PHILIPPINES ABSORBED IN ARM PARLEY

Proposal for Neutral Status Welcomed In Manila

MANILA, P. I., Feb. 14—(UPI)—The relation of the Philippine Islands to whatever treaty may be drafted at the London naval limitation of arms parley is proving a matter of absorbing interest in Manila.

The interest is due in main to the fortification clause of the Washington treaty which may be abrogated in the event Japan persists in its demand for a 10-10-7 ratio.

Filipinos are especially interested in the New York World's suggestion that the Philippines be given neutral status like that of Switzerland.

Several months ago Pedro Guevara, Philippine resident commissioner, cabled from Washington urging local leaders to send an observer to the London conference. His cable pointed out the remote possibility that the islands might soon win their independence with the necessity of the United States first negotiating treaties guaranteeing the islands neutrality.

The suggestion was scored locally. Now the Philippine Herald, admittedly Quezon's organ, deplores, "That the Philippines are being made an international football," and urges leaders to send a strong protest to Washington against "America's disposition to trade the welfare and safety of 13,000,000 Filipinos."

LOCAL GIRLS PLAN DRAMA

Dancing Playlet Will Be Given Tonight By Buddhists

Having completed a four-month dancing practice under Miss Thelma Olsen, a group of talented girls of the Soko Gakuen will produce a dancing playlet, "A Little Girl's Dream," on Saturday night, Feb. 15, in the auditorium of the Buddhist Temple on Pine street. The program starts at 8 p. m.

The play is being presented to the Japanese public in order to show the progress made by Miss Olsen's pupils in the art of dancing. None of the girls in the cast has had more than four months of coaching, but their rehearsals indicate that a genuine treat is in store for all those who attend this evening's performance.

All friends and the local public is invited to this affair. Among the girls taking leading roles are:

Misses Shizue Akabane, Grace Fujita, Kikuko Fujita, Fumiko Hayashi, Junko Hetani, Yuki Kando, Hatsuyo Kaneko, Kinako Okamura, Yukio Okamura, Yuri Ota, Itoko Tani, Miyoko Washizuka, Margaret Nakahara and Sadako Oka.

Question of Mexican Ban Is Discussed by Congress in Secret

Ford Wants Youth to Acquire Trade to Keep Him Active

Special To the Japanese American News
WASHINGTON, Feb. 13—Behind closed doors the House immigration committee has started writing its bill to restrict immigration from countries of the western hemisphere.

It is likely that the final draft will not contain the drastic provisions of the Box and Johnson bills, which would put Mexican immigration on a quota basis.

It is thought that a compromise will be reached where immigration quotas from Mexico, Canada, and other countries of this hemisphere will be comparatively large for the first year, with some provision to reduce them in succeeding years.

He said he would build a number of schools in various parts of the country and while he does not yet know their exact number or location, he said the nucleus would be the Edison Institute of Technology, founded last year at Dearborn, Mich., during the celebration of the golden anniversary of the electric light.

Ford said he believed every youth should learn a trade, to keep him active and out of trouble. He said that when students come out of school they should be in demand and not be shifted aimlessly.

The manufacturer said that when a young man goes to an employer and asks for a position, he should be proficient in some specific work, because he believes the mere statement that the boy is a graduate of a high school or a college is insufficient.
