## EVENTS FOR TRACK MEET IN S. F. TOLD

### Two Stadiums Are Reserved for Northern Tourney

Two of the San Francisco's largest stadiums have been reserved for the Northern California Japanese Track and Field championship meet which will be held on June 9, under the auspices of the newly organized J. A. A. U. of San Francisco.

Due to unfavorable conditions of the Kesar Stadium field about that time, the shot put, discus, pole vault, and javelin events will be run in the order mentioned at the Golden Gate Park Stadium. It was announced by the committee. These events will commence from 11 o'clock.

The track events and the jumps will be held at the Kesar oval in the following order:

#### ORDER OF EVENTS

60 yard trial, 440 yard trial, 1 mile, 220 yard trial, girls' 100 yard trial, Junior 100 yard trial, low hurdle, broad jump, 100 yard trial, 800 yard, 220 final, girls' 100 yard final, Junior 100 yard final, 60 yard final, 440 yard final, 2 miles, 100 yard final, high jump, 880 yard relay trial, (relays final if no trial necessary), girls' relay (8 girls each running 55 yards), Junior 440 relay, 880 relay final (if trials were held), announcement of the scores, Medley relay (440, 220, 800, and mile, run by four runners), awarding of prizes.

#### 5 TEAM PRIZES

An athlete may enter any three events and relays. The points in Junior, girls', and special relay events will not be counted in the score for the team trophies, which will be awarded to the first five teams scoring the most number of points on the basis of 5, 3, 2, 1 as announced before.

#### INDIVIDUAL PRIZES

Individual winners of each event will be awarded beautiful silver loving cups, while other prizes will be awarded to the second and third place winners. These prizes will be announced later.

#### INVITATION

Any Japanese athlete of a recognized Japanese organization is eligible to enter. No entrance fees are required, and no admission will be charged the spectators.

It is the wish of the sponsors that, while there are no outstanding track athletes in Northern California at present, the tourney will produce a team which will compare well with Southern California Japanese aggregations.

For information regarding the track meet, communications should be addressed to the Track and Field Committee, J. A. A. U. of San Francisco, 1664 Post Street, San Francisco.

## Feng Masses His Troops To Shansi For Contingency

SPECIAL TO THE JAPANESE AMERICAN NEWS  
NANKING, April 30—One more step toward the imminent Chiang-Feng outbreak was taken today when General Feng massed his troops under General Sun at the borderline of Honan and Shansi provinces.

The entire Feng faction in the Nationalist government of this city resigned today en masse, including Foreign Vice Minister Tan Yueh-liang and Army Minister Lu Chung-lin and others.

The Central Executive Committee held an extraordinary session last night and issued orders commanding the formal eviction of General Sun, Feng's military chief, as governor of Shantung district. General Sun had already tendered his resignation a few days ago.

It is believed that General Feng had massed his troops on the Shansi frontier to prepare for possible hostile action on the part of General Yen Shih-san, warlord of Shansi province, who is expected to side in with Marshal Chiang Kai-shek, nominal president of China.

## MISS HITOMI TRIMS MARK

### Japan Wonder Athlete Batters World Record At Meet

SPECIAL TO THE JAPANESE AMERICAN NEWS  
TOKYO, April 30—Miss Kinuo Hitomi, Japan's woman wonder athlete, who was the sensation at the International Athletic Tournament in Stockholm in 1927, today established a new world record when she achieved a total of 216 points in the triathlon event in the All-Japan Women's Olympic tournament staged in the Jingu stadium through the sponsorship of the Japanese Women Sports Union.

Miss Hitomi made the 100 meters in 12 seconds, to achieve 87 points. She cleared the bar at 1.45 meter in the high jump for 70 points, and threw the javelin 33.13 meters for 59 points. Her high jump achievement sets a new Japanese record.

## World Advance In Women Activities Noted By Scholar

KOBE, Japan.—"The Widening of Women's Interests," was the topic of an address delivered here by Miss Isabelle MacCausland, American sociologist and lecturer, who recently returned from her 15-month trip in the United States in connection with the drive for the Kobe College fund.

