JOHNSON WILL INTRODUCE MEASURE IN CONGRESS TO PUT JAPAN UNDER QUOTA

Leader of House Immigration Committee Believes Bill Can Be Passed by Congress and Put in Effect by July, 1931

By RETSU KIOSAWA NEW YORK, May 24—Congressman Albert Johnson of Washington told this correspondent that he expects to introduce his bill placing Japan under quota at the Congressional session next winter.

"Under such plans as I propose," he said, "there will be a yearly admittance of some 190 Japanese. I believe the bill will be approved and put into effect by July 1931."

"In this matter I have been advised by many friends returning from Japan, including Mr. Donovan of Bellingham and Mr. Griggs of Tacoma, both of whom strongly urged that Japan be placed under quota. Mr. Hanihara's speech in Tokyo also impressed me deeply."

WASHINGTON, May 23—Chairman Johnson of the House Immigration Committee announced today that he expected to propose an amendment to the immigration act to give Japan its proportionate quota of immigrants.

The Washington member announced his intention in a statement after reading an associated press dispatch from Tokyo reporting an address of Masanaga Hanihara, Japanese Ambassador to the United States in 1924, in which he broke a six-year silence on the immigration law excluding Japanese.

"In due time," Johnson said, "after certain immigration legislation has been disposed of, I expect to move for an amendment to the 1924 act that will give to Japan its proportionate quota."

"This should end the feeling that has existed in connection with that phase of the 1924 immigration act. I am of the opinion the House and Senate will accept the amendment."

The proposed amendment would give an immigration quota to Japan of about 180 a year, it is estimated by Labor Department officials.

The Japanese quota would be figured on the same basis as the quota of other nations under the 1924 act and the national origins provision, under which all immigration to this country is limited to about 150,000 a year.

MEETING PRO-JAPAN QUOTA Wash. Lumber Men Stir Trade Favorably

Special To The Japanese American News LOS ANGELES, May 24—The Seventeenth National Foreign Trade Convention, which convened here for three days beginning last Wednesday, enacted a final resolution which contains an item on immigration question that is regarded as an indirect gesture of friendship to Japan.

The resolution in part reads: "This National Foreign Trade Convention recognizes the fundamental facts that the only enduring basis for world trade is founded upon the principle of justice and fair play between nations and that international good-will can only be maintained through the development of friendship and mutual understanding."

"The Exclusion Act of 1924 is dealing the damaging blow upon the lumber industry of the Northwest. He urged the inclusion of Japan under the quota law."

The declaration is regarded as having been influenced in part by the stirring address delivered by J. J. Donovan, a Washington lumber magnate, who declared that the Japanese hostility engendered by the Exclusion Act of 1924 is dealing the damaging blow upon the lumber industry of the Northwest.

He urged the inclusion of Japan under the quota law.

Mystery Concerning Hara Kiri Unsolved TOKYO, May 24—Crazy, lovelorn, or dependent over results from the London Conference? MCCLATCHY GIVES VIEW ON ALIEN BAR

Says Johnson's Plan Was Rejected by 1924 Congress

V. S. McClatchy, secretary of the California Joint Immigration Committee, expressed surprise relative to the announcement made by Chairman Albert Johnson of the House Immigration Committee that he intends to submit an amendment to the immigration restriction act placing Japan under a quota.

"If the present plan is unjust, the responsibility lies with the naturalization law and not with the immigration act," ran the statement issued by the California Committee through Mr. McClatchy and James K. Fisk, chairman.

The statement follows: "The announced intention of Chairman Albert Johnson of the House Immigration Committee of Congress to offer in the near future an amendment to the immigration restriction act placing Japan under quota comes as a surprise to the California Joint Immigration Committee, which calls attention to the fact that such plan was carefully considered by Congress in 1924 and rejected."

The committee is also not advised as to whether Chairman Johnson intends to have the amendment apply only to Japanese or to all the Asiatic races now excluded as immigrants because they are ineligible to American citizenship.

"The attitude of the state organizations represented by the California Joint Committee—the American Legion, State Federation of Labor and Native Sons of the Golden West—has been consistently opposed to quota for any of the races ineligible to citizenship, the reason being that such quota would destroy the natural and consistent barrier erected in the 1924 act against entrance of the unassimilable colored races."

If the present plan is unjust, the responsibility lies with the naturalization law and not with the immigration act, since by making Japanese eligible for citizenship they would be admitted as immigrants automatically under the present immigration act.

"CONSISTENTLY OPPOSED" "The national organizations of the American Legion, American Federation of Labor and National Grange, which appeared before Congress in 1924 with the California State organizations named, to urge exclusion of all aliens ineligible to citizenship, have since consistently opposed any attempt to change the law in the regard referred to."

