### Benefit in Oakland (To Be Marked By Kabuki Play)

An attractive benefit entertainment featured by dramatic skits and musical numbers will be given by the Bay region league of Y. W. B. A. some time in the near future in Oakland.

This announcement was made today following a special session of cabinet officers Wednesday night at the local Temple on Pine street. Details of this projected benefit were discussed at that time.

Among the attractions of the entertainment will be the "Inose-yama" a Kabuki drama which proved very popular when it was presented to the San Francisco public some time ago. Fred won the first set, 7-5, and lost the second to Noboru, 4-6. Not quite experienced as his brother, and certainly no anxious to defeat him, Noboru played a rather rough game in the deciding set, losing by 6-3.

The club class B rounds ended in a victory for Omiya, who defeated Teshima, 6-0, 6-3, in the finals, and was awarded the Kasual trophy.

#### THE PRELIMINARY ROUNDS:

Special to The Japanese American News LOS ANGELES, Nov. 23.—The Outlaws, a fast local quintet, reeled over its opponents, the Trojans, to the tune of 51 to 18 at the Lincoln high school court a few days ago.

On the same evening the Bruins downed the Hongwanli boys, 24 to 18, in the third round of the "A" league series.

In the Outlaw-Trojan contest, Suzuki ran fast and furious around the basket and scored twelve points. The star of the game, however, was Onishi, leader of the Outlaws, who snatched fifteen points.

## Shanghai's Annual Regatta Prohibited By China Officials

SHANGHAI, Nov. 2.—(UP)—Rowing enthusiasts of Shanghai are mourning over the fact that the Chinese provincial authorities of Kiangsu have prohibited the holding of annual regatta at "Henl-on-Wangpo," otherwise Tsing-yang-kong.

According to the Chinese, foreigners should not be allowed to exceed their treaty rights to the extent of setting up such a yearly custom. According to the foreign press, this is simply another pin-prick designed to show the foreigner his place in the scheme of things.

#### OUTSIDE THE TREATY

For the past 20 years, foreign rowing "fans" have staged this regatta on the river above Shanghai. One of the vernacular papers explains that the provincial government ordered rejection of the customary petition "on the grounds that, through boat-racing is a healthy sport, foreigners always have exerted their utmost efforts to maintain their superior positions in China under cover of the unequal treaties, so, as Tsing-yang-kong is in Chinese territory according to the

## MOTT TALKS TO LEADERS AT YM FETE

### Optimism Expressed in Regards to Future of the Orient

The prevalence of a great spiritual hunger among the younger generation in the Far East was pointed by Dr. John R. Mott, head of the World Y. M. C. A., in an address delivered Friday noon at the Y. M. C. A. Hotel on Turk street.

Six Japanese were included among the speakers who gave welcome speeches at the luncheon. The affair was attended by a selected group of civic leaders and church heads.

Dr. Mott's subject was "Present Day Trends Throughout the World and Their Meaning to the Christians of the West."

Despite starvation and almost impossible economic burdens, Asiatic nations are now in a more hopeful state than for some years past, declared Dr. Mott.

To understand the conditions in Asia, he said, the economic stress must be taken into consideration. Japan he said, is struggling under the loss of nearly a sixth of her national wealth through disasters and removal of wartime industries.

#### NATIONAL SPIRIT

Everywhere in Asia, Dr. Mott said, peoples are responding to a new spirit of patriotism and nationalism. Even China shows, for the first time, a sense of national autonomy and India, with its diverse religions and races, is responsively aware of a national ideal.

## \* \* \* JUNIOR AND SENIOR CLUB \* \* \*

Dear Junior Editor: How are you and also "Obasan"? May I join the Junior Club? I am in 3rd grade in American school. I want some Junior member girls of 8 or 9 years of age to write to me.

Here is my riddle: Purple, yellow, red and green, The King cannot reach nor the Queen, Nor old Noll whose power's so great. Tell me this riddle while I count eight.

Answer—Rainbow. Your new member, Alice Yomogida.

Welcome, Alice! That is such a pretty riddle that we were glad that you too sent it, although someone else sent it before.

"Obasan" and I are one person—and I am very well and happy. I thank you and all who so kindly ask.

Here is another letter from a member 8 years old. We think these letters are splendid, and are very proud of them.

Dear Junior Club: wake of man's growing mastery of nature. It is more likely, I think, that intelligent men will outgrow the older, shabby habit of running to God as a Santa Claus or an indulgent uncle, and will come to see religion as man's perfect emotional adjustment that will insensibly help him in his continuing conquest of his world.

## SAVANT HITS U. S. POLICY TOWARD ASIA

### Inconsistencies Bared By Prof. Treat Before Local Club

America's inconsistencies in her policies toward Asia have "robbed her professions of any sense of reality," declared Prof. Payson J. Treat, department of history of Stanford University, in a recent sizzling paper before the Commonwealth Club.