She referred to the efforts of many distinguished women leaders of various countries to uphold the cause of various worthy social work, and to help better conditions in the world.

Among such women leaders of the world, whose activities were cited as examples of the widening scope of modern women's interests, were Madame Naidhu, the Indian Mayoree, who was decorated by the King of England for her practical aid of the sufferers at the time of a terrific flood in Hyderabad; Miss Tsiang, the prominent woman leader of China, and author and lawyer at the same time, who is Rector of Law in the University of Shanghai; the Danish Minister of Education who is a woman and who was given her important portfolio for equal educational opportunities for all; Miss Take Fujita who made a most effective appeal for the welfare of children at the last Pan-Pacific Conference in Honolulu; the women members of the British Association for the Advancement of Science whose papers laid before its recent conference aroused considerable interest and favorable comments in the British press; Jane Adams, generally regarded as the most distinguished citizen of Chicago, who is interested in the children exposed to the disgrace of public trial; nine women mayors in America, and the increasing number of women parliamentary members in England and America.

In referring to the work of these

## OYAMA WILL VIE IN TILT FOR SAC'TO

### Youth Will Represent Fellowship In U. C. Oratorical Contest

#### SACRAMENTO WEEK BY WEEK

By A SACRAMENTAN  
Joseph Oyama was chosen to represent his organization at the oratorical contest sponsored by the U. C. Japanese Alumni Association to be held on May 31st, when the Better Fellowship Circle of this city met last Sunday evening at the Presbyterian church.

"Joe" is seventeen years old and is a junior at the local high school. After the business meeting, Miss Greenwald of the American Baptist Church led a lively open discussion on "Christian Service."

#### "COFFEE"

Well, that old boy "Coffee" Oshima is back now from Japan. He spent more than six months traveling up and down the Island Empire, visiting temples built a thousand years ago, falling in love with gorgeous sceneries, and surprising at the sight of great Western architectures and the noise and the dust of the metropolis of New Japan. "Coffee" even went to Shanghai where he saw something "awful"—something even this daring writer would not dare to print in this column.

Unlike the "Four Girls of Seattle," Coffee did not find Japan much different from what he had already pictured in his mind. "Oh, Yes, I'd like to visit there again," he said, "but I don't think I'd care to live there all my life." Although I had terrible time trying to squat down on the floor or what they call tatami, I think Japanese are sanitary and convenient," Coffee said. Misao, his sister, said, "I love Japanese clothes. They're lovely!" Coffee and his sister will be back in Los Angeles sometime during the next week.

## WALT TSUKAMOTO

Walter Tsukamoto, a law student at the University of California and a native of Florin, might open up a new law office in Sacramento after his graduation from the university this summer, it is said. Sacramento welcomes you, Walt.

#### TYPICAL QUEST

This writer sometimes ago announced that he should like to have his readers write to him telling him their opinion as to the typical type of American-born Japanese girls. Fortunately to say that he received a pile of letters from all over the State, and even from some person away north in Washington. There were some letters from men and women and other than Japanese. They are all interesting, and you may be shocked to read some of them.

But will you not wait until next week? You see, I have no space to print any of them this week. To those who were kind enough to write those letters, I wish to say that I am sorry that I did not print your letters any earlier.

George Nakamoto, a journalism student at the Columbia, came to Sacramento from Los Angeles last week. George is now in Los Angeles again where he is planning to work a while before returning to school.

## Sac'to To Hold Meet At Baptist Church Thursday

SPECIAL TO THE JAPANESE AMERICAN NEWS  
SACRAMENTO, April 30—Sacramento Student Club will hold a special meeting at the local Baptist Church, Thursday evening, at 8 o'clock.

Important business must be settled immediately, and the president requests all members to attend at the above mentioned date and place.

women social workers of different countries, the speaker emphasized the fact that in spite of the strong prejudice held by a section of the people in regard to their modern activities in all walks of life, these good women were mothers at heart. Behind all their activities one could find their strong love of little children, which inspired their services, she said.

