56 ARE REPORTED DEAD IN SHIPWRECK, TOWN BURIED AS TYPHOON HITS KYUSHU

Nagasaki, Storm Center, Suffers Much Loss; Famous Hachiman Shrine Near Fukuoka Collapses, Train Wreck Kills 10

TOKYO, July 18.—(UP)—Kyushu, southernmost of the three principle islands of Japan, was today damaged by a typhoon that was sweeping over the island.

It was feared that several cities had suffered heavy property loss from the wind that struck with a cyclonic force. Nagasaki, with an estimated population of more than 150,000 persons, Kagoshima, Sasebo, and Tsushima were reported to have received the brunt of the typhoon.

Communication lines beyond the city of Moji have been completely cut off. The wind velocity was increasing as it passed Fusan.

In a train wreck at Kokura near Moji 10 persons were injured.

TOWN BURIED

NAGASAKI, July 18.—The fierce storm, which centered today in the vicinity of Nagasaki, was sweeping at an estimated velocity of ninety miles an hour toward Korea to the northwest. It was accompanied by torrential rains, which caused landslides. In one instance a village of 300 persons was reported buried. The wind slashed through the Loochoo Islands yesterday.

A report by the governor of Nagasaki prefecture to the home ministry today told of heavy loss of life among seafaring folk. Several boats, the governor said, sank in Nagasaki harbor and several bodies had been recovered. Many buildings were unroofed and many seriously damaged, including the prefectoral government headquarters.

BOATS SINKS

About 55 persons were reported to have perished when two small fishing boats sank, one off Katsurao and another off Shimoda, but messages did not say they were typhoon casualties.

With communication lines crippled, efforts to determine the extent of death and property damage made little headway.

The famous Hachiman shrine near Fukuoka collapsed after the first onslaught of the typhoon.

At Fukuoka, the Otomosho primary school was destroyed.

FAST WIND

TOKYO, July 18.—At a speed of 41-meter per second the winds which swept the Ryukyu Islands and the western part of the Kyushu district are now reported to be in Manchuria, devastating lands and causing much damage upon property and taking toll of more lives.

All communications and transportation between Shimonoseki and the southern part of Japan are stopped. It is reported that the telephone communication between Kamakura and Matsumoto is paralyzed. Eight members of the Nagoya Higher technical school mountain climbing party who met a fierce thunder storm last night on their way to the peak of the Yarigatake, returned to their homes this morning. No one was injured.

400 HOUSES DESTROYED

FUSAN, Korea, July 18.—More than 400 houses were destroyed and crops in surrounding territory laid waste by a typhoon which swept over Fusan today.

It was reported that southern Korea was devastated and that shipping was paralyzed.

Many of the smaller craft were sunk by the heavy seas caused by the typhoon and their crews were reported lost.

L. A. CITIZENS ENCOURAGED TO REGISTER

City Officials Make Plea to Japanese Americans

[Special to The Japanese American News] LOS ANGELES, July 18.—The announcement made a few days ago by the officials of the Los Angeles municipality urging Japanese American citizens in the state to register for the primaries by August 26, is regarded here by many as an indication of the growing importance of the New American votes in the local elections.

The message as expressed in the columns of the Los Angeles Japanese American News, follows:

"There are many Japanese who are citizens of California and entitled to all of the benefits of citizenship. One of the most important is the privilege of voting, for public officers.

"Those of the Japanese race who are living in Los Angeles county, as well as those of other parts of California who are citizens and eligible to vote, should not hesitate to exercise their rights and obligations to citizenship by taking part in electing public officers and participating in the election of public officers.

It is one of the very best ways for the Japanese to overcome whatever prejudices there may be against them and one of the surest ways of establishing the fact that they are patriotic and loyal Americans.

"In order to vote at the primaries on August 26 as well as in the November election it is necessary that every voter be registered and any Japanese who have not yet registered should do so immediately. Not only in the governor to be elected as well as other state officers, but judges of the courts, sheriffs, and public officials. In the selection of these officers the Japanese are deeply concerned."

"Our school let out May 29 so I think it's kind of funny to think that many club members still go to school. I am in the first year of high school. I have worked one month now but I play also. In the mornings I get up bright and early to play tennis for about three hours and at night I go swimming for one hour. Please don't think that I don't work at all because I do. I get up early and do the work, too. That is an ideal life, Yuri, with a good mixture of play and work." —Junior—

"Hello, members of the Junior and Senior club! I am so impatient to become a member of your club that I can't even write straight, so whenever reads my letter will have to excuse me. (It is beautifully written and Aunt Mia can read it perfectly, Yuri.) —Junior—

"Our club is a very interesting one and that is why I want to join. At first I thought it was a girl's club, but I found out it was for boys and girls both by reading that interesting boy's letter who started by making a radio announcement. (Yes, Yuri, this is a club for boys and girls and many boys write very interesting letters. In fact, Aunt Mia proudly feels that there are many geniuses among her nieces and nephews. Who knows? There might be future Kiplings and Tennysons among us!) I think the boys should write now that vacation is here. —Junior—

"Who is Aunt Mia or Obasan? Who will tell me the details of this club and why it is named Junior and Senior club? I want some members to tell me. I would ask Aunt Mia but I know she is very busy. (Aunt Mia would love to answer but perhaps this is a good chance for someone to start corresponding and tell you all about the club. She will tell you one thing, and that is

Misao Ishida of Rt. 1, Box 63, Hanford, Calif. is talking to us now.

"Will you allow me to write to this club Auntie? And will you please excuse me for delaying? I wrote to it a long time ago and then quit because I thought I was too old to join. It was a Junior section that I joined so please transfer me to the Senior section. I have been reading this Junior and Senior section for a long time and I think that it is very interesting. (Thank you, Misao.) —Junior—

"And, Auntie, I think having a big section with pictures and other things is very nice. I would like to send you mine but I've given away all mine and besides I haven't taken any recently. I will take one pretty soon and send you one." (Do send us one, Misao.) —Junior—

"Now, will you let Aunt Mia talk to you for a while and tell you about your beloved Obasan? Obasan of the Weekly, and your former Obasan of the News, is ill and confined at her home. I am sure that she will love to hear from you while she has to lie so still in bed. Won't you all write to her and help to cheer her and pass her time? Of course you will be glad to, I know. Obasan is not seriously ill but she will be for another ten days or so. So do write quickly, everybody. Send the letters to Aunt Mia and she will forward them to Obasan." —Junior—
