Ninety Attend WBA Meet At Walnut Grove

H. Terakawa Delivers Inspiring Address On Buddhism

By OUR CORRESPONDENT WALNUT GROVE, June 26—Despite the sweltering heat which marked the day as the hottest one of the year so far, the ninth conference of the Y. W. B. A. League of Northern California was held with tremendous success at the local Buddhist Church on Sunday, June 23.

Delegates from various districts of Northern California began arriving on the scene of the conference from nine o'clock in the morning, and although the majority of them had arrived by the time the Sunday school service had begun at ten, a score or more registered later in the day.

Following the usual custom, stories were told to the Sunday School children by the following members: Mary Tanihara, Florin; Virginia Nitta, Placer; Hisako Okubo, Vacaville; Thelma Hisaka, Stockton; and Daisy Fujita, Sacramento.

The conference photograph was taken in front of the new church after the Sunday School service, following which each one was served with a delicious luncheon plate by the girls of the hostess club, the Shiragiku Kwa, and their mothers.

The business meeting was called to order at 1:30 by Lorraine Tsuda, president of the league. Following are some of the important decisions made during the meeting.

1. To issue a League pamphlet to be called "Forget-Me-Not." This flower is the symbol of the league.

2. During the year 1930, the conference will be held in Vacaville in March and in Stockton in October. The October meeting for this year will take place in Penryn.

3. To send delegates to the summer conference of the North American Federation of Y. W. B. A. Leagues, which will convene in Watsonville, July 23 to 27.

4. Each member to wear her club uniform to the next conference in October.

5. The newly formed Auburn district Shojō Kwa was formally initiated into the league.

FREE DISCUSSION The entrance of the Auburn organization into the league was the most important event of the day. This brings the total membership to seven clubs. It is also expected that the Buddhist girls from Ileton, several of whom were present, will enter as an organized body at the next conference.

Promptly at four o'clock the oratorical meet began, presided over by Florence Noyoshi, head of the Shiragiku Kwa. Rev. Herbert Terakawa delivered the main speech, choosing as his topic, "Who is the Real Buddhist?" He explained in detail the meaning of the "Devotion for the Three Treasures" (Kikyomon), stating that Buddhism is a religion which appeals to reason as well as to faith. The other speakers follow:

OTHER SPEAKERS Alice Hirakawa, Florin—"Buddhism"; Ayako Fujii, Walnut Grove—"Impressions on Education"; Alice Fujishige, Sacramento—"Heart of Mother"; Jean Okubo, Vacaville—"Takara"; Minnie Yokote, Placer—"Loyalty in Religion"; Dorothy Horita, Stockton—"Why I am a Buddhist"; Norma Yoshinaga, Florin—"Watakeshi domo no Kokoro"; Sumiko Nakao, Sacramento—"Shin no Tomo"; Grace Shimada, Vacaville—"Reflections"; Alice Masuda, Placer—"Bukkyo no Risoku"; Isabelle Kunii, Stockton—"Soku Shii".

The speakers seem to improve and gain more ability with each succeeding conference. Several showed their versatility by speaking in Japanese when they had spoken in English before, and vice versa, doing with amazing ease.

THE BANQUET A lovely banquet took place in the new Japanese School hall in the evening, with delicious refreshments served by the Shiragiku Kwa and their mothers.

U. S. HOLD ON CHINA'S AIR STIRS JAPAN

Monopoly of Yangtze Lines Said To Be Pact Violation

Special to The Japanese American News TOKYO, June 26—Official Japan today senses grave transgression of the spirit of the Washington Treaty in the recent announcement that the American-owned Curtis-Robertson Aircraft combine has obtained a monopoly from the Chinese government to establish a network of airlines in the vast Yangtze Valley, the heart of the Chinese nation.

The most direct and concrete opinions were advanced by the Foreign Office officials, who maintain that a monopoly of communication lines in any great area is a violation of the Nine Power Pact formulated at the Washington Conference of 1921. They pointed out that open line of communication, unembarrassed by exclusive control, is the essential for well-being of the diverse nations interested in China and the Far East.

While the Foreign Office restricted their argument to this technical point, the Army officials were broader in their statements against what they believe to be a menace to Japan's national defense.