## Pupil With Beard As White As Snow Enrolls in School

SPECIAL TO THE JAPANESE AMERICAN NEWS  
HAKODATE, Japan, April 30—An extraordinary sight caused much excitement among the pupils of the Wakanabe grammar school in Yubari Machi today when they beheld a pupil enrolled in the first grade who possessed a beard as white as those of Santa Claus himself.

This new device of learning is Hansuke Takahashi, 73-year-old grand grandfather of this district, who believes that one is never too old to begin. He proudly boasts of 72 grand children and grand grand children, all living.

## FRESNO WILL STAGE TILT

### YMA Planning Oratorical Contest On May 25

SPECIAL TO THE JAPANESE AMERICAN NEWS  
FRESNO, April 30—The annual English oratorical contest, sponsored by the Fresno Y. M. A., will be held this year on Saturday evening, May 25 in the auditorium of the Fresno Buddhist Church.

The announcement was made early this week following the regular meeting of the delegates from the various societies affiliated with the Y. M. A.

The topics for discussion are optional with the contestants, according to sponsors, and a large number of youthful orators are expected to vie for the honors. The affair is one of the most important oratorical events of the year in Central California.

## Oakland Merritts Will Clash With Showans In S. F.

SPECIAL TO THE JAPANESE AMERICAN NEWS  
OAKLAND, April 31—The Oakland Merritts, with only one defeat chalked against them this season, will tackle the strong Showans Shoguns this Sunday afternoon in San Francisco.

The Merritts were erroneously reported as having been defeated in San Jose in the preliminary to the Meili game. Merritts has played an American team on that day and took the tussle by a handsome score.

The local nine had won over Showans several times last year and are regarded as the favored ones this Sunday. However, the tilt being the last one on the card this season for the San Franciscans, the Showans are determined to close the spring season with only one defeat which they suffered unexpectedly last Sunday afternoon from the Berkeley Taiiku boys.

## JAPANESE ART STUDENTS IN PARIS WAGING BITTER WAR

By PRINCESS ALI FAZIL  
United Press Staff Correspondent  
PARIS, Apr. 30—(UP)—There is a Japanese "civil war" being waged right in the heart of the Paris "Latin Quarter" with canvas as the battleground and brushes as the weapons. It is providing the only real movement that the Quarter has seen for several years, for otherwise the famous colony of art-impelled Bohemians has been, for long already, in the doldrums.

The small army of Japanese painters is almost equally divided, but the most famous are all followers of Tsuguharu Foujita, most successful, financially and artistically of all artists within the Quarter today. The civil war is waged around the question of holding to the Japanese tradition of art, or of modernizing it by healthy injections of modernism, cubism, impressionism and all the other "isms" with which the Quarter swarms.

FOUJITA MIXES IDEAS  
Foujita has proven that it is possible, and even profitable, to mix French with Japanese ideas of art. But there are die-hards, sent to France on Government fellowships who still contend that art as represented on Japanese screens and fans is the only picture worth looking at.

The Japanese population of the cosmopolitan quarter is greater than the American. In Japan whenever a youth shows some aptitude for painting, he is encouraged to go to Paris, for even in the Orient the prestige of the Quarter is recognized.

## KAWASAKI TO LECTURE AT JAPAN NIGHT

### Oakland Forum Will Show Entrenement Film At Program

SPECIAL TO THE JAPANESE AMERICAN NEWS  
OAKLAND, April 30—"Japan in Entrenement Days," an Oriental program full of education value, will be staged by the Oakland Forum in the Oakland Auditorium Theater in the evening of May 8.

Morikazu Ida, consul-general of Japan, will bring greetings to the American people at this gathering, which will also be marked by a lecture by Torao Kawasaki, attache to the local consulate and well known lecturer, who delivers his talk in English. Miss Annie Florence Brown will describe the Royal Procession leaving the Imperial Palace at Tokyo.

