NIPPON BALL NINE SCORES 2 VICTORIES

Wins from Alameda and Asahis on its Pacific Tour

Elated over their two victories over Japanese teams in the Bay region, the Kwansai University players from Japan left San Francisco early Monday morning for Southern California, where they were slated to play leading Japanese teams and American college nines in a series of baseball games.

The Japanese varsity won a close game on Saturday afternoon from the San Jose Asahis by 11 to 9 score at the Asahi ground on Sixth street, San Jose. Kojima and Kagayama formed the batteries for the Kwansai; Ichishita and Kawamoto defended the Garden City aggregation. On Sunday the Japanese collegians defeated the Alameda Taiiku boys by the decisive score of 8 to 2 at the A. T. K. ground in Alameda. In that game Kagayama of Kwansai scored a homer in the sixth canto with bases full. Kwansai's pitcher Kojima allowed only five scattered hits in the entire game.

Hanamura was the leading hitter for Alameda, connecting three out of five. Nogami, the A. T. K. short stop, also played a good game. Their batteries, Murashima and Kanazaki, gave way to Kitamura and Yuasa in the sixth inning.

The running score:
Kwansai 000 115 010—8
Alameda 010 000 001—2

The Showans of San Francisco experienced a defeat, 4 to 2, in a seven-inning preliminary game from the hands of the Oakland Merritts. George Oshikubo and Hachiro Yuasa pitched an excellent game, which was a tie up to the seventh inning, when Utsumi scored a homer. Onishi of Showa smashed a home run in the fourth inning. Benny Matsuda pitched up to the seventh, when Tad Nanbu replaced him. The Merritts are leading the Bay region league with two victories, while Alameda and Showa have each lost a game. San Jose has not yet played a conference game.

The 2 yen admission tickets sold for about 5 yen, so great was their demand.

Usuda Prepares for 8-Rnd. Bout Tonight With Louie O'Neill

The fans are stringing with the puncher in Wednesday night's main event contest at the National Hall arena, for they have installed Louie O'Neill a favorite to defeat Kintaro Usuda, the fast and clever Japanese welterweight, in their eight-round match.

O'Neill, the promising young brother of Frankie Stetson, has engaged in twenty-four contests, winning twenty-two of them by knockouts, and the fans probably figure that he will be able to catch the Japanese boy with one of his sleep-producers before the final round has been reached.

"Moose" Taussig, who handles Usuda, put the boy through five rounds of heavy sparring at his gymnasium Monday afternoon, and he wound up without drawing a long breath. "Moose" thinks his charge will hand O'Neill more gloves than he ever saw before and will romp home with the decision.

Auto Accident

Slight damages were inflicted when Frank Shirai crashed his car against an automobile parked on Clay street Monday. The parked auto was owned by R. F. Bunkley, 3866 Clay street. Shirai resides at 1824 1/2 Filbert street.

SCREEN AND EDUCATION

By GLENN FRANK
It has its sound-engineer.
It has its projectionist.
It has its laboratory man.
I consider it a very hopeful sign that a great university should frankly face the issue of bending to educational use the new instruments that the inventor throws on the study table of the teacher.

As I said some months ago in this column, educators have until now added new instruments without adapting them.

Will Harvard simply seek to add, to all that universities are now doing, another type of service—the silent and talking film?

There will be no great gain if we simply use the talking film to complicate further the processes of education and to pile still higher the bill the nation is footing for education.

The manufacture of educational films is a simple matter, but their wise use in schools and universities will call for a genuine educational statesmanship.
It includes experts with educational background for editorial and production phases of the work.

NAKATA WINS 1ST PRIZE IN FRESNO TILT
