PEACE APPEARS NEARER AS GEN. MA CONSENTS TO CESSATION OF WARFARE

Agreement Reported Reached by Japanese and Chinese Pressages Better Condition In War-torn Northern Manchuria

TOKYO, Nov. 11.—Exactly 13 years after the world war armistice, another important peace truce was reported today in advices from Manchuria. The Manchurian General, Ma Chan Shan, whose activities against the Japanese troops have threatened the most serious conflict of the present Far Eastern crisis, was said to have pledged himself to cease all warlike activities. While there has never been any declaration of war between Japanese and Chinese forces, the possibility of a cessation of hostilities in the most threatened area of Manchuria was considered encouraging to efforts for a permanent peace settlement.

By MILES W. VAUGHN (United Press Staff Correspondent) TOKYO, Nov. 11.—Threats of renewed fighting in the Nonni River valley of Manchuria have been dissipated today by a conference of Japanese representatives with Gen. Ma Chan Shan, commander of Chinese forces in Hei Lung Kiang province. While a heavy force of Chinese troops were digging trenches with apparent intentions to attack the Japanese, the Tokyo envoys prevailed upon Gen. Ma to pledge himself against further warlike activities. Japanese Consul Aida advices received here said that the meeting of Japanese Consul Shimidzu and Mayor Hayashi with Gen. Ma took place at Tsitsihar, largest city in Hei Lung Kiang province and Hayashi asked general to withdraw his troops and refrain from again attacking the Nonni River bridge. The Tokyo government was informed that Gen. Ma had complied. With at least a temporary cessation of hostilities reached, the Manchurian situation grew more quiet and the fears of the Japanese commanders gave way to hopes for a truce. Gen. Ma withdrew to Anganchi after his defeat by an inferior Japanese force at the Nonni River bridge last week, and now has an army of 20,000 men concentrated there.

Seek Railroad Safety Japanese continued with their negotiations with Gen. Ma with a view to assure the safety of the Nonni railway, which runs over the Nonni. The bridge was wrecked by Japanese airplane bombs which were dropped when Chinese troops assertedly fired on the aviators while repairing the bridge, some 600 Japanese were attacked by Gen. Ma's soldiers. The Chinese were repulsed when Japanese reinforcements arrived after three days of fighting. Foreign Minister Shidehara formally denied today a report from Tientsin that Japanese had engaged in a two hour battle with Chinese earlier this morning. Baron Sidehara said that Japanese troops positively were not engaged.

JAPANESE TO RETIRE FORCE FROM NORTH

Would Come Within Time Limit Set by League Council

By D. C. BESS (United Press Staff Correspondent) MUKDEN, Nov. 11.—The Japanese military announced today the possibility of withdrawing their Nonni River expedition within four days. Such withdrawal would end the grave threat of war in northern Manchuria, close to the sphere of Russian influence, where a force estimated at close to 12,000 Chinese has been opposing some 2,000 Japanese. The Japanese announced the withdrawal might be effected after repair of the Nonni bridge, recently destroyed, but emphasized that the expedition would be sent back if the Chinese again destroy the bridge or interfere with traffic.

International Police To Patrol Manchuria To Protect Japanese

By HENRY WOOD (United Press Staff Correspondent) GENEVA, Nov. 11.—An international police force to maintain order in Manchuria may be considered at next Monday's meeting of the League of Nations council, League circles said today. Such a force could be used to protect the Japanese-owned South Manchuria railway only if Japan consented, which is unlikely, but with China's consent, which is probable, it could be used to protect the lives and property of Japanese nationals in Manchuria. That would make possible the withdrawal of Japanese troops into the railway zone. Foreign concessions were endangered. Japanese soldiers in armored cars dashed into the Chinese districts four times during the fighting. French troops were on guard at the borders of their colony. Hundreds of shots were fired. From Trench Mortars The shells were alleged to have been fired from trench mortars in the Japanese concession, from which the Chinese districts were shelled Monday at dawn. But confusion made it difficult to fix the origin of the bombardment, which occurred at 2 a. m. The city had been quiet for 24 hours, with Chinese police apparently in control again. The mobs of disbanded Chinese soldiers which began disturbances Monday were threatening, however. Last night police were hard pressed. The Japanese garrison ordered Japanese residing in exposed districts to move into the heart of the concession for protection. Other foreign concessions took precaution. Chinese refugees sought protection within their boundaries. Rebels Assailed At 9 p. m. the soldiers, described as rebels, seeking to seize the Tientsin garrison, began assembling in groups of 30 to 50 and police were unable to disperse them. They invaded the 300 yard neutral zone which had been declared around the Japanese concession and began firing. The Japanese returned the fire for hours. After midnight the situation grew steadily worse and at 2 a. m. the rebel bands stormed Nankai university, a Chinese institution, on the border of the Japanese concession. Simultaneously, the girls' school and mission were struck by shells.