Miss Brown's lecture will be amply illustrated by colored slides of views of Japan and a reel of motion pictures of a few scenes relating to the Entrenement Ceremonies.

The affair, which is sponsored for the purpose of fostering a better understanding of Japan and things Japanese, is having the cooperation of the Japan Society of America in San Francisco. The president of this society, Wallace M. Alexander, will preside over the meeting.

The tickets may be obtained at the Sherman and Clay of San Francisco, the Goshado Book Store at Buchanan and Post street of San Francisco, and the Hatano Company, 724 Washington street, Oakland.

## Los Angeles Will Erect New YMCA For Japanese Boys

SPECIAL TO THE JAPANESE AMERICAN NEWS  
LOS ANGELES, April 30—Considerable interest is being displayed in the Japanese community by the far sighted people of this city, that of erecting a Y. M. C. A. building similar to the one now about to be built in San Francisco.

It is argued with intelligence that the Japanese community of Los Angeles being both financially and economically well established as compared to other cities, has every reason to have such building.

Furthermore, it is stated that the young men are in constant search of a legitimate meeting place where they could gather to play, to talk and study. Due to the lack of such place, many of the young men drift into places which are unwholesome and are not helpful in the building of clean character, but destructive wherever a structure of building for the young men would incidentally encourage the scattered young men to organize into one body.

The City of Los Angeles is lauded everywhere as a progressive city and it is only logical that the Japanese community keep pace with that progress.

## San Francisco Man And Oakland Girl Engagement Told

Emperor of Korea. The Emperor of Japan, had, even before, bought his paintings.

His works are now in the royal palace of Brussels, and in all the famous museums, including the Louvre and Luxembourg in Paris and collections in Chicago, Amsterdam, Berlin, Nimes and Lyons. Both the Belgian and French Governments have decorated him.

Foujita likes to paint cats and women, "whose attitudes are as graceful and claws as long." Unlike the traditional artist who stands up his easel, Foujita sits at his work on a cushion at the foot of his canvas.

"There is no one type of beautiful woman," Foujita told me. "I do not mind if women are fat or thin, so long as their lines are in good proportion. Renior painted some beautiful pictures of women whose lines were far from approaching the silhouette idealized today. For myself, I prefer long, slender women with large, deep eyes."

## JAPANESE IS HELD IN PLOT TO SWINDLE

### Victim of Dupery In Seattle Tells Of Conspiracy

SPECIAL TO THE JAPANESE AMERICAN NEWS  
SEATTLE, April 30—The failure of a gambling dupery, alleged to have been attempted by Kuma Tagamori and his Chinese and Filipino accomplices for the purpose of swindling money from Yoichi Miyazaki, ended in the arrest of the trio, who are now behind the bars of the local prison awaiting trial.

According to Miyazaki, victim of the swindling plot, he was accosted by Tagamori at Washington and Second streets. Tagamori said he was from Tacoma and was looking for a driver. At this juncture a Chinese, alleged to be the conspirator in crime, came upon the couple and asked them if they knew the address of Matsumoto, an insurance agent.

While they were talking, a Filipino came up to the group in a Chrysler car and offered to direct them to the insurance office. Miyazaki, having nothing to do with the insurance man, declined the offer, but they fairly forced him into the car, according to Miyazaki.

While they were on the luxurious car, Tagamori told Miyazaki that the Filipino who was in the front seat possessed 1000 dollars and that they could win the money by gambling. The Chinese jumped at the offer, but Miyazaki refused, according to the latter's testimony.

STARTS GAMBLING  
In a series of five games the Filipino bid four hundred, and Tagamori raised the bid to five hundred. The Filipino refused to gamble further on the ground that Tagamori possessed no money, according to Miyazaki, who declared:

"Then Tagamori asked me if I wouldn't show my money or a check to satisfy the Filipino. I finally took out the money but refused to lend it or take part in the game. While we were arguing over the matter, the Chinese snatched the money and ran down the street, while the other two pretended to chase him."

The police caught the runaway Chinese, and held the other two alleged conspirators.
