Seattle Ace Plans To Establish Route By Way Of Alaska

Special to The Japanese American News SEATTLE, June 13—J. G. Bomar, former flying ace and now president of the Pacific Coast Airways Inc., announced at a recent luncheon of the Associated Business Men's Club that some step to form an air route to the Orient for passenger transportation service will be taken within the next eighteen months.

Mr. Bomar declared his company will undertake to establish air routes to the Orient by way of Alaska and Siberia. This route, he said, should be determined shortly. Although at first the route would only be practical in the summer months, eventually a regular schedule for the whole year will be undoubtedly arranged for, he announced.

In 1927, he said, there were only 5,000 miles of air routes in the United States, but today, the East is a veritable network of air routes and the West is following close on its heels with an approximate total of 100,000 miles of air mileage.

Dinuba Invaders Beat Watsonville YMA 7 to 4 Sunday

Special to The Japanese American News WATSONVILLE, June 13—Score three to three, no outs and the bases loaded. This was the situation when George Kebo, the young Dinuba pitcher came to bat. Who would have dared to dream that this frail looking hurler would hit a home run at this tense moment? But that was exactly what happened in the memorable sixth inning of the Dinuba-Watsonville duel, which took place Sunday before about 300 enthusiastic fans.

Taking a mighty swing at the old apple, Kebo lifted one of the longest home runs that was ever seen in the local field over the high right field fence, winning the second contest of the two-game series.

Outside that disastrous sixth inning in which the Dinuba nine, winking all of a sudden, collected five hits and two walks to tally seven runs, Benny Matsuda, local pitcher, chucked a masterful game. He allowed only one hit and no runs in the other eight innings. However, fate seemed to be against him and that sixth inning rolled along with the Y. M. A. leading with a score of 3-0.

The local boys scored three runs in the first canto, but after that they were held scoreless till the seventh in which they tallied one more.

In the last inning, the Y. M. A. had a golden opportunity to turn the tide, but when Sody Alvino, who pinch-hit for Fujimoto, got a hit and tried to score all the way from first and was caught at the home plate, the game was history.

THE TOTALS
Dinuba 000 007 000—7
Y. M. A. 300 000 100—4
The first game, which was played on Saturday, was also won by Dinuba by a score of 6-4. Sody Alvino pitched for the Y. M. A. in this game.

FUTILE EFFORT
A spirit of disarmament prevails here, the futility of competition among the three chief naval powers, each located upon a different continent, being regarded as obvious, but apart therefrom both political and business leaders realize that Japan will be unable to compete even in a 60 per cent cruiser basis if

Japanese School Teacher Shaves Hair Of Children For Cleanliness' Sake; Fired By Angered Parents, Officials

TOKYO, June 13—A new kind of bobbed hair has been disclosed in the little village of Umise in Nagano Prefecture.

The pupils of the fourth grade of the village school went to school this morning with their flowing locks and returned home this evening with their heads as smooth and shining as a billiard ball.

Immediately there was a big uproar in the village among the parents who protested against this "priestly bob". An investigation revealed that the school teacher, observing that the children's hair was dirty from lack of attention, had decided to cleanse their heads by scraping them hair all, with a razor. Razor, she testified, was more effective than soap and water. Hair, she said, was a nuisance, anyway, as it attracts dirt and stands in the way of cleanliness.

Japanese Students Ban Appropriation For College Sorts

TOKYO, June 12—By the vote of 205 to 200 the students of the Junior College of Niigata today decided to refuse appropriation of money for athletic champions of the school in the intercollegiate sports.

The present system of college sports, they contended, was unimportant for the reason that practically the entire athletic fund is used for the benefit of a few champions and no provision is made for the ordinary student athlete who does not make the team or who has no inclination