YMCA Irish, Nissei Are to Clash Sunday

BERKELEY, Nov. 11.—Oakland Tech Field will be the scene of the traditional clash between the YMCA Irish and the Berkeley Nissei this Sunday. The kickoff is slated for 2 p. m. Both teams are out to avenge their score game of last year when the game ended in a deadlock of 6-6. The Nissei lineup will be greatly bolstered by the return of Kawashima, erstwhile UC Student club flash. The San Francisco aggregation will start with the same lineup that has decided the UC team and the Showa Jrs. The outcome of the game is extremely doubtful in that comparative scores mean nothing to the two teams involved. The Nisseis, still smarting from the trouncing administered them by the Alameda Mudhens, will endeavor to "take it out" on the Y team, while on the other hand, the Irish will attempt to continue their unbroken string of victories. The probable lineup for the Irish will be as follows: Abe, Sakai, end; Madokoro, Watanabe, tackle; Babs, Iino, guard; Yamasaki, center; Ichijima, quarter; Shiozaki, Abiko, half and Kaneko full.

NATION WIDE STRIKE IS ON OPERATORS, AND STAGE HANDS IN THEATRES TO QUIT WORK

LOS ANGELES, Nov. 11.—Hundreds of thousands of theatre-goers throughout the country will find their film visits seriously curtailed if projectionists employed by more than 800 Fox theatres carry out an order to strike Friday Nov. 13. An order to strike was issued yesterday by William F. Canavan, president of the international alliance of theatre and stage hand employees and motion picture operators. Whether the theatres would be entirely closed, or operated by non-union labor, was not announced by officials of the Fox companies, who declined to comment on the move. It was indicated that an answer to the strike order might be made today. Asserted bombings of union-operated theatres and union headquarters in Kansas City, plus an alleged conspiracy to lockout operators, intimidate local officials and employment of gunmen and thugs was blamed for the strike order by M. J. Sand, secretary of the Los Angeles local. "The strike was called because of conspiracy on the part of the Fox-West Coast theatres," said Sand. "The conspiracy has been furthered by authorized representatives of the theatre chain through payment of money. Not only were workers locked out, but the home of International Representative Croft in Kansas City, and the Kansas City union offices were dynamited by employed thugs." Refusal of the union to sign a new contract with the chain, which provided the lay-off of half the operating force, leaving only one man in a booth, was understood to have been the direct cause of the asserted lockout and resultant strike order.

PACER WINS OVER SACTOS' THREE TEAMS

PENRYN, Nov. 11.—The Placer Green Devils outclassed the invading Sacramento Wakabas 27-16 last Saturday evening to pass their first milestone in quest of the Normal YWBA championship title in the A division. However, the last half saw the Placer court team led by Kawada and Ichikawa hitting on all five cylinders to take the lead shortly after the half time rest. From that point on they never relinquished the lead; it seemed it was just a question of how many baskets. The lineup follows: PLACER (27) SACTO (16) Yamada (2) rf Uchida (1) Taketa (3) rf Kawachui (4) Yoshida (5) c Kutanami (4) Kawada (7) lf Tanaka (5) Nakada Kihara Ichikawa (6) rg Shimamura (2) Tokutomi (2) lg Placer subs: Shimizu (2), Nakada, Miyakawa. Sacto subs: Nakagawa, Matsumoto. Paced by Captain Suzuki, Placer's little Green and White team annexed their second league game at the expense of Yakaba lightweight by 29-10. After a close first quarter, Placer Bees went on a rampage and scored basket after basket to lead 19 to 4 at half time. Placer finding little opposition in the last half literally coasted in to victory. Suzuki and Yamada scored 10 and 9 points respectively for Placer while Sacramento put on close guarding defensive game. Inna got three points to lead the capital city aggregation. Placer Sextet Wins Placer Shoji-Kwai sextet surprised everybody by nosing out the Sacramento Reijos 10 to 6. Misuno Kawada and Mildred Suzuki scored 6 and 4 points respectively to account for all of sextet's points. Masako Ogino and Hana Kato played well for the capital city Reijos. Referee Farrell Wrenn handled both A and B games in his usual competent manner.

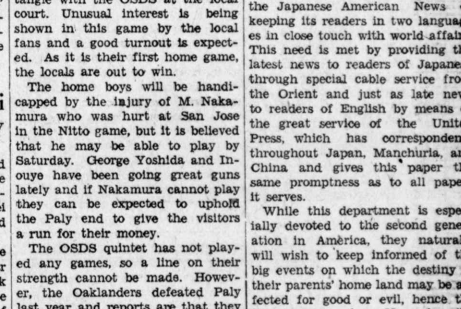

News in Close Touch With World Events

The difficult role is imposed on the Japanese American News of keeping its readers in two languages in close touch with world affairs. This need is met by providing the latest news to readers of Japanese through special cable service from the Orient and just as late news to readers of English by means of the great service of the United Press, which has correspondents throughout Japan, Manchuria, and China and gives this paper the same promptness as to all papers it serves. While this department is especially devoted to the second generation in America, they naturally will wish to keep informed of the big events on which the destiny of their parents' home land may be affected for good or evil, hence the Japanese American News in the English department is giving a good deal of attention to the Manchurian situation.
