WE READ the latest revised text of the Cable Act Amendment just now. We usually don't because we are ordinarily none the wiser for the reading—but what else can one do when one has to take down a transcript form the vice-consul himself?—We don't know anything about the Cable Act Amendment but we had a hazy notion that it had something to do with giving back citizenship to Oriental women citizens who had lost their citizenship upon marrying aliens. That was a good thing, we thought. But now, if we can read correctly, there seems to be a catch in this newly drafted form of the Amendment. And all the catch hinges upon a measly little clause which says, "Provided that any man or woman citizen who marries an alien ineligible to citizenship, shall cease to be a citizen of the United States."

"Ah's feel it gettin' wusser and wusser," as our friend down in Alabama used to say. Does all that mean that the poor second generation youths who marry women born in Japan will lose their citizenship until such time as they see fit to divorce their wives?—If so, the passage of this amendment will mean that a great many of our youths will lose their citizenship,—for who of us marries with the set intention of getting a divorce?

"Strain and gnar" and swallow a camel. That applies perfectly in this case.—Citizenship is a precious thing to women as well as to men and it is important that women be reinstated to their citizenship status upon obtaining a divorce from an alien husband.—BUT the regaining of citizenship by women is relatively unimportant compared to the losing of citizenship by a man marrying an alien woman.—We feel the girls bristling—and reason to explain.—Once born and educated an American, we are always Americans at heart in spite of all the red tape of laws and amendments. But in many practical business matters of life, it is often very important that a man has that stamp, or certificate, or whatever it is that makes us authentic, legal Americans. To most girls, especially after marriage

Complete Lineup for Japan's 130 Athletes for Olympics Announced

1932 Games Attended By Largest Number Nation Ever Sent

TOKYO, Jan. 30.—Japan will send about 130 athletes to the 10th world's Olympic Games, which will be held at Lake Placid and Los Angeles in 1932, according to the Japan Times, English daily publication printed in this city.

The winter sport events will be held at Lake Placid in February, and the track, swimming and other contests at Los Angeles in July and August.

In view of the great athletic progress which Japan has made in recent years and also of the fact that the expenses of sending athletes to the United States are far less than to Europe, Japan's Olympic contingent next year will be the largest since this country entered the International Games.

Japan will participate in three new events, soccer, hockey, and skating. In the last Olympics she took part in track, swimming, rowing, boxing, equestrian sports, and wrestling. Wrestling will be given up in 1932 on account of a lack of suitable candidates.

The prospective candidates for the 1932 Olympic team are as follows:

TRACK AND FIELD
Short distance—Yoshio, Aizawa, and divorce, it is not so necessary to be able to buy or lease lands, or carry on business activities as an American citizen. To be sure, there is the special case woman who works on the same plane as a man but we are considering the average.

Then, what do we gain by this proposed Amendment?—We gain for our women the right to regain their citizenship upon divorcing alien husbands, and in return,—our men lose their citizenship upon marrying women of alien birth.—An unfavorable balance, it seems to us.

Fowler YMA Take Snow Hike Sunday to Shaver Lake

(Special to Japanese American News)
FOWLER, Jan. 30.—Approximately 35 members of the Fowler Y.M.A. made a caravan of eight cars last Sunday and headed for Pine Ridge. Finding insufficient snow there, the group then proceeded to Shaver lake and enjoyed a day of frolic and fun on toboggans and skis.

An accident, however, seemed to have attenuated the high spirit of the group. The accident was a slight injury sustained by Takeo Fujikawa when he slipped on the smooth frozen surface of Shaver lake.

CHAPLIN REALIZES OLD DREAM OF SEEING JAPAN

PRES. SPROUL OF U. C. TO TALK AT BERKELEY MEET

BERKELEY, Jan. 30.—President Robert G. Sproul of the University of California will be the speaker at the Sunday evening devotional service of the Berkeley Fellowship this Sunday, February 1, at 6:15 p.m. The gathering will be held at the First Congregational church on Channing way and Dana street, and is held in conjunction with the Inter-church Council meeting.

The main speaker of the evening will speak on "Religion and Students." The public is welcome to attend the gathering.

Chaplin's destination will be Japan. He is scheduled to stay in New York a week. He will then proceed to Europe, from where he will head for Japan and arrive there just at the time when the Island Empire is at the peak of its beauty— with green mountains, blue skies, and cherry blossom. It will be spring-time in Japan, and he will then have made the dream of long years in spring time has been his dream and he had planned for it many times in the past.

Chaplin is scheduled to appear in person tonight at the new Los Angeles theater where his recent production, "City Lights," will be shown for the first time.

RECEIVES "JIMBAORI"
Charlie Chaplin received a "Jimbaori" coat Tuesday night presented by a little Osaka boy, Tsuneo Hachiya. Tsuneo called upon the actor at his studio and gave the coat he brought from Japan.

The movie actor was seemingly moved by the presentation of the gift. He patted the boy's shoulder and thanked him with exceeding gladness.

Latest Text of Cable Act Amendment May Be Blow to Men Citizens

Citizens' League Calls Special Meet on New Amendment

LEAGUE HAS NEW LEADER

Newcastle Citizens Hold Elections; Plan Picnic

(Special to Japanese American News)
NEWCASTLE, Jan. 30.—With a large body of Japanese citizens of this locality attendin, the first general meeting of the Japanese American Citizens' League of Placer county since its organization last spring was held in the offices of the Japanese Association of Placer Tuesday night. Former President Thomas Yego presided over the meeting.