"Our hands are not clean," he said. "We have our discriminatory laws as to immigration and economic and political privileges in China and Japan. Americans have the privileges of the most favored nation."

"In 1823, the United States set up a Monroe Doctrine and warned Europeans not to extend their systems in the Americas. Later, we extended its scope 2000 miles from our shores to the Hawaiian Islands. Yet, in 1898, we reached across the Pacific 7500 miles from our continental shores, and took possession of the Philippines."

#### WANTS TO GIVE SERVICE

Prof. Treat declared himself in favor of retaining the Philippines, "just so long as we can be of service to the Filipino peoples." But, if ever a war should occur in the Pacific, "the retention of the Philippines would not be worth the blood of a single American or Filipino soldier."

## Prince Takamatsu Will Set Sail For World Tour in Apr.

Special to The Japanese American News TOKYO, Nov. 23.—His Imperial Highness Prince Takamatsu, second brother of the Emperor, and his bride will leave Yokohama on the liner Kasushima Maru, April 21, 1930, for London. The Prince will convey Japan's thanks for the recent visit of the Duke of Gloucester to invest the Emperor with the Order of the Garter.

After the visit in London the Prince will proceed to other European countries in his official capacity, and not incognito as was planned originally.

Prince Takamatsu will stay in England for about a month, and then visit Italy, Belgium, Germany, Switzerland and other countries of Europe. A trip to Turkey is especially arranged, His Highness being the President of the Japan-Turkish Association. On his way home His Highness will visit America and stay there for a month. His Highness and His Consort will be accompanied on the tour by Mr. Ishikawa, an official in Prince Takamatsu's household, and a few other attendants.

How are you? I am just fine. Please excuse me for not writing for a long time.

I have not written since school started.

I am now eight years old and next month I'll be nine. Please may I have boys of eight or nine write to me?

Here is my joke: Farmer hollers to a salesman: "Hey!" Salesman: "All right. I'll bring some hay next time."

Your Club member, James Funamura, Rt. 1, Box 342, Acampo, California.

## Government Orders Use of Our Western Calendar

SHANGHAI, Nov. 23.—(UP)—Documents dated by China's old-style lunar calendar will not be valid after January 1, 1929, according to a mandate issued by the National Government.

It is hoped that if the government can compel business houses to follow the "foreign style calendar," the general public will follow. Previous efforts have met with scant success, and Chinese New Year was duly celebrated throughout the country this year in spite of official prohibitions.

## EVICTIION OF ARMS ENVOY IS DEMANDED

### Conservatives Launch Attack on Wakatsuki At Diet Mass Meet

Special to The Japanese American News TOKYO, Nov. 23.—It is reported from reliable sources today that the Conservative party, out to achieve a comeback at the coming general elections, will resort to bold tactics to further its end.

Rumors were current that a group of Privy Council members have allied themselves with the Conservatives for the purpose of striking at the Liberal party. Their first move will be to attack ex-Premier Reiji Wakatsuki, Japan's chief delegate to the forthcoming naval parity in London.

A move is on foot to dislodge Wakatsuki from the Japanese delegation on the ground that he should be held responsible for the huge bribe scandal which took place in one of the governmental departments while he was Premier in the former Liberal Cabinet. Sanjo Satake, vice minister of railway under him, was imprisoned a few days ago on the charge of having accepted bribes from the Echigo Railway company while he was an official of the government.

BRIBE CASE

All members of the House of Peers and the House of Commons met yesterday in a mass meeting to give support to the Japanese demands to be made at the London conference in January of next year. Japan has consistently advocated a 10-10-7 ratio in auxiliary naval crafts and a more radical reduction in cruisers than that contemplated by the Anglo-American understanding reached recently by Premier MacDonald and President Hoover.

CONFIDENCE LOST

At the Parliamentary mass meeting yesterday Conservatives introduced a resolution calling for the dismissal of Wakatsuki from the Japanese delegation. The Liberal walked out in a body.

Due these bickering and scandalous bribery disclosures involving both the conservative and the Liberal, opinions are expressed that the proletarian parties will receive a surprisingly large number of votes at the next election. The people seem to have lost confidence in the two major parties.

Southern California boasts of several skillful golfers. The new consul himself is able to hit between 90 and 100 with consistency, it is rumored here.

## Chinese Re-Entry Here Made Easier By Recent Ruling

The Chinese merchant who wishes to pay a visit to his native land will find the trip less irksome as the result of a ruling received from the state department by the foreign trade section of the local chamber of commerce.

According to C. B. Dodds, Washington representative of the San Francisco organization, the State Dept. has approved the suggestion of the Labour Department for pre-examination of Chinese merchants returning to their homeland.

In place of the old method of detaining returning Chinese on Angel Island for long periods of time until their right to re-enter the United States was established, the Chinese will be given an examination by immigration officials before their departure from this country and advised of their rights.