"Establishment of exclusive airways in the heart of China with an airbase at Shanghai will mean control of potential resources in time of war," declared one officer. Commercial planes being easily and swiftly turned into fighting crafts, the United States will have at command an offensive system that can easily be thrust into the heart of Japan if events necessitate such a course.

This, the army officials pointed out, is detrimental to the intent and purpose of the Washington Treaty, which prohibits establishment of any sort of naval base in the Far Eastern waters. An American stronghold in Shanghai is a violation of the fundamental idea of that treaty, he said.

VOTE RIGHTS NOT ENJOYED

Japanese Citizens of Canada Are People Without Country

SEATTLE, June 26—"A nominal citizen of one nation, but in point of privilege a man without a country, is actually the status of the Japanese born in Canada and expatriated from Japan."

This is the view of The Japanese American Courier, a local second generation weekly journal, in one of its recent issues, concerning the peculiar problem facing the Canadian-born Japanese, whose racial origin seems to be the only bar that stands in the way of full exercise of citizenship privileges, including the right to vote.

"Although at the present time the number of Japanese born in Canada, chiefly in Vancouver and Victoria, is not so large, there are few who are attaining legal majority and the question of their voting privilege is coming to be an important issue.

VOTE IS DENIED "At the present time there is no Japanese voting in the dominion, provincial and municipal elections even though Japanese, whether born in Japan or Canada, are eligible to become citizens.

The exceptions among the Japanese are those who have seen service under the British flag during the last war.

"The case presents a peculiar situation, in that many of the Canadian born Japanese expatriate themselves from the land of their fathers and become full-fledged Canadian citizens and English subjects, feeling, of course, that they will be allowed to vote in the dominion, provincial and municipal elections.

However, as the case becomes clear to them, they are citizens but without the right to vote.

"This is the situation among the Canadian born Japanese and the case is no different among the Japanese who were born in Japan but who have been expatriated from their native land.

MANY REACH MAJORITY "Through the exact figures are not known, it is believed that there are two to three thousand Canadian born Japanese in Victoria and Vancouver with somewhere near a hundred reaching the majority during the last year.

These people, in the majority, have been expatriated from Japan and are privileged to call themselves English subjects and Canadian citizens. However, it seems that their citizenship is purely nominal since they are not allowed to vote even in the municipal elections in which they have much interest at stake as citizens of Canada.

"This condition in Canada gives a peculiar light to the Japanese situation there, insofar as Japanese citizens of Canada are concerned."

DR. OTTO PELTZER Dr. Peltzer needs no introduction to the majority of athletic fans in this country. He is regarded as a sure winner in the middle distance events. The world's best time for the 1,500 metres is 3 mins. 51 secs. flat, and was made by him in Berlin in 1926. The world's official record for the 800 metres is credited to him and is 1 min. 51 3-5 secs. His best record for the 400 metres is 47 2-5 secs. against 50 1-5 secs., the official Japanese record held by Toshiro Bando.

HELMUT KORNG Kornig, Germany's leading representative in the sprints at the last Olympics, is another member who is expected to have an unchallenged victory. He has equalled the world's record of 10 2-5 secs. for the 100 metres dash, while in the 200 meters he holds an enviable record of 20 9/10 seconds. At the last Olympics

Uchida Quits Post As Japan Ratifies Pact

Interpretative Note Not Necessary Is Count's View

TOKYO, June 26—Count Uchida, Japanese statesman, who signed the Kellogg renunciation of war pact, in Paris, has resigned from the privy council.

The opposition in the council objected to the phrase "in the names of their respective peoples," holding this an affront to the Emperor, in whose name alone the pact could be ratified.

The council, in a strained atmosphere, today did finally approve the signature, without reservations, but with an interpretative declaration attached with regard to the disputed phrase. Count Uchida strongly objected to the necessity of attaching either the reservation or interpretation.

WASHINGTON, June 26—News of the approval by the Japanese Privy Council of the Kellogg treaty for the renunciation of war was received in American government circles with rejoicing.

Japan is the last of the fifteen original signatory powers to ratify and the document will come into full force as soon as the Japanese instrument of ratification is deposited in the archives of the State Department here.