Sam Sunada was elected president of the league during the general meeting. He will be assisted in his administration of league affairs by the following newly chosen group of the cabinet:

Thomas M. Yego, vice-president; Kay Takemoto, English recording secretary; Tadao Nakamoto, Japanese recording secretary; Peter Omachi, corresponding secretary; Tom Matsumoto, treasurer; and Clifford Yamada, social and literary chairman.

The league decided to take a census of the potential Japanese voters for the 1932 presidential election in this locality. A committee was appointed for this work, and they are to make a house-to-house canvass of every Japanese home in Placer county.

To usher in the social activities of this locality, the citizens will hold an important social get-together some time in the spring when the local fruit orchards are in full bloom. The picnic will be held at the home of Uchi Sunada.

Members decided to print the league's own stationary and also to have more publicity for the organization in the Japanese papers so that the existence of the league is more recognized by the older members of the Japanese community.

The new president, Sam Sunada, is well known here for his activities in local athletic circles, and is the chairman of the troop committee of the Boy Scouts troop 23. He is also a successful young orchardist. After the adjournment of the meeting, the members and guests enjoyed social hour.

Revised Act Involves Citizenship of Males, Also

The latest revised Cable Act Amendment text now being presented in Congress was received by the local Consulate General's office recently and suddenly and immediately quenched the enthusiasm which had been roused among the Japanese, especially among the young Japanese citizens, for the amendment.

The latest wording of the amendment would take away citizenship from American men and women citizens upon their marriage to persons non-eligible to citizenship, making it possible for them to regain citizenship upon termination of their marital status. As it read in its former draft, Section Three of the Amendment stated that the law would restore American citizenship to Japanese women born in this country who had married aliens, providing they followed the procedure set down by Section Four of the Amendment. No mentions was made of men.

According to the opinion of leaders among the Citizens' League and other quarters, the new text's provision would make matters worse than before since it would take away citizenship from American born who married women of Japanese birth. The newly revised text of Section 3 of the Cable Act Amendment reads as follows:

REVISED TEXT

"Women citizens of the United States shall not cease to be citizens of the United States by reason of marriage; after this section as amended takes effect. Provided, that any man or woman citizen who marries an alien ineligible to citizenship shall cease to be a citizen of the United States, but at the termination of said marital status shall resume his or her U. S. citizenship in the manner prescribed in Section 4 of such act of September 22, 1922 as amended, and if such men or women were citizens of the United States at birth, his or her race shall not preclude the resumption hereunder of his or her United States citizenship.

"Any woman who has ceased to be a citizen of the United States by reason of residence in a foreign country or countries after being married to an alien may likewise resume her United States citizenship in the manner prescribed by Section 4 of such act of September 22, 1922 as amended.

"Provision of such act of September 22, 1922 as amended for the resumption of citizenship shall not apply to any woman whose United States citizenship originated solely by reason of her marriage to a citizen of the United States.

"Section 2, Section 5 of such act of September 22, 1922 is amended to read as follows.
"Section 5. That no person whose husband or wife is not eligible to citizenship shall be naturalized during the continuation of the marital status."

'Cause with your help I'll just try an' try.

Big Brother sends best regards to Little Brother, Only Me, and the Explorer.

The poem by Big Brother sounds awfully romantic, did you say? There is a lovely story behind it, dears, of suffering and misery and big brotherly sympathy, understanding and comfort,—if that is what you mean by romantic.

And now, shall we welcome more new members into club? Here is Alice Ouye of P. O. Box 381, Lodi, Calif., and she is introducing a new member to the club. This is what Alice writes:

"Auntie, I haven't written for a long time but I hope you haven't forgotten me. (No, of course not!) When auntie was going over the club lists in making out our New Year issue with all our names, auntie came across your card and wondered why you had not written.

"I have a dear friend who would like to join but she was too bashful to write so I am writing for her. Her name is Hanako Saito and her address is P. O. Box 97, Acampo, Calif. She is 15 years old and she is in the 8th grades. Please, dear members, you will write to her, won't you? She is so lonesome that I wish members would write to her and cheer her up. I would like to hear from more members, too.

(Thank you, Alice. Welcome into our club, Hanako-san. Please don't be bashful anymore. We won't bite and we won't tease, we promise, so won't you write to us next time? Please do. If you think that you cannot write a letter just imagine that you are coming to talk with us and put down what you would say in a simple chat on paper. Isn't that easy? Of course!)

Here is Hatsuho Mary Shinji of Box 1004, Yuleta, Texas. (Auntie is so glad that she does not have to pronounce the name of that town aloud, 'cause she doesn't have the slightest idea in the world as to how it's pronounced. Do you? Well, anyway, here is Hatsuho's letter.

"Dear Auntie, may I be one of your nieces? I wanted to join since last year but every time I started to I got puzzled. (What were you so puzzled about, Hatsuho? Did auntie sound like a puzzle some-times? Tell auntie whenever she does that, won't you members, and she will try to talk coherently. Sometimes she gets so enthusiastic that she cannot write straight. Anyway, welcome into our family, Hatsuho. Come and laugh and chat with us.)

"I live about 37 miles from Yuki Yabamoto's home and 1 miles from El Paso, Texas. I was 12 on January 27. Please tell members to write to me." Hatsuho sends some jokes but we have no room for them today. We will print them in tomorrow's paper, shall we?
And now, let's say 'bye before the end of the column stops us.—'Bye, everybody.
Auntie Mia.
