Noted Cartoonist Sails on Chichibu For Japan to Study Types for Subjects

Captain Arakida, one of those English university N.Y.K. skippers, took the big motor liner Chichibu Maru out for the Orient via Honolulu at noon Thursday.

JUNIOR AND SENIOR CLUB

I wish to extend my hearty welcome to our 88th member from Berkeley. She wishes to go under the name baby sister—now don't faint. One of the two peas in a pod—Concey and Denoey of Berkeley. Concey wrote this nice letter:

"Dear Auntie, I wish to tell you a little about myself. (Do Concey, so that we will feel friendlier to you because we know more about you.)

"Well, I am 13 years old. I came from Japan 6 years ago. It was very strange at first because I could not speak English. Some how I learned how to speak it.

(Well I think you have done very well to be able to speak English in six years. I can imagine how you felt when you first came to this country, because I had the same experience.) I am in the 8th grade and go to the Junior high school. I have eight brothers and one baby sister—now don't faint. Auntie. (Not at all Concey. Instead I rather envy you for having so many in your family. I was the only member in my family and felt rather lonesome when I was around your age and I have a brother in Japan.) My hobby is to read books.

Auntie dear, please tell my club cousins to write to me. My address is 1614 Oregon st., Berkeley, Calif. (I'm sure you'll make a nice pen pal within a short time. Write to us again.) Deney will write to you soon. I hope so, Concey.)

Another "two peas in a pod," P. O. and K. K. F. wish to become non-de-pumers.

"We are two good friends who wish to write to the club under the names of "Lady Moon" and "Starlight." We hail from sunny Calif., the land of Golden Poppies. Both of us are in our teens and "Lady Moon" attends grammar school while Starlight goes to H. Since we are very good friends you may think we live quite near but about 70 miles or more lie between us. One of us resides nearer to the mountains the other closer to the ocean, but nothing can hinder our friendship.

We assure that each and every one who joins this club can find happiness and true friendship by correspondence. We read in a magazine a poem called "Friendship" which starts out like this:

"Friendship's chain is one that's golden, And each day should stronger grow."
