- 1. GANDHI
2. CAMELLIAS
3. LADIES AND GOWNS
4. ARE PRINCES HUMAN?

ACCORDING to a news report, the bespectacled little leader of India, Gandhi, was astonished today when informed of the plan to release him and has already made known that he would prefer remain a prisoner unless all those whom he calls his 'fellow martyrs' are liberated with him.

The camellias will soon be in full bloom in the Golden Gate park, someone tells us. Which reminds us of the gardens and hillsides of Japan where lovely camellias bloom in profusion.

THE society ladies in Bermuda are disappointed, so disappointed, because the Prince of Wales and his brother will not arrive there in time for a reception which was planned for them.

A Swedish prince seems about to be engaged to a girl without rank and immediately the court circles are emphatically denying the truth of the reports and every who else in the world who gets excited about it.