"Until the present policy is changed by those national and state organizations the California Joint Immigration Committee will act in accordance with the established policy."

CAR WRECKED IN SMASH-UP TRUCK TURNS TURTLE BUT DRIVER NOT HURT

Eijiro Teranishi, 47, proprietor of the Azumaya bean cake shop at 1636 Post street, is today serenely at work although he was the near victim of an automobile accident in which his truck overturned completely after smashing against a street car early Saturday morning.

The collision occurred about 4:40 o'clock at the corner of Geary and Buchanan streets, and the crash was heard several blocks away. Among those who rushed to the scene at the sound was Robert G. Love of 1335 Larkin Street, who being four blocks away at the moment of the smash-up.

"I left the Buchanan Garage and tried to cross Geary toward O'Farrell street," Teranishi said, "when the street car came speeding toward Fillmore, striking my truck in the rear."

He further declared that the car, rushing downhill, came upon him so quickly that he did not have time to evade it. The motorman gave no warning, he maintained.

Teranishi was treated at the Central Emergency Hospital for minor glass cuts on the back. The truck is a complete wreck, but is covered by insurance.

Labor Unions Waxing Stronger in Japan

SPECIAL TO THE JAPANESE AMERICAN NEWS TOKYO, May 24—In Japan labor unions and collective bargaining are as yet legally taboo. All plants have independent unions.

The new Labor Union Law is now in the process of being drafted by the Department of Home Affairs. The passage of this bill will mean that a national union of laborers will be possible, as well as a legalizing of strikes and collective bargaining.

The capitalists' organization called The National Union of Economic Groups is vigorously opposing the introduction of the new bill. However, Prem. Hamaguchi has already promised its introduction at the coming session of the Diet in December.

MAN SUIING SALV. ARMY Misappropriation of Funds Charged by Ex-Officer

Jintaro Onda, former officer of the Sacramento Japanese Salvation Army corps, filed suit with the clerk in the local Superior Court for the recovery of \$1765, alleged to have been placed in the keeping of Staff Captain Masauke Kobayashi, head of the local Japanese Salvation Army, and not returned.

Onda alleges that in 1925 he had entrusted in Kobayashi's keeping a bank note covering the specified amount. Later Kobayashi withdrew the money from the bank. But instead of returning it to Onda, he kept the money and gave in its stead a note of acknowledgement. Subsequently Onda demanded the money as he desired to return to Japan, but the demand was denied, the suit alleges.

Former Ambassador Here Breaks Long 1924 Ban Silence

SPECIAL TO THE JAPANESE AMERICAN NEWS TOKYO, May 24—Masanaga Hanihara, Japanese Ambassador to the United States in 1924, when Congress passed the immigration law excluding Japanese, today broke six years of silence regarding that incident with a dramatic speech at the wound inflicted remains unhealed.

Friendship once mended in this manner can with difficulty resume its wholesome growth unless some effective remedy is administered.

Hanihara's reference to immigration climaxed a speech in which he paid a tribute to Castle and sketched the recent history of Japanese-American relations. He described the exclusion incident as "the unhappy exception" in a generally smooth and friendly course.

"If the matter were left in the hands of the well-informed Government should not exercise its sovereign rights in regulating matters relating to its domestic affairs, as it is often represented to be. Rather it is a question of whether one people should treat another people sympathetically or unsympathetically, fairly or unfairly."

OUR SILENT REVOLUTION By GLENN FRANK ed all that.

"Mass production means production for the masses."

"Unless the masses can buy, mass production, with all its economics, can not go on."

"Therefore, mass production insists that the masses be equipped with buying power, and by the use of science in methods and in management has discovered how production may be so increased per man that these higher wages may be paid."

JUNIOR AND SENIOR CLUB

BIRTHDAYS—May 25th Giro Katakoka, Bessie Suzuki, John Agawa, Marjorie Yamamoto, Mary Korenaga; May 28th Miyo Matsuno.

I have been reading the "Junior and Senior Club" Section. I became very much interested in what the members have been doing so far. Just as I was thinking whether to join the Club or not, my friend Amy Tanaka advised me to join.

So will you please accept me as a new member of the "Senior Club." (Indeed we will! And we welcome you!—Obasan.)

I am fifteen years of age and my birthday is on August first. Amy told me that in order to join I had to describe some scenery. Although I'm not good at describing scenery, I shall just write a few lines. I hope it is all right.

(Any writing will do when you join, even merely a letter. But Amy was right. We do prefer some such thing as this. And yours is indeed "all right." Try doing more of it for us, please, or some other kind of writing.—Obasan.)
