tokyo, four at Osaka and one at Kyoto. The coronation interfered to some extent with the attendance but on the whole the trip was a successful one.

### 22,000 SEE GAME

George Putnam was the box office and advance man for the games. Only university teams were played, and enough of the university boys were used to fill out the U. S. team.

Putty says that was a mistake; that the only thing to do if such a trip is to be a big success is to have a complete American baseball team to pit against the Japanese.

Cobb pitched one game of the nine and won it; played first base on occasion and also center field.

"Japan is baseball mad," said Putnam. "Our biggest game was in Tokyo, where we played to 22,000 people. And they get more money from admissions than we do—from 50 cents up."

### HITTING IMPROVED

"What is more, their baseball is 100 percent improved. All along the weakness of the Japanese players has been in batting. But believe me they can hit, now."

Just one word to show the baseball interest. The day after we arrived the university championship was settled. Two clubs were tied for third place and they drew 20,000.
