Renting of Homes To Japanese in Sunset Flayed

Under the screaming headline, "Orientals Are Invading Sunset District," the Sunset Courier carried a strongly anti-Japanese story to keep the Japanese out of the Sunset district of this city in a recent issue of the paper.

The editorial reads in part: "The Japs are coming to Sunset and there seems to be no way to stop them."

"The stratagem points is apparently to rent homes to two families in one house and another family across the street."

"Unless property owners and realtors can be persuaded to use 'house' judgments in the matter of renting, Sunset will soon become a second Filmore district."

"While we hold no particular grudge against the Japanese as a race, or a citizen, there seems to be an aversion on the part of the Caucasian to living next door to a Japanese family."

"Sunset is, and always has been, considered a strictly high class residence district."

"It should be kept sacred from the treads of Japanese. If we are to maintain the high standard of property values."

"Stand Against Japanese"

"It is deplorable that renters will allow the conditions that exist in the Filmore district to prevail here."

"No one cares to have property idle, but cheaper rent to white families over a period of years, should be preferable to a high rent to Japs for a month or so."

"It is high time we had a civic organization with the intestinal fortitude to make more than a Chinese stand against the invading Japanese, and their neighbors, the blacks."

SAN JOSE, Mar. 17.—Nitto and the Bussel fives are tapering off in their training for the Garden city cage championship tilt to be played at the local high school gym on Friday, Mar. 18.

The preliminary game between the Nitto seconds and the Bussel reserves starts at 7:30. No admission will be charged.

100,000 MASS FOR ATTACK ON JAPANESE

China Soldiers March From 3 Directions For Mukden

SHANGHAI, Friday, Mar. 18.—Reports from Manchuria to the Kuo-min (Chinese) News Agency today said 100,000 Chinese volunteers were marching on Mukden from three directions, destroying the flag of the new Manchurian state at all the villages along the way and hoisting in its place the Chinese Imperial emblem.

The Japanese garrison at Mukden informed of this advance, mounted guns in the outskirts of the city and stood by.

SHANGHAI, Mar. 17 (U.P.)—Efforts to establish a complete truce between Chinese and Japanese forces in the Shanghai area were delayed and confused today after submission of a three-point program to the Nanking and Tokyo governments.

Nanking was annoyed by alteration of the original program when it was submitted to Tokyo.

The Japanese position was not determined.

Shigemitsu Delay

Minister Mamoru Shigemitsu said telegraphic obstruction delayed expression of his government's attitude.

A meeting scheduled between Shigemitsu and Chu Tai Chi, of the Chinese foreign office, was postponed awaiting the Japanese reply.

The two representatives had met with the British Minister Sir Miles Lampson and drawn up a draft program on the following three points which were submitted to Nanking and Tokyo:

Chinese troops were to hold their present position, not advancing to the International Settlement.

Japanese troops were to be withdrawn into the Settlement providing that a few be left outside the boundaries, due to their large number, until they could be placed inside.
